DRAMATIC CLUB WILL PRESENT "PROFESSOR PEPP"

PROCEEDS ARE TO BE DEVOTED TO ISSUING HIGH SCHOOL ANNUAL

CLUB'S INITIAL OFFERING OF SEASON

Days Given by Tillamook School Dramatic Club in Former Years Successful

Next Friday, December 8th, the offering of the Tillamook High School Dramatic Club will be presented at the gymnasium. This will be a comedy, entitled, "Professor Pepp" and will be staged under the direction of Mrs. Flora Heyd. Under show direction a number of very successful plays were given by the Dramatic Club last year. This performance will be in the nature of a benefit, as the proceeds are to go to help publish the High School Annual. "Some kind of a year book has come to be a recognized feature of the school life in most schools and colleges. It serves as a pictorial record of a busy school year and a book which each student will cherish increasingly as time goes by, and as he comes to realize that his school days are the happiest days of his life.

The staff of this year's annual are trying to turn out a volume which will be a credit to the school from a literary and artistic view point, as well as being a valuable memento of the school year. They hope to bring out a publication which will compare favorably with those of other high schools throughout the state. The local merchants have been generous in taking advertising space; but with the present high cost of printing and engraving, no annual can be gotten out in a school of this size if the only funds available are the proceeds from the advertisements and the sale of books. Therefore the staff are hoping that the benefit performance will net them a substantial sum.

The play selected, "Professor Pepp," is a rollicking comedy and the characters are unusually well selected for their parts. The following synopsis indicates the opportunity for humorous situations. Professor Pepp, a nervous wreck lately returned from Russia, is in deadly fear of a nihilist organization that he thinks is pursuing him. Complications arise thru the love affairs of his ward, Betty Gardner, and Howard Green, a young auto salesman.

The arrival of an old friend of the Professor, C. B. Buttonbuster, disguised as a young man, and the effort of Slim Beatty, the marshall, and Petunia Muggins, the servant, afford many pure comedy situations, which are sure to keep the audience in an uproar of laughter. The march of Aunt Minerva Boulter, a nagging housekeeper for a last actor adds to the excitement. Those who have seen the Tillamook High School Dramatic Club play in the past will not want to miss this one.

STUMP BURNING DEMONSTRATION DEC. 16 AND 23

LOCATION FOR DEMONSTRATION OF NEW PROCESS TO BE ANNOUNCED LATER

PRACTICAL LESSON IN LAND CLEARING

County Agent W. D. Pine Will Have Charge of the Demonstration

On the 16th and 23rd of this month a stump burning demonstration will take place somewhere in the vicinity of this city which will be witnessed by local farmers and others interested in stump land clearing. George W. Kable of the Oregon Agricultural College staff will be in the city next Tuesday to select a location for the demonstration. This location will be announced later.

Clearing lands of stumps has been one of the problems of settlers of the Northwest for many years and many methods have been evolved. Some were more or less practical but all had faults. Mr. Kable will attempt to demonstrate a method by which this waste can be disposed of in a practical and economical manner. It is not known yet just what success this new method will have with the spruce stumps so common in this region. If these can be burned by Mr. Kable's method it is considered that much of what is now waste land in Tillamook county can be made valuable. It is estimated that it will cost from \$1.50 to \$2.00 to burn one of the larger stumps. Mr. Kable promises that he can burn the roots below the plowing depth.

When the demonstration takes place there will be stumps in various stages of combustion; from starting to nearly burned. This method will be tried out on a representative piece of stump land.

W. D. Pine, county agent, is in possession of full particulars concerning the demonstration, and will have charge of the affair.

THANKSGIVING IN TILLAMOOK

In spite of the good weather that broke into rain yesterday many people felt thankful that it was not worse.

The holiday went off quietly. Many people having gone out of town to be with relatives for the yearly feast. Many cases of sickness were reported but that did not seem to prevent nearly all from participating in the customary exercises of the elbow kind.

The high school team furnished the only excitement of the day when it beat a team from Company "K" by a score of 18-6. The crowd attending the game was not large on account of the weather. On Armistice Day the soldiers beat the high school and the students were thirsting for revenge yesterday, and got it.

A special Thanksgiving service was held by all the churches of the city at the Reformed church Thursday evening.

CLASSY PROGRAM AT UNION SCHOOL

It was on Nov. 29, at 2 P. M. that we met at the Union School house to hear the program of the small children at that place. And I am glad to say while being there our hearts were made to rejoice just to see the pretty faces of those little boys and girls with such talent and culture.

The recitations were just simply fine as well as the rest of it, the music charming us all the way through, both vocal and instrumental. The little boy presiding at the instrument was the younger honorable son of L. C. Peck. He trusts and think there is a day not very far away when these bright children will still be a greater light to the world.

The last two terms of this school has improved more than it ever had before. Miss Gray Light taught the school last year and Miss Susie Scott is the teacher this term. Both ladies have brought the school up to a high standing. This district should be proud of being able to get such competent teachers, and it is to be hoped that the directors will see to it that the children have such teachers as they have had the two last terms.

TWENTY-TWO DAYS REMAIN FOR YOUR XMAS SHOPPING

"SHOP EARLY" WILL BE POPULAR SLOGAN AT STORE FROM NOW ON

MERCHANTS HAVE FULL HOLIDAY LINES

Stores Will Remain Open Evenings For the Accommodation of Buying Public

"Shop early," is the slogan of the practical person who will make extra purchases for Christmas. It is just twenty-two more days that Tillamook people have to do their holiday shopping, for Christmas eve this year comes on Sunday and the 23rd of December will be the last buying date. The rural population, which does most of its shopping on Saturdays, will have four week ends in which to prepare for Christmas. Merchants are complaining this year that holiday goods are hard to get on account of delays caused by labor situations and other economic disturbances, consequently their stocks are going to be small and the late shopper may get left. This seems to be the condition everywhere.

Most of the local merchants now have all the stocks that they will receive for Christmas; and they have no assurance that they will receive anything more, even though only about half their orders are now filled. The outlook from the merchants point of view is far from pleasing.

Local stores will soon be open evenings so as to give the buying public a better chance to make selection.

Beginning next week the Headlight will tell the story of Christmas shopping through the advertising. Thrifty people looking for good buys will do well to peruse these columns carefully before selecting their holiday goods.
