

**PRODIGAL BENNY**  
The asinine individual who was ousted from the governor's chair by the people of this state at the November elections is now in the eastern states expounding his prowess in his native heath.

Ole-t evidently thinks that he is far enough away from home that people who are intimately acquainted with the details will not hear of his Boastful spellingbinding or his efforts to discredit Oregon to eastern people. However a press, more or less truthful, has printed his utterances and glib easterners may be led to believe some of them.

The defeated governor says that

the Ku Klux Klan is running hog wild in Oregon. He evidently gains this impression from his losing the election. His undeveloped mental machinery is unable to comprehend that Oregonians had had enough of him and were quite anxious to see someone else in the state house.

Oleott explains that the school bill is a curse to the state and that it was put over by the Ku Klux Klan and a small group of Scottish Rite Masons. He says that the Masonic lodge as a whole was not in favor of the bill. He plainly ignores the fact that the Masonic lodge has for years been trying to get such a measure passed and that the Supreme Council of the Scottish Rite at Washington, D. C. has been boosting for a compulsory school measure for some time before it was introduced in Oregon. He says that the bill was aimed at the Catholics and that it will eventually lead to civil war in this country if enforced.

Again, he appears to be ignorant of the fact that a large number of the votes in favor of the bill were placed by Catholics themselves, who thoroughly understood the measure and who realized its advantages. Either these things are unknown to the governor or he is brazenly lying about them to get his revenge upon Oregon for having turned him out. In any event he should be stopped for he goes to the eastern states as a representative of Oregon and his ravings may be taken seriously.

**NOTICE**  
NOTICE is hereby given that the regular annual stockholders' meeting of the Tillamook County Bank, will be held at its banking house in the city of Tillamook, State of Oregon, at the hour of 8 p. m. o'clock on Thursday, January 11, 1923.

The purpose for which this meeting is called is to elect a Board of Directors for the ensuing year and for the transaction of any other business that may properly be presented.

W. F. NICHOLS,  
Cashier.

It is no easy matter to prepare the county budget, and where to stop off unnecessary expenditures with the idea of reducing taxation. That is a task that the county court, with the assistance of the county commissioner-elect and advisory board, have been wrestling with for some days, with the result that quite a saving in taxation is made. It is to be hoped that this will satisfy the taxpayers of the county, for retrenchment will have to come about gradually and systematically.

Eugene Debs is just as much a traitor to the United States as he was during the war. And, probably, he always will be a traitor. It was a mistake when the government gave him his liberty.

Those who have been brought in contact with visitors the past few years are impressed with one thing. They all save Tillamook county great credit for good roads.

The Christmas spirit is manifest in all the schools of the county according to Superintendent Lamb. The pupils are very much interested in entering school programs and features of local programs.

Compared with other sections of Oregon, agricultural conditions in Tillamook county have been much better and more prosperous than other places. This shows the advantage of having a staple article that is nearly 100 per cent perfect, for high grade and purity. Tillamook county's famous cheese is a big factor in making the county prosperous.

**Eat, Drink and be Merry**

Around the festive board on Christmas day memories are molded for future years' reveries.

The Fatted Calf graced the feast centuries ago, in a parable we all know, but it wasn't original idea. Through all time, man has built traditions around a table of plenty. Your Christmas dinner should be a feast of good things—and most important should be your meats.

Nations of the world, each have their own tempting morsels. All except America—our own melting pot—where tastes and customs intermingle until selections include a varied choice unequalled.

Maybe a fowl—turkey, duck, goose or chicken. Maybe a sucking pig—or the old English feast piece, "a boar's head."

We have made a special effort this year to supply you with choice cuts of meat—no matter what your taste may be. And he prices—are reasonable.
