

AT THE CHURCHES

METHODIST
Special Revival services will begin at the church Sunday. Everybody is invited to attend as much as possible. Sunday morning subject: "Gleaning for God." In the evening the subject will be "The Attitude of God Honors."
Services every evening during the week at 7:30. Bring your friends and come to the services. If you can sing and love good singing come and join the choir. That is the way to use God's gift to you. If you are not satisfied with the life you are living let's see if there is not a better way. If your home is not what you would like it to be, let's see if there is not something wrong that can be righted. We are not here to hurt but to help. We shall pass this way but once. Come and worship with us.
SIMPSON HARKICK, Pastor.

REFORMED
Sunday School at 10 A. M.
Morning Worship at 11.
Subject: "The Joy of Finding Persons Lost."
Evening services at 8 o'clock.
Subject: "The Sources of Happiness."
A pageant will be given at this time by the Heidelberg League entitled "The Promise," an episode in the journey of youth. There will be special music both morning and evening by the choir and male quartette.
Come and worship with us.
W. G. LIENKAEMPER, Pastor.

Mrs. Forest Ayres, of Cloverdale, was shopping in the city Wednesday.

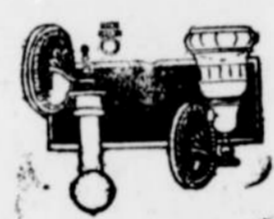

NEW ELECTRIC FIXTURES

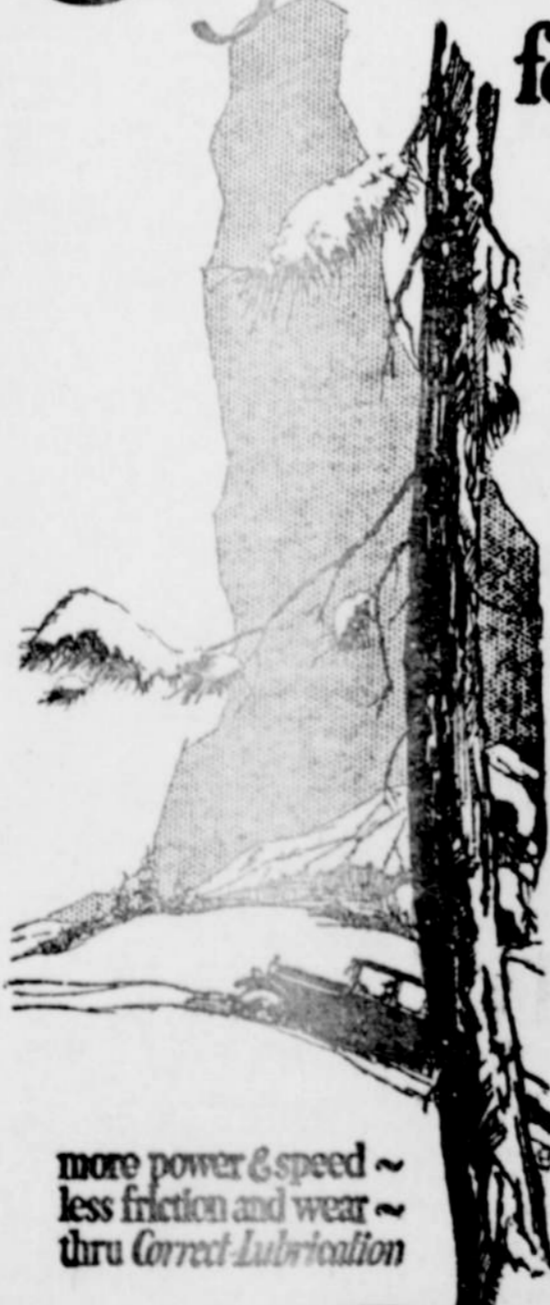

Our stock is continually changing and new models are coming in every few days.

We have some new designs we would like to show you.

COAST POWER COMPANY
The Electric Store

A flexible engine for Winter motoring

Your motor will start readily and operate flexibly, in winter, if you use an oil that stays fluid at low temperatures.

The battery troubles, worn bearings and scored cylinders, experienced in winter, are simply evidence that the motor is bound with congealed oil and deprived of lubrication.

Zerolene Stays Fluid in Winter

Zerolene No. 1, No. 3 and No. 5, which are good cold test oils, move freely in winter with the action of the motor. They give a continuous flow of lubricant of the proper "oiliness" to the pistons, connecting rods and crank-case shaft bearings, and save batteries.

For safe cold weather lubrication, consult the Zerolene Chart at garages and service stations.
