

University of Oregon, Eugene, March 27—(Special)—The average living expenses to a University of Oregon student is approximately \$60 per month, according to a recent survey made by the Oregon Daily Emerald, student daily paper. This sum is not paid by all the students in the university for there are some who pay less than this amount but these figures represent an approximate estimate of the general living expenses as obtained in the survey.

The general average for the living expenses in fraternities and sororities on the campus was found to be \$37.50 for the monthly board bill. To this sum are added incidentals such as laundry, fees, clothing and miscellaneous expenses amounting to at least \$22.50 per month. Living costs to residents of Friendly Hall, men's dormitory, are slightly lower but the majority of men not living in fraternities or the hall pay as much as do fraternity men.

THE FIRST CHRISTIAN CHURCH

Special Easter music and decorations. Morning subject is "The Resurrection." Text taken from 2nd Timothy 1-10.

The sermon Outline:

- Introduction.
1. The Resurrection a Prophecy in the Old Testament.
 1. In the patriarchal dispensation
 2. In the Jewish dispensation.
 2. The Resurrection a type of Christ's death.
 1. The Passover a type of Christ's death.
 2. Pentecost a type of Christ's Resurrection.
 3. The Resurrection a Fact in the New Testament.
 1. Jesus taught the resurrection
 2. Witnesses recorded the resurrection.
 3. Paul and the early Christians, also Christians today found their faith on the Resurrection of Jesus Christ from the grave.
- A brief outline of the Easter Sermon to be preached next Sunday morning, 11 a. m. at the First Christian church. A very cordial welcome extended to all.

CARD OF THANKS

We wish to thank our many friends for their kindness during the illness and death of our baby Fonte Marie, and also for the beautiful floral offerings.

Mr. and Mrs. Charles A. Brown

TO THE CITIZENS OF TILLAMOOK CITY

The season of the year is at hand when the annual tourist trade will be with us, and cognizant of this fact, it behoves us as citizens, to make our city as attractive as possible, by keeping the grass along our streets and on the vacant lots throughout the city mowed, our sidewalks in good repair, our fences neat and painted, our homes bright and clean, our alleyways and streets free from rubbish and filth.

As Mayor of your city, I proclaim that the week starting with April 9th and ending on April 14th, 1923, be hereby declared "Annual Cleanup Week" and respectfully solicit the support of the good people of this city in this movement to better the moral, social and sanitary conditions of this city. The City Dump located about three miles south of Tillamook is free to the people of this city, and the only requirements that are necessary for you to adhere to, is that you deposit nothing at this dump that is of a nature which would decay or rot, material of this kind should be burned or buried. Any of the citizens of this city who wish to have their rubbish removed to the dump during the Annual Cleanup Week will call up any of the transfer companies who will send their team and remove the rubbish at a very moderate charge.

Respectfully submitted, J. MERRELL SMITH, Mayor

NOTICE OF DOG TAX

This office has just received information from the Secretary of State that the license law on dogs is still in full force and effect. Failure to procure such a license subjects the owner to a fine. Make application to H. S. Brimhall, County Clerk.

CITY TIRE SHOP

Just a few tires and tubes on hand. Not all sizes. Supply future needs now.

OPPOSITE POST OFFICE

In LOS ANGELES it's

by 250%

On a busy Los Angeles street corner a checker stood and asked 150 passing motorists "Which gasoline do you use?" 63 answered "Red Crown," as against 18 for the next highest brand—a lead of 250%.

Because "Red Crown" is an all-refined gasoline every drop of which vaporizes rapidly and uniformly in the carburetor, and is completely consumed in the cylinders, giving quick starting, smooth acceleration and maximum mileage. "Red Crown" is the popular motor fuel everywhere.

How to Add Years to Your Life

Uncle Ben Says: One minute essay on health by H. L. Babb D. C.

"Nevvy, I see where some folks are worrying that long skirts will sweep the country again, and that's my notion of nothing to worry about."

The first essential is that you should appreciate that the body is essentially a machine, the bones and cartilage comprising the wearing parts, the mind the motor part and the nerves and tissues the parts expressing and distributing the power developed.

The main shaft of the body is the spine and it is fearfully and wonderfully made. Man carries his spine upright and this makes it subject to displacements and unless he is careful of the condition of his spine, never knows the health of less intelligent creatures of the earth. Chiropractic is a boon to man because it has made health possible where before it was impossible.

Chiropractic vertebral adjustments as given by this office have restored health in a number of cases in the past. The sufferers have been made well of diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels, and lower organs.

Your appointment can now be made by both phones.
