VOLUME 34; NUMBER 26

TILLAMOOK, OREGON, FRIDAY, APRIL 6, 1923

PRICE \$2.00 A YEAR

COUNTY FAIR EXHIBIT PLANNED BY SCHOOL

New School House Is To Be Dedicated With Exercises

MIAMI, GARIBALDI UNITE

Eighth Grade Examinations Will Be Held In The County May 10 And 11

By Co. Supt.'s Office.

Plans are completed for the local institute to be held at the Tillamook City High school on Saturday, April 21. Supt. J. A. Churchill will be present and will deliver two addresses to the teachers of the county. President J. S. Landers of the Oregon Normal school will be present and Supt. S. S. Duncan of Yamhill county to give an address in the forenoon and one in the afternoon. During the noon hour luncheon will be served by the teachers of Tillamook City.

All persons interested in the school are invited to attend any or all of these meetings.

The new Fairview school house will be dedicated with an appropriate program on Thursday evening at 8 o'clock on April 19th. Supt. J. A. Churchill will be present and deliver the address of dedication.

The spelling contests were participated in by more children than usual at this time. The results will be published next week.

It is expected that practically every school in the county will save some of its regular class work and put it neat and attractive shape to be exhibited at the County Fair this fall. Last year it will be remembered that we had the school exhibit under the new plan of arrangement and the exhibit was better than ever before. The plan was so successful that it is being carried out this year and has met the approval of many teachers.

At a meeting of the District Boundary Board last week School District No. 46 on the Miami and School District No. 14 at Garibaldi were consolidated. This is in line with the general trend of the times for the betterment of rural schools. Statistics in Oregon show that during the past year more schools were consolidated in the state than in the previous ten-year period.

The Bay City school board recently elected Mrs. Kathryn Durham principal of the school for the ensuing year and Mrs. Martin has been elected as High school assistant. Another High school teacher will be elected on the faculty later. Grade teachers elected were Leona Peregoy and Miss Agnes Coates leaving other grades to be filled.

The Nehalem High school board re-elected Miss Mary Stevenson as principal for the ensuing year and also the assistants.

The eighth grade examinations will be held on the 10th and 11th of May. It is expected that all eighth grade boys and girls will take the examination on those two days. Then it is planned to hold a general County Eighth Grade Commencement exercises at Tillamook about the 19th of May. It is planned to make this a banner day for the eighth grade graduates of the county. Exercises will be participated in by every school having eighth grade pupils and there will be at least one speaker of note from outside of the county to deliver the graduation address. Attendance on this occasion will not be required of course, but all boys and girls who

BIG SUPPLY OF EGGS PRODUCED IN COUNTY

For the first time in many years the merchants of this city are over supplied with eggs, produced locally. The logging camps and other users of large quantities have been able to get their supply locally. The prices of eggs in the city has been 20 cents for thirteen eggs.

FIRST HALF OF TAXES KEEPS SHERIFF BUSY

Entire Amount To Be Paid For First Half Of 1922 Expected To Reach \$350,000

The first half of the 1922 taxes is being paid into the sheriff's office, \$244,528.21 having been paid up to last night. The entire tax that has been collected since February 5, including back taxes amounts to \$254,058.32. It is expected that the entire first half of the 1922 taxes will amount to about \$350,000.

MC KINLEY HOUSE BURNED TO GROUND

The house of F. B. McKinley on his farm about two and one-half miles from this city was entirely consumed last Wednesday morning by fire. Mr. McKinley was at Netarts when the house burned and had not been near the place for several days. It is thought that the fire was incendiary.

GARIBALDI STUDENT WINS U. OF O. HONOR

Miss Beatrice Towers of Garibaldi has won honor prize at the University of Oregon in a sculpture contest recently held at that institution. Miss Towers, who is a junior in fine arts, was awarded first place last fall on another piece of work at the university.

WOMAN IS INSANE, TAKEN TO SALEM

Mary Olson was adjudged insane this week and was taken to the state asylum at Salem this morning. The woman formerly came from Portland and had no relatives here. She had worked for a dentist of this city some time.

MRS. HAWKINS DIES; BURIED IN INDIANA

Mrs. Russell Hawkins died at the family home at Idaville last Sunday night after an illness extending over several months. The body has been taken to Fort Wayne, Ind., where Mrs. Hawkins had relatives, for burial.

The Hawkins moved to Tillamook county from Portland several years ago where they had been interested in the lumbering industry. Mr. Hawkins is president of the Whitney company of Garibaldi.

The deceased is survived by her husband, her daughter Margaret and son Russell Jr. The family accompanied the body to Indiana.

ARMORY BILL SIGNED FOR AMOUNT \$20,000

The bills passed by the Oregon legislature at its last session appropriating money for the erection of a state armory for Tillamook has been signed by Governor Pierce and will soon become a law. The bill allows an appropriation of \$20,000 of state money for armory purposes providing the county will appropriate an equal amount. This the county has already done. Just when the work on this building will start is not known.

SCHRANZ CAR BURNS AND IS ENTIRE LOSS

A new automobile belonging to Peter Schranz, who lives near this city was burned early last Thursday morning, the garage in which it was stored being consumed also. No reason for the fire is known. Mr. Schranz had used the car the evening before to bring his children home from school. The car had just been purchased and there was no insurance on it.

Mr. and Mrs. Ralph Himes have rented their house on 2nd Ave. East to the Rale family and moved into the Wallace house on Sixth street.

CLUB ORGANIZATION OCCUPIES MONTH

Guernsey And Holstein Calf Clubs Getting Strong Enrollment

PRIZE MONEY DONATED

Sewing Clubs Expect To Complete Their Work Before The End Of School

By D. H. Kennedy Club Leader

Organization of calf, garden and poultry clubs has been the work for the month and also follow up work of Home Economics clubs with the aid of Miss Helen Cowgill, assistant state club leader.

The Calf club projects are progressing nicely, especially the Guernsey and Holstein clubs. These clubs will have a strong enrollment this year and with the support of the County Cattle association will probably make a much better showing than last year. The Guernsey club selected Mrs. Phillip Buslack as leader of the club and the cattle club voted \$25 to be given in cash prizes for the County Fair to Guernsey club winners. Mr. Ira Lance, president of the Guernsey Cattle club is offering \$10 special prizes on a showing contest open to Guernsey club members exhibiting at the County Fair.

The Tillamook Holstein association voted at least \$50 for the County Fair to be given in prizes for boys and girls club members exhibiting Holstein calves and are pushing the work with vigor. They have also offered a special prize of \$15 for a showing contest in which the members' ability to handle the calf and the condition of the calf is judged rather than all type. The members of the Tillamook Holstein Calf club elected Mrs. Hans Hansen as local leader and the Nehalem Holstein Calf club has chosen Andrew Lagier to act as local leader.

The Pleasant Valley Jersey Calf club has been organized and selected Mr. Albert Johnson to act as local leader. This is a new club just organized this year but is making a very strong start. The Tillamook Jersey Calf club has not been able to get together this year but it is hoped that they will elect officers and outline their program as soon as possible. Many of the last year's members have signed up and are carrying on the work but have not been able to get together. The Blaine district will have a calf club this year

SOPHMORE CLASS HOLDS ITS PICNIC

"When A Feller Needs A Friend" To Be Offered By High School Theatians

By High School Correspondent

Sophomore class held a weiner roast at Bester's Ford Friday evening. Toasting weiners and marshmallows around three bonfires were the chief attractions. Supt. Turnbull and wife and Miss Leora Phillip and the class sponsor, Miss Georgia Barry were the chaperones.

Committee responsible for the success of the picnic were: Catherine Smith, Flora Schild, Walter Severance, Marion Lamb, Wanda Haltom and Rowena Hanson.

Paul Sharpenerger from Independence High, entered T. H. S. last week.

Tickets for the Senior comedy "When a Feller Needs a Friend" are on sale at Koch's drug store. They are selling fast.

Supt. Turnbull left Monday for Spokane to attend the "Inland Empire association of Superintendents." He is treasurer of this association. April 13, at T. H. S. Gym. I'll see you there!

LIBRARY BENEFITTED BY MANY NEW BOOKS

(By the Librarian)

The gift of 31 volumes of biographies given our library by Judge Wallace MacCamant has arrived and we are notified another volume will be sent entitled "Alexander Hamilton, the greatest American."

Late fiction has been added recently and a shipment of assorted books has arrived which will be added as fast as can be prepared.

This lot contains fiction and non-fiction of topics of interest to all classes of readers and lists will be on bulletin board as fast as books are ready for circulation. The collection has the best on gardening, carpentry, house plans, domestic science, child care, some business books, histories, etc. Look over the lists at library and see if there is any special book you are interested in reading.

The "House and Garden" and "International Book Review" are recent additions to magazines.

Suggestions for additions to books and magazines are always welcomed and will be acted upon as speedily as funds permit.

Do not forget the library aims to keep all its magazines on file and they must be handled with care when in circulation or the files will not be complete.

TILLAMOOK PORT GOES GLIMMERING

Local Interests Not Able To Make Use Of Present Bar Channel

ESTIMATE IS NOT MADE

Appeals From Decision May Be Filed With Bureau At Washington, D. C.

So far as the federal government is concerned at least, the Port of Tillamook is a question of the past. The following communication was received from George Mayo, district engineer for this district, and explains the reasons for the refusal of the government authorities to consider the matter further at this time:

"It having come to the notice of the undersigned that you have expressed an interest in the pending proposition for the improvement of Tillamook river, Oregon, with a view to dredging an artificial basin at a proposed shipping point in the mouth of Tillamook river at the terminus of a paved road one and one-half miles from the town of Tillamook, and the improvement of the channel between this basin and the upper end of the 16 foot channel at Bay City, you are here by informed that the report thereon, authorized by the act of Congress approved September 22, 1922, has been made and is unfavorable to the improvement. The principal grounds upon which the adverse conclusions are based are:

"That the project desired is in the nature of a feeder for traffic from upper Tillamook bay into the existing project channel in the lower bay.

"That the interests desiring the improvement are not now able to participate in the use of a bar channel which on March 17, 1923 had a controlling depth of 19 feet at mean lower low water.

"That there is a prospective lumber commerce conservatively figured at 45,000 tons, together with possibly 5000 additional tons of general merchandise, awaiting the construction of the proposed improvement.

"That while the District Engineer is not justified in making an estimate of the proposed improvement in his preliminary examination, he has considered the tentative cost of the project based on the above probable prospective commerce. While there is a large saving to the shipper for lumber shipped direct from the mouth

LOCAL CIRCUIT COURT IS HELD EACH MONTH

New Arrangement Allows For Term Of Court In County Every Month

Judge George Bagley came to the city Monday and held the April term of circuit court, the most important part of which was the case of the state against O. T. Saltveit, who gave his name as Johnson when arrested. Saltveit was arrested some time ago for illegal possession of intoxicating liquor. The case resulted in a hung jury after it had been out for nearly twenty-four hours.

Arrangements have now been made whereby circuit court will be held in this county every month, opening the first Monday of the month. This is expected to clear away the cases in better shape than was formerly done.

NEW POWER PLANT TO OPERATE SOON

Officials of the Coast Power company are working in an attempt to get their new plant in operation and hope to have steam in the boilers next Sunday. It will probably be some time however before the plant can be put into operation. Fires have been kept in the furnaces for the past few days to dry the brickwork out. Night and day crews have been working on the place lately.

EVERYMAN'S CLASS ENTERS CONTEST

The Everyman's class has entered into a contest with the men's class of the Christian church at Milton, Ore which is to last through the month of April, beginning last Sunday. Each class, to begin with, had an enrollment of about seventy-five. This week the Tillamook class is ahead with 78 present, 66 on time and 12 new members, as against the Milton record of 59 present, 49 on time and 3 new members. At the close of the contest the losing side will donate \$20 to the Walla Walla Christian home for old people. The Everman's class meets each Sunday morning at the City Hall.

P. W. BARRETT DEAD; FUNERAL IS SATURDAY

P. W. Barrett, who was stricken by hemorrhage of the brain last Thursday night, died early Saturday morning after being taken to the Shearer-Merrick hospital. All hope had been given up for his recovery as soon as it was learned what his condition was. The funeral was held Saturday afternoon at the Henkle Undertaking chapel with Rev. S. Hamrick of the local Methodist church in charge. The body was taken to Portland for cremation Sunday.

PARENT - TEACHERS MEET MONDAY NIGHT

The Parent-Teacher association will hold their regular meeting next Monday evening in the high school auditorium at which time there will be an election of officers for the coming year.

Besides musical numbers there will be addresses by Dr. J. E. Shearer and C. W. Barriek. The newly elected officers will be seated the following meeting.

KU KLUX KLAN HEAD TO BE HERE SOON

Fred L. Gifford, Grand Dragon of the Ku Klux Klan of Oregon is scheduled to be in this city next Wednesday evening on business pertaining to that organization. He is expected to go to Wheeler the day following.

Dr. Robinson reports the birth of a daughter to Mr. and Mrs. J. L. Craven of Meda, March 23rd; a son to Mr. and Mrs. Charles G. Goeres Mar. 24th; a daughter to Mr. and Mrs. John H. Hoffman of Woods, March 23, 1923; a son to Mr. and Mrs. Wm. H. Gifford of Sandlake on March 30th.

CHEESE PRICE DROP INCREASES BUYING

Facilities For Handling Feed Expected To Be Improved Upon

IDAHO AND UTAH FELT

Association May Establish Hay And Grain Warehouse In South Of County

A reduction of three cents per lower prices and that purchases cheese followed the receipt of letters and telegrams from various buyers centers recently explaining market conditions. It is thought that cheese is now at rock bottom for the year, as the product is moving freely at the new price, San Francisco alone having taken 1,112 pounds the first day and Seattle and Tacoma a total of about 400 boxes.

Advises received indicate that buyers everywhere have been looking for lower prices and that purchasers were being made only in very limited quantities. This condition has applied not only to Tillamook cheese but other makes as well.

Idaho and Utah cheese is apparently making inroads into the markets of California and the Idaho, especially, is reported to be gaining in favor.

The foregoing is the burden of reports covering the cheese markets as made by Carl Haberlach, secretary, at the meeting of the board of directors of Tillamook County Creamery Assn., on Wednesday of this week. An article on the manufacture of various styles of loaf cheese by J. L. Kraft & Co., was also called to the attention of the directors. This concern which last year handled cheese valued at over twenty two millions of dollars, has been specializing in loaf cheese, practically one fourth of its output being of the loaf styles.

Tillamook factories are also being equipped to manufacture loaf cheese, some eighty cases per day being now made. This number will be increased in the near future when additional hoops will be received. Tillamook loaf cheese will differ from Kraft and other makes in that it will not be reworked after it has been originally manufactured. Under the Kraft process, cheese made at various places is melted, mixed and again pressed into any desired shape. Tillamook loaf is being pressed directly from the curd and it is believed that a better article will result.

Better facilities for the handling of feed will probably result from the passage of two resolutions adopted by the board of directors. One authorizes the president and secretary to enter into a lease with the Southern Pacific company for additional space near the railroad station for an addition to the farmers' warehouse now located there. Another provides for a committee, which is to consist of C. A. McKillip, W. A. Bell, Alex Fraser, F. L. Owens and William Ward to consider the establishment of a warehouse for hay and grain in the southern end of the county. During the past two years, the distribution of hay and grains by the association has been considerably handicapped by lack of warehouse space and it is hoped that this condition will be remedied before the next feeding season opens.

D. M. Botsford, advertising representative of the association, presented a plan for the use of additional billboard space throughout the territory.

EASTER SERVICES ATTENDED BY MANY

The good weather that had attempted to fool local people into believing that they would have a good day Easter Sunday broke and last Sunday was somewhat wet. In spite of this the local churches had a number of special programs befitting the occasion.

Big Events in the Lives of Little Men
