**SOCIETY ITEMS**

The Easter Monday Tea which was held last Monday at the home of Mrs. E. E. Koch by the Monday Musical club was well attended and brought in over twenty dollars, which will be turned over to the library for the purchase of new books. Tea was served from a table beautifully decorated with daffodils and yellow shaded candles. Musical numbers were given at intervals during the afternoon.

Kensington club was entertained Wednesday afternoon by Mrs. A. K. Case, Mrs. Gail Buel and Mrs. Frank Heyd. This being the date for the annual election of officers the following were elected to serve: Mrs. Frank Heyd, president, and Mrs. W. S. Coates, secretary and treasurer. After the business meeting the hostesses served a dainty lunch in the dining room, which was decorated with baskets of Japanese quince. Mrs. Sam Vierick and Mrs. Emmett Bales each gave interesting reading during the afternoon and Robt. Boals entertained with a piano solo. Helen and Ruth Leonard sang two much appreciated numbers.

**LEAGUE BALL SEASON OPENS APRIL 17TH**

PORTLAND "BEAVERS" VS. SAN FRANCISCO "SEALS"

Opening Game Declared Half Holiday by Proclamation of Governor Pierce and Mayor Baker.

On Tuesday, April 17th, the Pacific Coast Base Ball league season will open officially on the coast; on this date the Portland Beavers and the San Francisco Seals will face one another in the great American game.

The citizens of Portland as well as the Portland Base Ball club are making great preparations for the opening game, and the Mayor of the Rose City has already issued a proclamation setting aside this day as a half holiday.  
Base ball is everywhere recognized as the great American game and as a clean athletic sport. The Portland team is not only the representative of that city, but of the entire state in Pacific coast base ball activities.

Governor Pierce has declared the 17th of April as a half holiday and says: "I trust you will organize a group of live wires into a booster's committee in your city and vicinity and give this matter as much publicity as you possibly can, so that the record attendance may again be broken and Oregon may be advertised throughout the nation as interested in our All American Game."

Go to W. M. Heaston's barber shop in the Elkhorn for service.—Adv.

**COMPLETE SECURITY**

The vault of the First National Bank is an ABSOLUTELY SAFE PLACE for your money and valuables. It is fire-proof and burglar proof.

In order to make it burglar proof a Complete Automatic Day and Night Burglar Alarm System was installed.

Every inch of the walls, floor and ceiling is lined with double plates of steel, which contain two separate and independent electrical circuits. The Vault door is protected against working the combination, throwing the bolts, and against blowing, drilling or burning.

The clangor of the big gongs of the Burglar Alarm System destroys the communication between the burglar in the bank and his pals on the street, throws them into confusion, defeats their purpose and chases them out of town.

This Burglar Alarm System is the only one having double automatic timer controls and triple alarms. Manufactured and installed by The American Bank Protection Company, Minneapolis, Minn.

We solicit your business on the broad basis of Safety and Security.

"Can I help you any, old man?"  
"Fould no, thanks. Motor trouble. Poor oil, I guess."  
"Well, most oils are. Ought to use Sunoco. It's real lubrication!"

**Buy lubrication—  
not just "oil"**

Maybe your way is to drive up to an oil station and say, "Give me a quart of oil." Poor way. All oils look alike; but are not alike.

**SUNOCO**  
THE DISTILLED OIL

is different; we made a lot of very careful scientific tests to find the difference.

Sunoco is a pure lubricant and nothing else; all impurities are removed. You can put it every place in your car that needs lubrication and know that you're getting just that—effective lubrication.

There are six types of Sunoco—all wholly distilled. Go to a Sunoco dealer; let him drain your crank-case and refill with the proper type of Sunoco. Then watch results.

Ask your Sunoco dealer for booklet, "What's Happening Inside Your Motor?"

**MINERAL-LICK**  
—MAKES BETTER LIVESTOCK—

Mineral-lick is a combination of essential minerals or chemical foods put up in a balanced formula to meet geological variation of the different sections of the country. The basic formula is the same as the minerals that are found in the blood of the dairy cow. Used in forced production, maintains the necessary alkaline reserve preventing sterility, abortion, milk fever, paralysis, digestive disturbances and all diseases due to acidosis. Helpful in curing abortion, infection, impotence of bull and sterility. Increases milk production. Increases resistance to tuberculosis, prevents scours in horses, paralysis of swine, rickets, etc. Increases growth of bone and maintains dairy type.
