## TRAINING CAMPS OPEN TO CITIZENS

### Men Attending Camps Last Year Found To Have Gained Physically

## 4 COURSES OFFERED

### July 26 To August 24 Is Date That Has Been Chosen For Reservists

The Citizens' Military Training Camp for Oregon and Washington, conducted by the War department under the National Defense Act, will be held again this year at Camp Lewis, Washington and at Fort Worden, Washington, from July 26th, to August 24th, 800 young men will be received at Camp Lewis for instruction in Infantry, Field Artillery, Cavalry, Engineers and Signal Corps branches and 50 will be sent to Fort Worden for Coast Artillery instruction. There will be no course in Aviation.

The objects of these camps, three being held yearly for each of the nine corps areas in the United States, are to bring together young Americans of high types from all sections of the country, thereby developing closer national and social unity; to teach the privileges, duties and responsibilities of American citizenship; to stimulate patriotism; to interest young men in the importance of military training; to teach self discipline; to learn the importance of proper physical and mental hygiene and to develop the physical standard of the American youth through participation in military exercises, athletic games and sports, conducted under expert direction.

The benefits derived by attending the camp are secured without expense to the students, as War department provides transportation to Camp and return, board, lodging and expert medical attention, uniforms, equipment, arms, laundry (for clothing issued at Camp) and amusements in the form of athletics, games and musical entertainments.

Last year nearly six hundred enthusiastic young Americans "weighed in" at Camp Lewis for Citizens' Military Training Camp and were found on "weighing out" to have made an average gain of 3.87 pounds per man, a good general indication of the benefits of their training during a four weeks period.

Four courses of instruction will be given; a Basic Red course—age limits from 17 to 24 years; an Advanced Red Course—17 to 24 years; a White Course—18 to 24 years; and a Blue Course—19 to 24 years. Applicants for the Basic Red Course need have had no previous course at a Citizens' Military Training Camp and no previous military training of any kind. They must possess average general intelligence, be able to read and write English and be of good moral character. This course covers the simple fundamentals of military training and sanitation and hygiene and qualifies the student to take the next higher or Advanced Red Course. The Advanced Red course qualifies for the next higher or White Course and includes advanced instruction in subjects included in the Basic Red course. For the White course applicants must have a grammar school education or its equivalent.

Selected enlisted men of the regular army, national guard and organized Reserves and selected citizens who have completed a Red course in 1921 or 1922, and who were recommended for the next higher or White course are eligible for enrollment in this Summer's White course.

Educational requirements for the Blue course are those prescribed for appointment as second lieutenants in the officers reserve corps, the minimum being a high school education or its equivalent. This course provides training with the object of qualifying selected Warrant officers, and enlisted men of the Regular Army, National Guard and Enlisted Reserve Corps, who have completed the White Course or who have had military training.

## TWO MEN MISSING; NO TRACE IS FOUND

Two men are missing in or about Tillamook county and to date no trace has been found of them.

A. Cook, grandfather of Deputy Sheriff E. W. Holden, started from McMinnville on the tenth of this month to walk to Tillamook over the mountains. He expected to arrive here a week ago last Thursday but did not show up and a searching party went to look for him. His tracks were found in several places on the mountains east of this city but the missing man has apparently disappeared. Another hunt was to be made for him today. Mr. Cook was between 75 and 80 years of age.

A trace of him was heard of at Wheeler, but aside from that he has not been located. The father of the boy arrived here from Forest Grove Tuesday evening to assist in the search.

## MUSICAL PAGEANT ENTERTAINS MANY

An unusually large crowd attended the musical recital and pageant given by the pupils of Mrs. E. E. Koch at the high school auditorium Friday evening. The first part of the program was a scene in a fairy dell where pixies and fairies frolicked. Each little pixie and fairy played a selection on the piano which carried out the story of the pageant, and there were several dances. The last half of the program was given over to the older and more advanced pupils. Donald Lee and Gertrude Ann Partridge won much applause with a song and Elizabeth McGrath recited. The entire performance was worthy of much praise and was a treat to all who attended.

## APPREHENSION FELT ON CHEESE PRICE

### Recent Cheese Movements Show Interest By California

## LOW PRICE ANNOUNCED

### Association To Erect Billboard At South Entrance To The City

Some misapprehension has appeared to exist during the past few weeks with regard to the prices of Tillamook cheese. At this time the local product is selling at 23c the pound for triplets, 24c for longhorns and Young Americas and 25c for the new loaf style. These prices are the same as the lowest attained during the past year and it is hoped that no further reductions will be necessary.

Cheese has been moving more readily during the past week than for some time past. Shipments from the association factories amounted to more than 2500 cases, most of it going to California points.

Advertisements announcing the fact that prices are lower are also being placed in all of the papers along the coast where Tillamook cheese is extensively sold. In addition, small streamers calling attention to the reduction are being distributed among retailers so that the public will be made aware of the change without delay.

Within a short time, a billboard will be erected near the Tillamook creamery, at the south end of Second street in Tillamook City, which will carry the same advertising that is now being used in lower California to stimulate sales in that section. This board will have a lithographed sheet with advertising similar to that on the small poster displayed in retail stores.

Mrs. John Aschim and daughter Maxine went to Beaver Sunday. Mrs. Aschim returned the same day, but Maxine remained there for a week's visit with her grandparents Mr. and Mrs. G. A. Broughton.

The calf business conducted for several years by J. M. Smith has been purchased by Paul Disney, who has been employed by the Pennington store.

Charles Lamb returned home this week from the University of Oregon, having completed his course in that institution.

## S. P. OFFERS HELP IN SHIPPING CATTLE

### Railroad Company Agrees To Not Accept Questionable Cattle

Some time ago a carload of cattle were shipped in to this county without having passed the required test for tuberculosis. This led to correspondence between county officials and the railroad company, the outcome of which has been that the railroad has promised to refuse any more shipments of cattle into the county unless they have passed the requirements of the state Livestock Sanitary board.

The county officials, however, are having a hard time preventing the shipment of cattle into the county by truck that have not been tested. The dairymen have been asked to show some co-operation and refuse to have their cattle shipped this way as it will help with the spread of the disease and will make it harder to get a clean bill of health for the county regarding bovine tuberculosis.

## LOCAL GUARD UNIT MAKES HIGH SCORE

### Record Is Unique One For Entire State And Nation

## PERCENTAGE IS 107.1

### Pay Checks For Last Quarter Are Expected To Arrive Here In Few Days

The members of Company K, 162d Infantry, as the culmination of a successful campaign to acquire a better drill attendance, this week received word that their percentage for the month of March, 1923, was 107.01.

Three times before the local guardsmen have started the state executives by an extraordinary rating for so young a company and one so situated that it is difficult for many of the men to attend the drill periods regularly.

Adjutant General George A. White in a communication sent to Captain J. E. Shearer, says regarding the new record set by the local soldiers:

"During the month of March, the records show that your company had an attendance of 100 per cent laps: The exact figure in fact was 107.01 per cent. This is a brand-new record upon which I wish to congratulate you and your officers and men. It has set a mark that will be difficult for anyone to ever pass in the matter of drill attendance."

So far as known no similar record has yet been attained by any national guard unit in the United States, and is cause for much satisfaction on the part of the members of Company K.

The enlisted men of the local national guard company are:

Sergeants: Everett T. Wells, Henry Heisel, George Hansmair, Forrest E. Welborn, Harry L. Gilham, Floyd Eberman, Emil Heusser, and John Aschim. Corporals: Elmer Bailey, Olaf A. Hallstrom, Eddie Heisel, Peter P. Walker, Clarence J. Gabriel, Arthur T. Harris, Eric A. Gulstrom and Albert Fortier. Privates: Roy E. Andrus, William H. Campbell, Glenn R. Conover, Elwood D.
