

BAY CITY TOURIST CAMP

The commercial club at Bay City is a lively organization, the members of which are at the wheel all the time. The latest advertisement for the town is the creation of a tourist camp, where free lights, wood and water are furnished. The camp is located on a little creek near the Masonic hall, where there are about five acres of fine camping ground available. The grounds are being fixed up in good shape, and are reported to be very inviting by those who have been to see them. Horse shoe links have been laid out where tourists who are so inclined can play "barnyard golf" to their hearts content. Other attractions are also provided for the children. The city has shown good judgment in providing for the tourists and it doubtless will become a popular stopping place for the camping public.

LOCAL MAN INJURED BY RUNAWAY HORSE

J. E. Jensen, a farmer, who lives southeast of town, was severely kicked on the right knee by a runaway horse, which started to run at the Tillamook cheese factory Monday morning. The animal became frightened at the breaking of the breech strap, and kicked out the front of the wagon, striking Jensen on the knee cap. A bystander grabbed the animal by the bits, and was yanked some distance before the crazed animal was stopped. The animal sustained cuts on the leg. Jensen afterwards drove up town and got out of the wagon when he fainted. He was taken home in the auto of a neighbor, and while he did not call a doctor it was the opinion of bystanders that he would be laid up with the injured knee.

TILLAMOOK MEADOWS GREEN

The fine weather during April has pushed grass to the fore, and dairymen report that their meadows are luxuriant with the green feed that primarily grows the prize cows and entitles this county to be called the premier cheese county of the northwest. The favorable season for early pasturage is having its effect in the milk flow in the various dairies of the county, and there seems to be no doubt but this will be a record year for milk production, and cheese manufacture. The season surely has been exceptionally favorable thus far.

WATER EXTENSION IS TAKING PLACE

The Fairview Water Supply organization is at the present time making a water extension in the Hathaway neighborhood the length of which will be about seven hundred feet, to accommodate prospective water users of the vicinity.

SKOOKUM LAKE TROUT

Eastern brook trout which were placed in Skookum lake by the state officials several years ago, have done well, so it is stated. The Eastern brook trout is noted for its excellent flavor and for its gameness. So far as known, the fish at Skookum lake are the only ones of the species in this county. There is no evidence that they leave the lake, and go down the creek into the river. Last Sunday Lee Thielsen and F. L. Mills drove up as far as they could go with a machine, and then walked in. They had a heavy trip up the trail, which had many logs across it from last winter's storms. They caught about thirty trout, but no very large one. The boys saw no signs of the monster which Indian tradition states inhabits the unfathomable depths of this mountain pool, on the margin of which they slept Sunday night.

JERSEY CALF CLUB MET LAST SATURDAY

The Tillamook Jersey Calf club met at Solie Smith's last Saturday, May 5 for a regular business meeting. The club decided to have three judging teams this year. Several members are planning to go to Summer school besides those winning first prizes at the State Fair. The club will hold its next meeting Friday, June the 1st at Claude Ackley's.

Bend—Woolen mills assured.

Albany witnessing more building than any year since 1912.

BAY CITY BOOSTERS ASK FOR REPAIRS

A delegation from the Bay City commercial club were in this city Monday and appeared before the county court in regard to fixing up the main road through the city, which is under county supervision. The surface of the road through the city is becoming quite badly worn, and has many small chuck holes that according to the delegation, need patching. The committee was composed of John Nelson, mayor, Orville Bodle, J. C. McClure and George Peterson.

STREET REPAIR WORK TO BE FINISHED SOON

The crew with the Warren Construction company of Portland, which has been patching the streets of this city for several days past, will do some work at Bay City, and then finish its work in this county between Tillamook and points east on the main highway.

MERCHANT IS HOME FROM BUYING TRIP

A. A. Pennington returned from a six weeks buying trip for his store in this city on last Saturday night. While gone he visited San Francisco and Los Angeles, and while kept busy nevertheless enjoyed the trip. He reports that Los Angeles has become a formidable rival of San Francisco in the matter of its wholesale establishments, and that the latter city is growing very fast, with the largest population of any coast city.

INDUSTRIOUS TOMMY HELPS WITH BERRIES

A farmer of this county, who lives near the Washington county line, recently read of the merits of fish guano as a fertilizer, and so sent to Portland and got a few sacks with the determination to try some of it on his new loganberry patch, the plants of which were ready to set out. The farmer had an immense old tom cat, which was in the habit of following him around the farm, like a dog. When he went out to dig the holes which were to contain the plants Tom followed along without much apparent interest, but when the farmer opened up the guano bags and began to deposit small amounts of it in holes, Tom seemed to wake up. The farmer had deposited the loud smelling guano in a few hills, when he chanced to glance back along the line, and perceived that Tom was industriously covering up the guano; and as fast as he got one hill covered up, he tackled another. The farmer finally had to drive the cat away, as he had to put the loganberry plants in the holes with the guano. He then finished the work without further interference.

HARRY LAMAR

The funeral of Harry Lamar, who died last Wednesday in this city, occurred Friday last at the chapel of the undertaking parlors. The local Grand Army post and the local W. R. C. marched down the street to the above place where services were held in the afternoon. The G. A. R. held after services at the grave. There were just eight old Grand Army veterans in the thin line of Tillamook survivors of the Civil war, that began 62 years ago. Members of Co. K. 162d Infantry and the local post of the American Legion assisted with the funeral.

CLAUD THAYER DIES AT BERKLEY, CALIF.

Geo. E. Kiger received a wire from Berkley, California, early Tuesday morning announcing the death of Claud Thayer, one of the pioneers of Tillamook city, and the county. His death occurred Monday night and was not unexpected, as he had been in poor health for some time past. Surviving is his widow, who was his partner in the first bank ever operated in this city under the name of C. & E. Thayer, the latter being a daughter of Aschael Bush, the pioneer banker of Salem. Claud Thayer was a son of Ex-Governor and Supreme Judge W. W. Thayer and at the time of his death was about 70 years of age. The Thayers came to Tillamook in

1889. The bank was nationalized and sold to the First National bank in 1907. Thayer and wife removed to Portland after the sale of the bank, and a few years later went to Berkeley, California, where he resided up to the time of his death.

The Thayers amassed a fortune here in business, and still have large landed and other interests in this county. It is understood that the land upon which the court house stands, was donated to the county by the Thayers.

WHO CAN BEAT IT?

While fishing on the North Umpqua river last week, Floyd Atterbury, of Winchester, hooked a salmon of the Chinook species, and landed it after a fight of 40 minutes. The fish struck a triple hooked spinner and was four feet and one inch long, and weighed 63 pounds. It is now up to some of our Tillamook fishermen to beat the record of the southern Oregon sportsman.

SAYS PAPER IS BETTER

Improvements in newspapers are noticeable over the state. The Tillamook Headlight in the past few months has advanced in quality reading, until it is hard to name a better weekly.—Vernonia Eagle.

In TACOMA it's / RED CROWN GASOLINE by 157%

Working in the vicinity of 11th Street and Broadway, our checker questioned 159 motorists concerning their preference in motor fuel. 67 used "Red Crown" exclusively, as against 26 for the nearest competing product—a lead of over 157%.

An all-refinery gasoline, every drop of which vaporizes rapidly and uniformly in the carburetor, giving quick starting, smooth acceleration and maximum mileage, "Red Crown" is the popular motor fuel throughout the Pacific Coast.

SEND THE CHILDREN SHOPPING

Send the children shopping here. They are welcome and they know they are. They like to come here because we treat them right and send them away as well satisfied with their purchase as you would be. You can trust us to understand your wants and trust us above all else to treat your children right. We have plenty of time to devote to youngsters.

E. E. KOCH, THE DRUGGIST

Deft Touches that make the house a home

It may be only a chair, rescued from long oblivion in the attic, that lends a bright spot to an otherwise colorless room; or brilliant basket holding a bowl of flowers. But surely it is the deft touches—the feminine touches—that make the house a home!

Women who are anxious to beautify the interior of their homes are devoted to such Fuller products as Silkenwhite Enamel, Decorat and Fuller's Varnish. Decorat, a varnish and stain in one, imitates various natural woods—oak, mahogany, walnut, etc.

Whatever your painting need, W. P. Fuller & Co. makes a paint for the purpose. There is a local Fuller agent or dealer who carries Fuller Products. Why not see him today. Write, too, for our "Home Service" booklet.
