

Tillamook Headlight

VOLUME 34; NUMBER 34.

TILLAMOOK, OREGON, FRIDAY, JUNE 1, 1923

PRICE \$2.00 A YEAR

DECORATION DAY HELD IN REVERENCE

Touch Of Real Spirit Marks Observance Of Our Soldier Dead

PROGRAM IS ARRANGED

Organizations In Line Of March Make Good Showing In Memorial Function

Memorial day was fittingly observed in Tillamook by almost general closing by business men and a strong touch of the real spirit of the day was in the air.

Large crowds assembled before 10 a. m. the time set for the military and civic parade. At 10:30 the Company K swung in on 4th street, followed by the G. A. R. post, the W. R. C., the auxiliary, the Boy Scouts, Camp Fire Girls, and school children. The procession was led by Macy & Baird's band. From 5th street the parade turned into Second avenue, thence to the Hoquarion bridge where the G. A. R. and W. R. C. held impressive ritual service for the sailor dead, scattering flowers on the waters as a final observance. Invocation was by Rev. W. G. Lienkaemper. The parade then returned to the city hall, where the following program was had, Lieut. White acting as chairman of the exercises: March, Stars and Stripes Forever, McGhee's orchestra; America, audience; Invocation, Rev. S. Hamrick; Reading Declaration of Independence, Mrs. F. B. Stranahan; recitation, Memorial Flowers, Deloris Green; motion song, by school children; recitation, The Skeleton Soldier, Mrs. Stanley; Stand by the Flag, three boys; Memorial hymn, four girls; Exercise, Young Soldiers, five boys; exercise, Tribute to Soldiers, school children; address, Rev. Louie M. Anderson; American national airs, McGhee orchestra; Star Spangled Banner, audience.

Following the program, the women of the Relief Corps gave a lunch to the American Legion, G. A. R. and Boy Scouts organizations at Pythian hall. After lunch the patriotic societies went to the cemetery where final exercises were held, appropriately ending the day.

Special mention should be made of the excellent appearance of the new national guard, the Boy Scouts and the Camp Fire Girls in the line of march and of the patriotic address by Rev. Anderson. In fact the whole program was good and received merited applause.

LOCAL ATTORNEY ON EASTERN TRIP

H. T. Botts, a well known attorney of this city, left the latter part of last week for the east, to be gone several weeks. While gone, Mr. Botts will visit Georgia and other southern states.

HEADLIGHT WILL OFFER BARGAINS IN NOVEL MANNER

Beginning with our next issue, Friday, June 8, we will offer our readers a number of bargains in a novel manner. They will continue for four issues, ending June 29. There will appear a page of special values, attractions which will be of interest to every member of the family and for every purpose. Another feature of this advertising is that it is necessary to call the Headlight at Main 68 to be able to learn where these bargains can be obtained. If you are unable to do your own shopping just phone your order to the Headlight, or send it in by mail and the goods will be sent to you promptly. Don't forget—watch for the special bargain page next Friday and send or bring in your order.

BEACH MOONSHINER IS CAUGHT NAPPING

Manzanita Man Surprised When Officers Walk In And Place Him Under Arrest

Early last Thursday morning as one B. Rodgers lay dreaming of the hour when moonshine would flow like water from an eavespout into thirsty gullets of a multitude of parched throats, he became aware of the presence of visitors in his lonely little cabin in the sand hills back of Manzanita. He reared up on his elbow, and beheld deputy sheriffs Lucas and Holden sternly looking down upon his bed. Mumbling something about getting dressed, he started to reach under the bed clothing for a big gun, but a sharp command caused him to look into the gaping muzzle of a sawed off shot gun pointed at his head. He was secured, as also was his gun, some mash, liquor and other evidence and brought to this city, where he is in jail to await the action of the next grand jury. Rodgers is an Englishman, aged about forty years and suspicion falling upon him, the officers took him in following a night trip with an early morning surprise.

ELKS INVADE CITY ON SATURDAY NIGHT

One hundred Elks from Portland, McMinnville and other valley towns, arrived in Tillamook Saturday night and the team of Portland lodge B. P. O. E. No. 142, put on the floor work in the initiatory work when 21 neophytes from this county faced the charging antlers of the Elk herd stamped.

After the initiations were concluded, the visiting Elks and their wives and the wives of the local Elks, were entertained by the Macy-Baird troupe now playing in this city who put on a happy sketch to the amusement of the large audience. Baby Dorothy, the juvenile favorite of the company, received an ovation. The services of the troupe were voluntary and gratuitous and were highly appreciated by the Elks. Among the visiting brethren of the purple tie, were Judge Ekwall, Barney Goldstein, exalted ruler of the Portland lodge, and other officers and members of the same organization. Previous to the work and the entertainment, a banquet with a sea food menu was served in the spacious dining room of the lodge. Local lodge-men report that the occasion was a very pleasing one, from every standpoint.

TILLAMOOK SHERIFF MADE I.O.O.F. HEAD

John Aschim, sheriff of this county was honored at the grand lodge of Odd Fellows in Marshfield Thursday by election to the office of Grand Master of the Grand Lodge. The selection came as a reward of proficiency in the work of Odd Fellowship, and places Mr. Aschim at the head of one of the largest fraternal organizations in the state, which naturally advertises Tillamook as the home of the present grand master. The local lodge, of which Mr. Aschim is a member, feels duly elated over the choice as to his friends outside that organization in this city. Hood River captured the state convention for 1924. The nomination was made at the Marshfield meeting by C. I. Myers of this city.

TWO LOCAL CITIZENS MAY HEAD LODGES

Not content with getting the Grand Master of the I. O. O. F. of Oregon, Tillamook stands a mighty good show to get another grand lodge head next October, when it is likely that C. W. Barrick present Vice Chancellor, will be chosen Grand Chancellor of the K. P. lodge in this state. If the rule as to succession of grand officers holds good as heretofore Mr. Barrick will step up as head of the Pythians, thus giving Tillamook two Grand Lodge masters, an honor which seldom falls to a town outside of Portland.

G. A. Swenson formerly a prominent dairyman of this community is visiting old friends in the city. He is accompanied by his daughter Mrs. Esther Heusser.

LOCAL GUARDSMEN TO LEAVE JUNE 15

Evening Train To Take Men From Tillamook City To Portland

SOLDIERS MUST ATTEND

Provost Guard To Watch For Men Who Fail To Appear For Mobilization

June sixteenth has definitely been set as the start of the encampment of the 41st Division at Camp Lewis, Washington in which the local company of the 162d Infantry will take part.

Advices from the office of the Adjutant General state that the Tillamook unit will entrain for Portland June 15, about 9:30 in the evening, and will arrive at the latter place in time to leave there at 9:45 on the morning of the 16th with the last of three trains of Oregon soldiers. The local company will be mobilized here some time during the day of the 15th, which falls on Friday.

According to orders received from headquarters of the state troops by Captain Shearer, there will be very few men excused from the two weeks training period. Only three excuses being considered legitimate. Men may be excused for temporary disability, for recent death in the immediate family and for reason of undergoing unusual financial loss through attendance at the training camp. No other reasons are to be allowed in excusing men from the training period. A written application must be entered with the commanding officers of the different organizations by June 5 to be excused.

An order regarding the training provides that a provost guard will be left by each organization at its home station to pick up stragglers who fail to appear in time to leave with the regular contingent. These men will be taken to Camp Lewis and court-martialed by the authorities there.

NEW COAST HIGHWAY IS TO BE EXTENDED

Work is being prosecuted in Curry county on the Roosevelt highway. It is planned to complete about six miles and some bridges, this year. Non-arrival of steel through the Panama canal is delaying the bridge work.

Lucy and Helen Daniels of Woods were city visitors last Friday.

LAUNCH IS WRECKED OFF NEAH-KAH-NIE

Crew Escapes From Boat By Swimming When 'Lifeline' Goes On Rocks

On Monday last the 45 foot gasoline boat, Lifeline, was wrecked on the Neah-kah-nie rocks. The crew consisting of Captain Lund and one man got ashore all right, by swimming. Their boat was enroute to Kelso, Wash and was attempting to make the Columbia river bar, when she began to leak. The crew pumped out the water, and anchored and went to sleep. During the night the cable parted and the boat began to drift onto the rocks, when the men jumped into the surf and made for the shore. The boat had a 25-horse power motor and formerly was owned by the Baptist missionary society. While the boat is a wreck, efforts are being made to salvage the motor by persons along the beach.

JULY 4TH HEADS MEET AND DISCUSS PLANS

The following committees have been appointed for the July 4 celebration: Chairman: Thos. Coates, Fire Chief; Advertising: Alfred Gabriel, Chester Stewart; Music and Parade: Clarence Coe and Emil Larsen; Sports: Chas. Mahan and Art Case; Program: Merrill Smith and C. W. Barrick; Concessions: Glen Terry, Executive Committee: Thos. Coates and Chairman of each other committee.

Committees will meet Friday evening June 1st at the Fire station, and thereafter all committee meetings will be held at the Fire station upon call of the chairman.

ROAD SUPERVISOR CHANGED IN SOUTH

Marion Chance, of Cloverdale, who was appointed road supervisor of District No. 3 in the south end of the county last spring, has been superseded by W. B. Powell, who will hereafter have charge of the road work in the south end in the above named district.

Mr. and Mrs. Lynn Berry drove to Dallas Sunday where they met Mr. and Mrs. Jesse O'Neil of Oakland. Mrs. O'Neil returned to Tillamook with them where she will visit with her parents Mr. and Mrs. A. D. Smith and her brother Harry Smith who is here from San Francisco.

W. E. Noyes is in the Boals hospital where he underwent an operation for hernia on the 28th inst. He is reported as improving.

TILLAMOOK COWS MAKE HIGH RANK

Beat All Competitors On Pacific Coast For Butter Fat

TILLAMOOK IS SECOND

Ferndale, Calif., Ranks Highest In Butter Production On Coast For Last Month

"Four testing associations in Oregon have been in the lead for the past two months," said Agent Pine, one day this week, and then he produced the proof in association returns. "They have produced more butter fat per cow than competitors in all the other states on the Pacific coast and in the Northwest. Of the 2529 cows tested in the state of Oregon last month, Tillamook tested 2182 of the whole number. The state coming next to us was Washington, with an average of 37 pounds of butter fat to the cow, Oregon's record being 40 and 7-10 per cow. The average for Tillamook No. 1—in the vicinity of this city—testing 1307 cows, was 43 and 9-10 per cow. Tillamook No. 2 which takes in the Cloverdale district, averaged 37 and two tenths per cow; and Tillamook No. 3 in the Nehalem district, averaged 42 and six tenths per cow. Tillamook county ranks second in the association reports in the best herd averages, Ferndale, California association No. 2 produced 63 pounds of butter fat per cow during the last month. The next highest average was that of Frank Blaser of near this city, with a record of 59 and 3 tenths—a close competitor. Tillamook county also stood third in the leading cow of each association for the past month. Blanche, a grade Jersey, belonging to Frank Blaser, produced 105 and four tenths of butter fat during the period named.

NETARTS ROAD PLANK BEING RUSHED THRU

The job of replanking the Netarts road through the green timber will soon be finished and ready for the summer travel, in its new form, making it one of the best thoroughfares in the county. About 1100 feet of planking yet remains to be done, and it is thought that next week will see the finish of the work.

Mrs. A. W. Foote was in Sunday from Garibaldi.

FINE LOCAL ANIMAL SENT TO MONTANA

Pure Bred Bull With Fine Family Record Brings \$200 For County Man

County Agent Pine will ship this week a pure bred yearling Jersey bull to Blaine Ferguson, county agent at Conrad, Montana. The animal was sold through Mr. Pine for Wm. Glick the well known Jersey dairyman, who lives a short distance southeast of Cloverdale, and will bring the owner \$200. The animal is a very promising animal and the Montana man lost no time when informed in picking up the Tillamook youngster. The dam of this bull was in a testing association and it was on the record made that the bull was sold.

NEW I. O. O. F. HEAD IS GIVEN RECEPTION

The Odd Fellows of this county joined in giving a reception to John Aschim, recently elected head of the Odd Fellows of this state.

Nearly two hundred Odd Fellows from various parts of the county were present at the local lodges hall Tuesday night last. Rollie Watson gave an interesting account of the progress made by the present Grand Master, who after graduating from the city schools, became an Odd Fellow at 21 years of age and who having passed through the subordinate lodge offices, became a grand lodge officer, and finally Master of the Grand Lodge of Oregon. He also spoke of his service as sheriff, and wound up by paying a high tribute to his citizenship and moral worth.

Other speeches were made and Mr. Aschim feelingly responded to the many felicitations of his fellow lodgemen.

TILLAMOOK LBR. CO. SOLD BY O. SCHULTZ

Oscar Shultz, who operated the Tillamook Lumber company's mill north of town for some years past, concluded a sale of his property early this week when W. E. Barnes, a Portland lumber man, purchased the plant and will operate it under the name of The Tillamook Spruce company. It is reported that the new proprietor will have considerable spruce production at his new property and several loggers and mill men are said to be heading here from Portland to engage in work in the mill and logging camp, in addition to those already employed.

ANSWER PREPARED BY COUNTY COURT

Nothing new has occurred in the proceedings started by certain timber land owners in this county to restrain the Tillamook county court from issuing warrants in payment of work already done by timber cruisers in the re-cruise ordered by the county court some months ago. Circuit Judge Bagley granted the county court until the first of June to prepare an answer to the timbermen's application for an injunction. The county court is busy preparing data for the coming hearing in the circuit court.

HAND BADLY INJURED BY UPTURNED AXE

J. E. Errand while working in the Sundquist & Norberg sawmill east of town last Friday, accidentally fell upon an upturned ax, almost severing his left hand and cutting across the entire palm. He came to town and several stitches were taken in the injured member at a hospital.

A large number of Tillamook people attended the funeral of the late Roy Woods at Beaver last Friday, and many beautiful cut and other flowers were laid on the grave of the deceased showing the esteem in which the departed man was held.

Geo. B. Lamb, county superintendent of schools, spent Thursday and Friday of last week in the office of the state superintendent on business connected with the schools of this county.

OLD SCHOOL BLOCK OFFERED FOR SALE

Eight Blocks Of Property On Second Avenue To Go On Terms

VALUES ARE APPRAISED

Two Quarter Blocks Not Yet Divided By School Board For Sale To Public

The block upon which the old public school building stands is to be sold. It was purchased from W. D. Stillwell many years ago, and for a long time the present building has been used for educational purposes but the school population has increased to such an extent that a larger building has become necessary. A new and adequate building will take the place of the old one and a new site has been chosen, so that the present site and building are for sale. The directors have decided to sell 8 lots, 26x100 feet each fronting on Second avenue, at prices ranging from \$3500 to \$5000 per lot, all of which is prospective business property on the main avenue of the city. The board called upon six business men to appraise the value of the above lots and from the appraisements made, they placed values upon the lots. These lots will be sold on the following terms: \$500 cash, and the balance in nine equal payments. The money realized from the sale of the block and building will be used to retire bonds that were issued at the time the high school was built. Two quarter blocks have not been divided into lots as yet, one of which faces on Fourth street, the other on Fifth street.

The new school building is rising as fast as men can push the work and will be one story in height, with sixteen main school rooms and a play shed and other accessories. Director H. H. Rosenberg states that the city of Portland is paying at the rate of \$10,000 per room in its new school buildings while the rooms in the new Tillamook school building will cost not more than \$6,000 per room.

Hedges & Huls have the general contract for the concrete structure at \$71,927; Rushlight, Hasdorf & Co., also of Portland, will put in the plumbing and heating at \$15,475. The Coast Power Co., of this city, will do the electric wiring at \$1050. In addition to the above contracts concrete walks will be laid around the school block and there will be pupils and teachers' new desks electrical fixtures, window shades, etc. to be purchased. As near as the board can estimate, it is believed that the new school building will be completed and ready for occupancy in time for the fall term, and the cost will be within a few hundred dollars of the amount of the bonds sold for the purpose, which was \$95,000.

The manual training teacher, M. E. Johnson, has a contract with the directors to overhaul and repair the desks of the grade school, which will be used in the new building.

UNEXPECTED HAPPENS AND HOLDS UP PAPER FOR TWENTYFOUR HOURS

For the first time in many weeks the Headlight failed to be in the postoffice punctually on Thursday night. This was caused by a machinery part going bad unexpectedly just as we were in the midst of our composition. It was not practical to wait to obtain a new part by mail or express and was found necessary to send one of the force to Portland to get the necessary repairs. Such things are only an item in the life of a weekly paper and do not cause much consternation, but they certainly are inconvenient. Many items of interest must necessarily be left out this issue in order to speed up the work.

Planning the Week End Trip
