Capt. J. E. Shearer is preparing for the company work at Camp Lewis by taking a before-breakfast hike every morning of four miles. If Doc invites himself to breakfast anywhere along the line, pretend not to hear him, as he is supposed to take all this exercise on an empty stomach. Water him but don't feed him.

S. F. Pine of Berkeley, California, arrived in this city the latter part of last week to visit for a couple of months with his son and family, W. D. Pine, county agent. Mrs. Pine will come up by train soon from Berkeley. Mr. Pine, senior, came up by auto, and Wm. Haney, a student of the University of California, and a friend of the Pines drove the machine. Mr. Pine reports a pleasant overland trip on the big highway that stretches from Oregon down to the California city. The father of the county agent was a pioneer of Eureka, California, coming across the plains in 1867 and for 12 years was a supervisor of the county in which he lived, and was prominent in the development of that section.

Dead!

"Dead" oil is damaging thousands of cars every day. Maybe it's damaging yours. You think not, of course. You wouldn't have it if you knew. But most oils do become dead before you know it.

SUNOCO THE DISTILLED OIL

Is different. It isn't compounded of light oil and "cylinder stock." It's such oils that quickly break down and go dead.

Sunoco has a longer lubricating life. It's the only oil of six types, each of which is wholly distilled. It's pure lubrication. It lasts longer and makes your car last longer.

Ask your dealer or write us for booklet, "What's Happening Inside Your Motor?"

Add Profitable Land to Your Farm at Less Expense

LOTS of farmers around here cleared stump land last year with Pacific Stumping. That land is now putting money in the bank for them. It's no longer a loss. They save money on the job, too.

For Pacific Stumping gives you one-half more sticks per dollar—it has approximately the same strength, stick for stick, as any standard stumping powder. Non-freezing and non-headache.

Let us give you full information on Pacific Stumping and other du Pont explosives for land-clearing and ditching work. We can give you quick delivery and probably some helpful advice.
