"One minute essays on health by Dr. H. L. Babb"

Uncle Ben Says:

"An optimist is a fellow who owes many people. New my, and is glad because he himself is not one of them."

If something is holding you back from your health and you have tried every method of which you knew or could be advised, be assured that until you have turned to chiropractic that you obtained no advice, no treatment, that would take its place or substitute for it.
