

SOCIETY EVENTS MANY

A beach party occurred at Ocean-side last Tuesday evening at which Mrs. M. Medcalf of 402 First street west, entertained a number of invited guests in honor of her sister Mrs. Morgan of Aberdeen, Wash., who is visiting her. The guests left this city at 6 p. m. by automobile and upon arriving were served with a fine dinner at the beach.

The evening was agreeably spent around a cheery bon fire where marsh mallows were toasted and stories related and a general good time was had. Those participating were: Mrs. Morgan of Aberdeen and her son Donald and wife, Miss Vivian Anderson, Miss Ella Davidson, Irvie Keldson, Richard Donovan, Gilbert Funk, Leonard Kane, Mr. and Mrs. H. S. Brimhall, and grandson Buddie Moulton, Gerald and Jack Medcalf and Mrs. Alton Sweet, D. O. Spitzmesser, J. W. Osborne and Mrs. M. Medcalf, the hostess.

Last Tuesday the Sunshine club met at the home of Mrs. M. Outhout. Fifteen members and two guests were present. The guests were Mrs. L. A. Barrick and Mrs. A. J. McQueen, Mesdames M. Outhout, George Larson and Florence Keese were the hostesses.

The afternoon was spent working on a quilt for the club. A delicious lunch of cake coffee, sandwiches and pickles was served.

The club will meet again July 31 on the banks of the Kilchis river where a picnic will be held. All club members and friends are cordially invited to attend this meeting.

Mr. and Mrs. C. J. Edwards entertained the adult classes of the M. E. Sunday school at their home Tuesday evening. Exclusive of the Edwards, there were thirty persons present. A straw vote was taken on the books liked best, the most noted men and the most popular kind of pie. Of the books, it was decided that the Pilgrim's Progress and Shakespeare were in the lead. Of the most noted men of the day Edison and Henry Ford received the honors. When it came to the most popular pie, the custard kind easily distanced all competitors. The evening was much enjoyed by the invited guests.

The Swastika club was entertained by Mrs. Koch at Rockaway. A very

delightful luncheon was served at the Elmore hotel. The invited guests were Mrs. Harvey Ebinger and Mrs. Harry Tucker of Albany. The club will meet with Mrs. Holden in July.

Mrs. H. A. Franklin and Mrs. W. B. Alderman were the Kil Kare Klub hostesses for June, at the home of the former. Four dozen jars of fruit will be sent to the Pacific Coast Rescue and Protective society. June meeting being the time for annual election of officers the following were elected: Mrs. R. T. Boals, Pres.; Mrs. A. K. Case, vice president; Mrs. Carl Haberlach, secretary and treasurer.

Mrs. A. A. Pennington was appointed press chairman. Mrs. S. W. Conover gave a most interesting report of the state club convention at Medford. Nine members attended this convention. After a dainty luncheon was served the Klub adjourned to enjoy a two months vacation.

BOYS DRIVE NAILS IN ROAD

Some person or persons presumed to be boys, placed a row of finishing nails across the road near Camp Four one day this week and autos driven by County Commissioner Alley and Stanley Coates each picked up nails and received punctured tires. The men got their machines to a garage and put on new tires, but it took some time to limp in. The perpetrators of the outrage should be made an example of when caught. Such fun is too costly to the other fellow.

REMARKABLE COINCIDENCE

What might be termed a remarkable coincidence was discovered by the Headlight this week in looking over some county statistics. In October 20, 1922, the school census of this county was taken, and when completed it showed that there were 3024 school children between the ages of 4 and 21 years. It was also discov-

ered that dividing that number by two showed the true number of each sex, there being 1512 girls and the same number of boys of school age in this county.

KIWANIS CLUB AT SEASIDE

Many members of the local Kiwanis club went up to Seaside Thursday where a basket picnic was had with the Astoria Kiwanis club. The day was pleasantly spent the local club returning in the evening. A program was had, and the occasion was much enjoyed by those who attended from this city.

LOCAL INTEREST SHOWN IN HARVESTING HAY CROP

Some interest is being shown here by the business men of the city in assisting the local farmers to overcome the dearth of help in putting up the large crop of hay this season. Quite a number have offered their services in the hay fields if they are needed. E. J. Schelling, county road supervisor, has offered the use of some of the county trucks in transporting the temporary farm help to and from their jobs.

ARMORY BIDS CALLED FOR

John Hunzicker, Eugene architect, arrived in the city Wednesday afternoon with the plans for the proposed state armory to be built here. The plans have been left at the office of J. E. Shearer and the bids will be received at the First National Bank. Opening date of the bids is July 30.

LOUISIANA TREE 2,500 YEARS OLD

Edenborn Brake Is Placed by Scientists as Fifth Oldest Living Thing.

New Orleans.—The fifth oldest known living thing on earth, and the third oldest in North America, is a giant cypress tree in what is known as the Edenborn Brake, in Winn parish, this state, according to Carleton F. Poole, of the Louisiana state conservation department.

The age of the tree has been placed at 2,500 years by Prof. Herman Schrenk, of St. Louis, and other scientists who have examined it. According to records, it is exceeded in longevity only by the Santa Maria del Tule cypress, near Oaxaca, Mexico, 5,000 to 6,000 years old, the Dragon tree at Orotava, Island of Teneriffe, 4,000 years old, the Sequoia trees, California, 4,000 years old, and the Baobab tree, Senegal, 4,000 years old.

The Edenborn cypress was budding into life when Jerusalem was taken by Nebuchadnezzar. It was a lusty young sprout when the battles of Marathon and Thermopylae were fought, when Assyria was at the apex of the world dominion and when Rome was a village of mud roads and hovels. The tree was 900 years old when Christ was born in Bethlehem, a veteran when the Roman legions were withdrawn from Britain to leave the savage tribes of those islands to fight out their differences, and was more than 2,000 years old when Columbus sailed into the Atlantic to begin his voyage of discovery.

Peculiarly Situated. The tree was one of a number of its kind in a tract of pine timber purchased by William Edenborn some years ago, and when logging began he refused to permit it and three others almost as large to be felled, although the giant contains approximately 23,000 feet of lumber. It is peculiarly situated for one of its species, for while the cypress usually grows in swamps the Edenborn specimen stands in a hollow between hills.

One of the three cypresses left standing with it was felled by a storm some months ago. Mr. Edenborn has offered the aged giant and its two companions to the conservation department to do with as it sees fit, so long as none is injured. The department plans construction of a highway to them so that the spot may be visited more easily by tourists and home folk.

Breaks Precedent in Admitting Welsh Girl

Phyllis Curtis, a pretty, modest and gentle little Welsh girl, who has just been admitted to the United States after the immigration board at Ellis Island broke a precedent. Brought before the board, Miss Curtis admitted that she came to the United States solely to be near her sweetheart who lived in Nanticoke, Pa. She also admitted that she was too young to get married just now and that she was to live with her beau's folks. When girls come to the United States and are too young to marry they are usually held as "likely to become public charges," excluded and sent back to their mothers. However, Miss Curtis proved so sweet that the inspectors just couldn't help but admit her.

Oldest Bell on Record Used in Italian Church

The oldest known bell still in use is in the parish church of St. Mary Loreto, at Villalago, in the Abruzzi mountains, and bears the inscription "Ave Maria" followed by "Anno Domini 600." Considering that bells were invented, according to church authorities, by Pope Rabinian, who died in 906, no older bell is recorded.
