

SUNDAY SCHOOL RALLY

A Sunday school rally will be held at Blaine next Sunday, beginning at ten-thirty to which all Sunday school members in the county are cordially invited.

The program is as follows: Sunday school 10:30. 11:15, Talk on Sunday school work in North America by Mrs. C. J. Edwards. The Sunday school as a trainer of Community leaders by John Bozarth. Teacher training by Ira G. Lance. Picnic dinner. 2 p. m. Devotional. 2:15, Ho to teach young people in Sunday school by Dr. Robinson. Adult work by Mr. Jacob Heyd. Round table. Sermon by Rev. W. O. Woollever. Music and exercises from Sunday schools interspersed. Will close about four o'clock.

Dr. Adams is back from Victoria, B. C. and will be associated with Dr. Sharp in his office as before. 40-22

VERY LARGE CROWD AT OCEANSIDE JULY FOURTH

Oceanside had a big crowd on July 4th. The cottages had camp grounds were filled with visitors and automobiles all day. Although the road between Tillamook and Oceanside was jammed with cars, there were no accidents reported during the day. Radio reports of the Harding speech at Portland and the big fight in Montana were interesting features. The dance in the afternoon and evening was well attended. Fireworks in the evening occupied an hour of time. Maxwell's Point was the place chosen to make the pyrotechnic display, which was full of startling and beautiful effects.

CONCESSIONS AT COUNTY FAIR

Local people who desire concessions (eating stands) for the coming fair should make arrangements immediately with the secretary. The fair board desires all local people who wish concessions to have first option but it is necessary you make application before Saturday, July 21.—Adv.

B. V. D. PARADE AT CAMP LEWIS

On the night of June 29th at Camp Lewis, which was called "jollification night," there was an initiation of second lieutenants into the Second Lieutenant's Union. The initiation afforded lots of fun for the superior officers, but was not quite so funny to the candidates, who will get their revenge next year, when the new crop comes in. At this meeting, states Capt. Shearer, Adjutant General White of the O. N. G., was present and received a fine gold watch and chain from the officers of the O. N. G. which was a token of the esteem in which he is held by his fellow officers. The presentation speech was made by Lt. Col. Gilbert, chaplain of the Oregon organizations. Following came the B. V. D. parade of the enlisted men about their camp and quarters which lasted for nearly an hour. There were slim and fats and medium lean and quite lean boys in the parade. Also there was lots of fun. After the parade the boys marched sedately to their quarters.

NOVEL COAST PICTURE

A scene in which sand, blue pasteboard and small pebbles figure, is attracting much attention in a show window of the Coast Power company's office in this city. The picture shows Nehalem, Tillamook and Netarts bays also all the projections and indentations along the coast line from Nehalem bay southward to cape Look-out, but not inclusive of that promontory. The blue cardboard represents the ocean and the bays, while the land is represented by sand. The background of mountains is also shown by sand elevations. Beginning at Tillamook where a miniature power house of the company is shown, and extending northward is the power line, represented by colored thread and small poles. Each town is marked

Death to MOTHS

Before disposing of wearing apparel for the summer be sure that they are well protected from moths and other pests. Let us suggest that you use tar paper, moth flakes and moth balls.

KOCH & BENNETT

ed with a small banner with the name printed upon it. Twin Rocks is shown by two small pebbles. The three Seal Rocks opposite Oceanside are shown in the same manner. The whole scheme is a happy one, and reflects credit upon the designer and make a good advertisement for the company managers who are putting on a stock sale to increase their capital to meet the demands of a business that is growing by leaps and bounds.

HAY KNOCKED DOWN

Considerable damage was done by the recent rains in this county in the matter of wetting standing hay and farmers are complaining about the injury done to hay already down in windrows and in shocks. It is believed that good weather may be looked for about the 10th to the 15th of this month, as July usually fails at about that time. It is estimated that there are many tons of hay down in this county, and that some of it will be ruined.

NEW BOX FACTORY FIRM

W. B. Alderman has disposed of his interest in the Foley Box Co. at Garibaldi. The new firm is Lem Parker and O. R. Steward. Mr. Alderman has been a partner with Parker since the mill was started in 1921. The factory employs ten men regularly and the mill sells boxes all over the United States. The new member of the firm will have charge of the manufacturing department.

BONDSMEN ASK FOR RELEASE

Sam Parker, who was arrested on a charge of bigamy some time ago, and who gave bonds for his appearance for trial, was re-arrested one day

last week, and placed in jail. His bondsmen appeared in court and asked to be relieved from the bonds which they had signed in the man's behalf. As Parker was unable to give bonds he was remanded to jail to await the action of the grand jury.

CHINOOK RUN IS LIGHT

Fishermen report that the annual run of Chinook salmon is light this year compared with that of last season. A better run is looked for in August. There are about 400 to 500 Chinooks in between the racks at the state hatchery east of town. Fishermen, however, say they are scarce in the bay.

ECHOES OF THE FOURTH

There were two classes of window displays by business men in this city on the Fourth, patriotic and commercial. Of the patriotic displays, Halton was 1st, Pennington 2nd and Reeber 3rd. In the commercial display, the Coast Power company was 1st; King-Crenshaw 2nd, and the Sanitary Market 3rd. Special prize was given for the best beach scene, A. C. Everson. The fraternal float by the Swiss society was a winner as was the Pollyanna float, which won first prize also. In the private entry of autos F. K. Blackadar was 1st, Paul Todd 2nd. The best riding character was John Pohl; best saddle horse rider, Mrs. Wallin; best marching entry, the Boy Scouts. Prizes awarded in the children's section were as follows: Best individual character M. Watkins 1st, Margaret Wiley 2nd; best decorated doll cart, Lola Smith 1st, Gladys Smith 2nd; best decorated wagon, Buddie Moulton 1st, Terry children 2nd; best decorated tricycle, C. L. Lewis's daughter; Ira Smith's daughter 2nd. Best saddle pony, Lois

Wilkes; judges: T. W. Catton, E. F. Schultz and County Clerk Brimhall. The greased pole climbing feat was won by Norman Burdick. The man who finally captured the greased hog was a stranger in the city but he showed previous experience in his methods.

AYERS TO GO TO KLAMATH CO.

Forest Ayers of Cloverdale, who was in the city Thursday last, states that when he finishes the work of rocking the county road between the drawbridge and Neskowin, he will move down to Klamath county where Dunn & Baker have several contracts to complete. He will take his family with him, but does not contemplate leaving this county for good, by any means. He is a foreman for the above named firm of public work contractors and goes where the work takes him.

TILLAMOOKERS FEED FISHES

Capt. Hunter of Garibaldi went out over the bar Sunday with about 60 passengers on his sea-going 60 foot boat. The boat went in close to Arch Rocks and the light house, and gave the people aboard a chance to see the sea-lion rookeries at close range. The sea bird colonies were also seen. One rock was inhabited almost exclusively by sea-parrots, while others were tenanted by other species of wild fowl. Some trolling was done, and a few fish were caught, but the principal occupation on the part of numerous passengers was that of feeding the fishes of the briny deep. Many cases of sea-sickness were reported and there were cases where individuals expressed a wish to die, but they did not. Those who did not suffer from sea sickness, say it was a most interesting trip. One passenger states that he saw the patriarch and boss of

the sea lion herd, and that it was as big as a big domestic bull. Capt. Hunter was formerly engaged in Coos county by the state to kill sealions, but the state has discontinued the job until it is scientifically settled that that animal does not kill salmon. In the meantime, there are local men who have seen them with salmon in their mouths.

REPORT OF COW TESTING ASSN FOR MONTH OF JUNE

Following in the order given are the name of the owner, name of cow, breed, milk, per cent fat and fat:

Class A, Mature cows making 75 lbs. of fat: Durrer & Son, Dot, GJ, 2,184, 4.8, 104.83; Lady, GJ, 1656, 4.8, 79.49; May GJ, 1683, 4.7, 79.10; Neilson Bros. Artis, RI, 2537, 3.97, 100.76; Neiger & Neiger, No. 1, GH, 2796, 3.4, 95.06; E. J. Gienger, Dot, GH, 2655, 3.3, 87.62; Frank Blaser, Blanch GJ, 1419, 6.1, 86.56; And Vetsch, No. 54, GG, 1866, 4.4, 82.10; Edgar & Son Lysta, GJ, 1755, 4.6, 80.73; E. J. Hospital Fees Are High But the Man Wanted to Pay

"One minute essays on health by Dr. H. L. Babb"

Uncle Ben Says:

"Jess because you're from the country Nevvy is no excuse for biting twice on the same con game."

Hospital fees are high but the man wanted to pay. Some thing about the idea of going to the hospital and their getting the service of learned specialists and the good care of attentive nurses, made it seem his best chance.

So he went and the cost including fees for an intestinal operation was \$1200. He knew of chiropractic but had discarded the idea that anything so simple could reach his "complications." One year after the operation he tried chiropractic in desperation—it was his last hope—and found that even the hospital and the specialists had no substitute for chiropractic. He got well.

Chiropractic spinal adjustments as given by this office have restored health in a number of cases in the past few weeks. The sufferers have been made well of diseases of the eyes, ears, nose, throat, lungs, heart, stomach liver, kidneys, bowels and lower organs.

Millions of Miles

Hundreds of thousands of owners have driven millions of miles in Overlands equipped with the present type rear axle. Not a single one of them has reported a broken rear axle. Service records as well as comparative tests and measurements have convinced us that the Overland has the strongest rear axle under any car sold today at or near the Overland price.
