

**PUBLIC SERVICE COM.
MEETS AT BAY CITY**

The Oregon public service commission held a hearing at Bay City one day last week acting upon a petition by the S. P. Co. to close one or more crossings over the Southern Pacific right of way on Seattle avenue. The commission took testimony in the matter. The city took the position that damage would be done to the town, and the mayor and city council were present in force, and opposed the petition. The highway travel now has to make two crossings of the railway in order to get back on the main highway a block away. It is understood that the theatre and a part of the big hotel are on the road right of way, and if the lower crossings are abandoned as prayed for by the S. P. Co. those buildings would have to be removed. The S. P. in its petition, however, says if the alleged hazardous crossings are abandoned as a highway, it will grant an easement of right of way 27 feet in

width on the upper part of its property which would give the state highway room to build to its northern connection without disturbing the buildings.

Engineer Clark of the state highway and assistant attorney general for the highway department were present, also the State public service commission, Paul Ferrins, attorney for the S. P. Co., and district engineer Benjamin for the S. P. Co. The public service committee took the testimony and will render its decision later.

JOHN EDDY

John Eddy, who died at Trask Lodge in this county, Sept. 5, 1923, at the age of 82 years, was born near Buffalo, New York, and had been a resident of this state for more than thirty years. Funeral services were held at the Henkle chapel September 7, Rev. Anderson of the Presbyterian church officiating. Interment followed in the Masonic cemetery. Deceased is survived by his daughter, Mrs. M. E. Gruber of this city.

...A Big Underwear Purchase.
...What is believed to be the largest purchase of its kind ever made was put through here yesterday when the J. C. Penney Company, which operates a chain of 475 dry goods stores throughout the country and which has offices at 370 Seventh Avenue, contracted for 660,000 dozen men's nainsook union suits of the athletic style. The goods are meant for sale in the company's stores next Spring and Summer. The purchase involves 660,000 separate garments, but its size, in money, was not given for publication. It is understood that several other large transactions in merchandise for delivery next Spring are in prospect.

Talk About Values

TWO PANTS SUIT SALE

The importance of two trousers suits never was so pronounced as today. Years ago inferior fabrics were used, mediocre workmanship was applied, while styles were just so-so. Today we offer the products of some of the leading makers of the country at the prices you ordinarily would pay for single-trousers suits. Men who know quality recognize that in our clothing for fall they find not only good looking clothes but materials and tailoring of the best.

YOU WILL BE PLEASED

Do not overlook the fact that beside the "fancy styles" of the summer season you will always find in our shoe department the staple patterns which you wear every day. These shoes combine foot comfort and high quality with smart appearance.
