Gives smooth, glid-ing finish to hard or soft-wood floors.

FOR many years now, Goodyear

Tire prices have been kept consist-

ently lower than the

average price level

for all commodities,

as you see from the

above chart. At the

same time, Good-

year quality has

been consistently

bettered. Today,

**Goodyear Tireprices** 

are lower than in 1914,

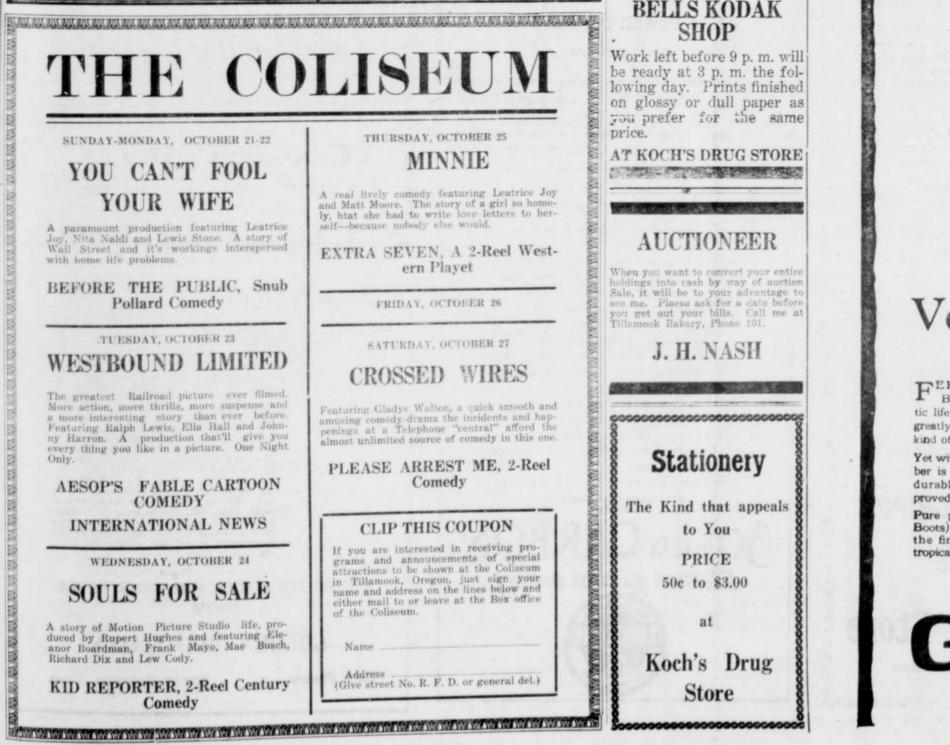

and Goodyear quality

is the highest ever.

SUNSET GARAGE

GOOD YEAR

# This is the one Gold Seal -round and gold colored - not rightfully used by any other organization. Velvet-Smooth Rubber with the strength of a tiger!

FEEL the surface of a Gold Seal Boot. You will recognize the elastic life of new, high-grade rubbergreatly different from the reworked kind often found in other footwear.

Yet with all its softness, Gold Seal rubber is exceedingly sturdy, tough and durable. Northwest miners have proved its strength.

Pure para rubber (in all Gold Seal Boots) comes to the Pacific Coast from the finest grade latex gathered in tropical forests and plantations. It

never "blooms" with an overamount of sulphur, a common fault of reworked rubber.

Good Pacific Coast stores can fit you with Gold Seal Rubber Footwear in your choice of style, weight and size, Certain of our heavy models are reinforced with a patented rubber rib construction, which makes for comfort and long wear. You'll also like Gold Seal Oiled Clothing.

We are the original and only Goodyear Rubber Company. Portland and San Francisco.
