"One minute essays on health by Dr. H. L. Babb"

All health that is of any permanent value comes from inside. It is not to be gained by medicenes from the outside. Health is the normal functioning of the organs of the body.

Chiropractic spinal adjustments put the diseased or weakened organ of the body that is causing ill health in mal quota of lie impulses over spinal nerve lines. Health returns as naturally as light in a bulb when the current is switched on.

Chiropractic spinal adjustments as given by this office have restored health in a number of cases in the past few weeks. The sufferers have been made well of diseases of the eyes, ears, nose, throat, lungs, heart, stomach liver, kidneys, bowels and lower organs.

## A Complete Financial Service

How the bank of today differs from the bank of the old days! There was a time when the very atmosphere of a bank set one to trembling, and the banker himself, was the fiercest old warrior in the town!

-and, at that, they did little except make a few loans and render you a statement when they were sufficiently urged.

The Tillamook County Bank is a complete financial service, rendering assistance through time ly business counsel and information.
