## The New Hupmobile

Reduced prices on open models of the new series are now in effect. With the many improvements there is now at the new low list price a greater value than ever before.

## One Open Car That Gives Closed-Car Comfort

Thanks to an original and exclusive type of storm curtains, owners of the new series Hupmobile touring car or roadster may now enjoy all the protection and comfort of an enclosed car.  
These curtains mark the end of all the inconveniences usually associated with equipment of this kind. Because of their design, their close fit, and the method employed in attaching them, they are the greatest advance yet made in this field. They solve forever the problem of protection from rain, wind and cold.  
The new Hupmobile curtains, of course, open with the door, but they are unique in that they are metal-framed and always flat. They are never rolled. Curtain lights can not be scratched.  
These curtains are attached in individual flat units, and are stowed away flat in the envelope compartments at the back of the front seat. Fastenings are so arranged that the curtains are put in place without the necessity of anyone leaving the car.  
When you come in to examine the new series Hupmobile be sure to see the new curtains.
