

TILLAMOOK HEADLIGHT

SKAGGS STORE HEAD MAKES VISIT HERE

M. B. Skaggs, the founder of the Skaggs chain of grocery stores, was in the city last Wednesday, accompanied by Mrs. Skaggs, on a tour of inspection of his several stores in the state. Mr. Skaggs is president and general manager of the Skaggs United stores of which there are 150 in the western states, 26 of the number being in Oregon. He had just returned from Seattle, where he recently opened the largest market under one management on the coast.

Mr. Skaggs is a modest appearing young man, and pleads guilty to only thirty six years, and no more. He is one of a large family of boys and girls, and owns up to being from Missouri, where his father for many years was a Baptist circuit rider. Mr. Skaggs first venture in business was in Missouri, which was a failure, but that failure taught him many things. He drifted out west, landing in Idaho, where he engaged in well-drilling. He made and saved \$1100, with which he purchased a grocery store in the panhandle state. He was successful; and from the beginning thus made, has grown the long string of Skaggs grocery stores. And the end is not yet. The managers of the new stores are taken from Skaggs trained employees, and they make good.

While in Tillamook, Mr. and Mrs. Skaggs were guests of Mr. F. O. Burns, the manager of the local store, and wife. Mr. and Mrs. Skaggs left Thursday forenoon for their home in Portland.

AT THE CHURCHES

FIRST CHRISTIAN CHURCH

The Every Man's class meets in the city hall every Sunday morning. We sing the old songs and have a splendid time. Next Sunday morning, Fred T. Mellinger will render a solo for the class, and George Harness, the teacher will lecture on "Paul's Epistle to the Galatians. Men only are invited."

Morning communion, and sermon, 11 a. m. Morning subject, "The Difficulty of Religion."

Evening worship, 7:30 p. m. Evening subject, "Signs of the Lord's near coming."

The average bible school attendance for the month of January was 212. The average attendance at Christian Endeavor for the month was 88. Let's beat all records in February.

Special music both morning and

evening. We serve and we boost. Worship with us next Sunday.

EPISCOPAL CHURCH

Archdeacon J. C. Black, will hold services next Sunday at the Masonic building. Holy communion at 8:00 a. m. Church school at 10:00 a. m. Holy communion and sermon at 11:00 a. m., and evening prayer and sermon at 7:30 p. m.

BAY CITY CROSSING WILL NOT BE CHANGED

It is understood that the public service commission of Oregon had refused to allow the highway at Bay City to be built so as to avoid crossing the railroad tracks twice at that place. The highway commission and the railroad had agreed upon a plan to eliminate the crossing there, but the public service commission refused to allow it.

ONE YEAR IN PRISON GIVEN MOONSHINER

Oregon City, Ore., Jan. 25.—(Special.)—Henry Habberman of Oregon City was sentenced to one year in the penitentiary and fined \$100 for distilling moonshine by Judge Knowles Thursday.

Judge Knowles set a precedent, as he issued what is thought to be the first penitentiary sentence for violation of the prohibition law.

"The state prohibition law has teeth and I am not disposed to take them out," declared the judge as he passed sentence.

Habberman was found guilty on Tuesday after it had been established that he had operated a distillery near the farm of C. W. Twining between Oregon City and Portland.

LOCAL LEGION POST IS CONGRATULATED

J. E. Shearer, commander of the American Legion post in Tillamook was lately in receipt of letters from Fred E. Kiddle, department commander of the American Legion for Oregon, and Harry N. Nelson, department adjutant, heartily congratulating him upon his election. Department commander Kiddle hopes to be present at the opening of the armory, so he states in his letter, to Capt. Shearer, dated January 24th.

SEEN ON THE STREETS

Mr. and Mrs. Halsey Pangborn and family of Kansas who have been visiting relatives here for the past few weeks left Tuesday morning for Portland, where they will spend a few days before going to California for the winter.

Instances of petty thieving are reported about town. A woman in an apartment house heard a noise, and got up in time to prevent a man from stealing part of a ham which had been left out on the porch in a cooler. Another family missed articles of wearing apparel from the line, and other instances are reported. Others keep their wood sheds well locked to prevent green and unsophisticated wood from wandering away and getting lost.

Wednesday evening the Company K team of this city beat the basket ball team from Garibaldi 30-24.

The rifle range being built by the government for the use of Company K, 162d Infantry is progressing very well. The members of the newly formed rifle club of this city, which will also have the use of the range, will assist with the building work.

A daughter was born to Mr. and Mrs. William Pykonen at Portland January 26. Mrs. Pykonen was formerly Miss Elta Sheets of Tillamook. The grandmother, Mrs. M. J. Sheets of this city, was very pleased at the event and proud of her second grandchild.

LOGGER AT RECTOR IS HURT BY CHOKER

The passenger train on the S. P. was held at Rector last Saturday forenoon for nearly an hour, while a man, whose name could not be ascertained, was brought in by a logging engine and car out from Rector some miles. The man adjusted the choker to a log, and when the cable tautened the choker slipped its hold, and struck the man about the hips, inflicting serious injuries. He was brought to the S. P. train and conveyed to a Portland hospital for treatment, and was unconscious when brought to the train.

SHERIDAN BANKER IS INDICTED AGAIN

Steve Scroggins, well known to many Tillamookers, as a Sheridan banker, has been re-indicted. He will

now face two indictments instead of one, and his case will come up in the U. S. Circuit Court in Portland on March 10th. He was originally indicted for misapplication of funds in his bank, but now he is indicted for making false entries in reports to the controller of the currency and for perjury in connection with those entries. His case will come to trial on the 10th of next March.

CALF SHIPPING GAINS

(Continued from page 1)

handling its calves through the County agent. The first year's figures, however, dispelled all doubts as to the success of the plan. During the first year there were sold 250 calves, which brought the neat sum of \$2875 to the association dairymen. The second year the sales were increased to 450 calves, with a total receipt of \$5,450. The association is now on its uncompleted third year, and it is believed that the ratio of increase in marketed calves and the total receipts therefor, will be maintained.

Three years ago, it was difficult for the association to sign up 900 cows. This year 2964 have been tested up to date. It is confidently believed that there will be a total of 3500 cows in the testing association at the close of the present year.

The association has secured a big saving during the past three years by marketing its own calves through the efforts of the County agent. The saving over former methods of selling to dealers will run over \$5,000. This amount has been distributed among the dairymen of the cow testers association and is worth while.

By the arrangement at present, it

will be possible for every dairyman in the county who wishes to have his cows tested during the current year, to join the association.

According to statistics, the Tillamook county cow testing association ranks second in the United States, its membership taken into consideration, in the matter of butterfat production per cow. Last year the average for the local association was 331 pounds per cow. It is believed that during the current year that the average will be raised to 350 pounds per cow.

It is understood that the county agent is assisted in his marketing by county agents in other states and counties, and that bankers are also loyally cooperating in the matter of the sale of Tillamook calves to an appreciable extent. As evidence, Mr. Nilse, a Grants Pass banker, last year, personally bought 100 calves from the association, and distributed them among bank patrons. This year he has in an order for 100 more. In Klamath county where 75 head of grades were shipped last year, 60 additional calves are wanted this year, and the money is here on deposit to cover the shipment. Several orders have also been received from far away San Luis Obispo county, California, for delivery this season.
