

TILLAMOOK FORGER IS CAUGHT AT L. A.

Indicted for forgery in this county, February 9, 1923,—a year and five days ago, to be exact—Chas. Claw, who jumped his bond and fled the county, was apprehended in Los Angeles, California, Tuesday, and is in that city awaiting the coming of the Tillamook sheriff with extradition papers.

Claw was chased by direction of Aschim through Idaho, Washington, and California, but the fugitive managed to keep a few jumps ahead of the Tillamook county sheriff and authorities in other states. The sheriff of Los Angeles, however, recalled the man's picture, when he saw Claw on the streets of that city, and took him in.

ANNUAL CHEESE MEET

(Continued from page 1) that the factories can fill the hoops, the demand can be taken care of. The annual meetings of all the

factories have been held, the last one having been at Mohler on the 12th.

Checks for the December milk will be out about the 25th of the month. Feed prices remain practically unchanged; oats, corn and barley being quoted at \$39.00, mill run, \$39; rolled oats and rolled barley, \$40; molasses-meal, \$38; middlings, \$40; best alfalfa hay \$19; clover hay from \$15 to \$19; oats and vetch from \$18 to \$19. These prices apply off cars.

The present open winter has had the effect of holding hay prices down, and there will be only a fraction of the hay sold in this county this winter to that which was sold the last two winters. However, large quantities of feed are being sold every day as the comparative low price of feed and the high price of cheese makes feeding profitable, especially by those who have the better grade of cows. Feeding has never been so general in Tillamook county before as it is today. It has come to the place where the man, who keeps better cows and takes out his pencil and figures, is the one who makes the most money.
