"BEST IN THE LONG RUN"

**C. T. C.**

**Distinction to Any Wheel**

The custom-made appearance of these great oversize C-T-C hand-built low inflation cords is as pronounced a distinction as is their extraordinary wearing qualities.

Designed by some of the oldest and most experienced tire engineers in America and hand-built by expert craftsmen under restricted production and rigid inspection, C-T-C cords reflect every inch of their superior materials and more powerful construction both in looks and in extreme mileage economy.

There is also a C-T-C hand-built tubular tire for extreme low inflation, which fits any standard wheel and rim. C-T-C Tubes add mileage to almost any tire.

# Nominate J. C. McCLURE for County Clerk

Because he is efficient, trustworthy, and can handle the job as it should be handled.

Because he will know at LEAST as much about the duties of this office as his deputies.

Because he will cooperate with other county officials to the benefit of the county at large.

Because he has had two years specialized study at Willamette University as an accountant, and is considered as one of the best book experts in the county.

Because he plays on no one's sympathy for support, and stands squarely on his own ability and usefulness to put him in office.

Because he is being backed by no one but himself for office, and owes no political debts nor has made no extravagant political promises.

## Vote 74 X J. C. McClure for County Clerk

### TWO CARD PARTIES HELD
