

Tillamook Headlight

VOLUME 36; NUMBER 22

TILLAMOOK, OREGON, FRIDAY, MAY 23, 1924

PRICE \$2.00 THE YEAR

MEMORIAL PROGRAM HAS BEEN ARRANGED

Observances to Take Place in City in Honor of War's Victims

GENERAL WHITE SPEAKS

of Veterans and National Guardsmen will Take Place in Morning

PROCLAMATION of the citizens of Tillamook, Oregon. The season of the year is again with us when we bow our heads in reverence to those that will come no more, and in consequence thereof I earnestly request that we gather at the army on the 21st day of May, in the year of our Lord, 1924.

J. MERRELL SMITH, Mayor of Tillamook City, Ore.

Memorial day will be observed in usual custom Friday, with a parade and program at the armory.

The parade will form with the members of the Grand Army of the Republic, the Relief Corps, American Legion Auxiliary, Company 22nd Infantry, and the school children will participate in the parade. The mayor has issued a proclamation requesting attendance at the service.

It has also been requested that the places of business and residences be decorated with flags in honor of the heroes of the nation. All will be lowered to half mast until noon, and then raised to the peak. The parade will form with the school on the south side of 1st street and the grand army, relief corps, fraternal orders and visitors will follow.

LOGGING DEDICATION WILL BE IN AUGUST

W. M. Heaston, owner of the Wheeler Logging Company in the city this week announced that the dedication of the Nehalem bay bridge near Wheeler will take place August 17, when the bridge is planned by the people of the section. The Nehalem valley will expect to barbeque three million and 150 salmon to feed the people they will attract for the occasion. It is thought possible that Governor Pierce may attend the func-

BAY CITY SAWMILL WILL BE ELECTRIC

Owners Arrive at Decision of What Power to Use when Building New Plant

It is practically decided that the Oregon Silver Spruce company will rebuild the saw mill at Bay City, which was destroyed by fire about four weeks ago. Everything is shaping itself in that direction and from all reports it is indicated that work rebuilding will soon start.

At first it was undecided for two weeks whether the saw mill would be rebuilt, but after it was eventually decided to do so, the preliminary arrangements taking some time, in fact, they have not been all worked out up to the present.

To expedite the building of the saw mill, the Bay City council, at the request of the lumber company, vacated one of the city streets, for it is proposed to erect the buildings in a different location from those burned.

Then it was undecided whether to have a steam power saw mill or one operated by electricity. The latter was decided upon and the company is making arrangements to procure the necessary motors at the least possible delay, the saw mill to have a capacity of 50,000 to 75,000 feet per day.

Although no contract has been entered into with the Coast Power company to furnish the power, O. H. Schwedman, president of the Oregon Silver Spruce company has made verbal agreement with C. J. Edwards to do so.

It may be another week or so before work is commenced on the new electric saw mill, depending largely upon obtaining the necessary machinery and motors, but it is thought

ARTILLERY REUNION HELD AT PORTLAND

Third annual reunion of the 65 Artillery, C. A. C., will be held in the Multnomah hotel at Portland on the night of June 7. The program will start with a dinner at 6:30 p. m. followed by a vaudeville entertainment and dance. High class entertainers have been engaged for the evening which will be similar to the first reunion staged at Portland in June 1922.

Members of the organization who have not received announcement sheets and return postcards will be supplied with them upon addressing Harold B. Say, secretary-treasurer of the 65 Artillery Reunion association, care of Portland Telegram.

A considerable number of Tillamook men were on the rolls of the famous 92 howitzer regiment which saw nearly a year of duty in France.

COLLEGE STUDENTS SEE LOCAL DAIRIES

Last Saturday twenty students of the dairy department of O. A. C. under leadership of Professor Brandt, chief of that department, visited several herds of Tillamook county.

This was their annual tour, each year selecting a different county to visit. While here they studied the different lines of breeding for all three breeds and the different problems relative to the production of milk for cheese manufacture.

Professor V. D. Chappel, N. C. Jamison and Roy C. Jones, former county agent of Tillamook county, accompanied the party.

County Agent Pine showed the visitors around the county and took them to the different herds and cheese factories.

W. M. Heaston was taken very ill Saturday evening with acute stomach complications. For a time his recovery was despaired of but latest reports are that he is recovering. Dr. Shearer is in attendance.

While visiting the Coats sawmill one day this week a Mr. Weber came too close to some of the machinery and had one finger taken off in the cogs. Dr. Boals dressed the injury.

ALLOW BOND ISSUE, DECIDE COUNCILMEN

Water Commission Asks for Money to Improve and Enlarge Lines

FIREWORKS PROHIBITED

Owner of Building Damaged By Fire Within Fire Zone Allowed to Repair

A petition was presented to the city council at the regular session Monday evening asking that Jeff Wallace be granted permission to rebuild his store building on 2nd avenue which was recently partially destroyed by fire. The council took the matter under advisement and at an adjourned meeting Wednesday entered into a contract with Mr. Wallace giving him permission to reconstruct the front portion of his building with the agreement that he will in three years either replace it with a fire proof structure or tear it down. In the meantime should either of the property owners adjoining construct fireproof buildings he will do the same.

The water commission was presented with a request that they be allowed to bond the commission to the extent of \$50,000 for the purpose of completing the new water main to the city. Members of the council argued against the proposed bonding but this matter was laid over until the adjourned meeting Wednesday when they approved the bond issue to the extent of \$30,000. This will be referred to the voters at a special election to be held June 17. At this time the voters will also vote on the bonding the city to take up outstanding bonds. This move it is stated will save considerable in interest to the city.

A. C. Everson was denied permission to erect a galvanized iron building on 3rd street and Stillwell avenue.

The council decided to prohibit the use of fireworks in the city except on the third and fourth of July.

A petition was read signed by the business houses on 1st street asking relief from the sawdust blowing from the carriers of the Coast Power company which pass on that street. The council instructed the recorder to notify the Coast Power company to cover the trucks.

E. T. Haltom was denied a petition to re-roof his building on the northwest corner of 2nd avenue E. and 2nd street.

OREGON GUARD TROOPS MAY STAY NEAR HOME

Fort at Mouth of Columbia River is Named as Probable Place of Encampment

Prospects are bright now that the troops of the Oregon national guard may not leave the state for their annual encampment this spring.

This week Governor Pierce requested the adjutant general to give up his plans for transporting the Oregon men to California for the encampment on account of the possible infection from the hoof and mouth disease. Wednesday announcement was made by the adjutant general's office that the state soldiers may go to Fort Stevens or Gearhart instead of leaving the state. Camp Lewis was the place of the mobilization last year.

If the Oregon national guard is trained at Fort Stevens the Tillamook men will spend the two weeks only about sixty-five miles from home.

Captain J. E. Shearer has been called to a meeting of the general staff at Salem Saturday, when the matter will probably be considered.

EASTERN STAR HEAD MAKES VISIT HERE

Mrs. Stella Kellogg Drake, worthy grand matron of the Order of the Eastern Star of Oregon, was the guest of honor at a luncheon given by the officers of Silverwave chapter, Wednesday noon at the home of Mrs. R. N. Henkle. Following the luncheon they proceeded to the Masonic hall for instruction in the lodge work.

Those present besides the guest were: Mrs. R. E. Hays, Mrs. Clarence Stanley, Mrs. R. N. Henkle, Mrs. R. B. Miller, Mrs. S. G. Green, Mrs. W. S. Coates, Mrs. W. J. Hill, Mrs. Newton Anderson, Miss Margaret Coates, Mrs. Leslie Harrison, Mrs. Edgar Gilbert, Mrs. G. A. Martin, Mrs. E. M. Bales, Mrs. F. R. Cardiff and Mrs. Howard Boone.

PRIZE IS PRESENTED TO EIGHTH GRADE

Having the record of being the class with the best attendance during the school year, the eighth grade and the advanced division of the seventh grade of the Liberty school were presented by the Kiwanis club with a beautiful jardiniere. David Robinson acted for the club in bestowing the gift and made a very appropriate talk to the boys and girls. Dr. Robinson also gave the class a bouquet of tulips to fill the bowl. Mrs. A. F. Coats sent several dozen lovely carnations in appreciation of the efforts of the class.

ASSAULT CASE TRIED BY CIRCUIT COURT

Victor Reed Pleads Guilty to Charge and is Sent to Penitentiary

MOSTLY CIVIL CASES

Court Resumes Work After Adjournment Last Week Account of Election

Circuit court opened Monday after an adjournment of the May term, with quite a number of cases on the docket. The adjournment was taken on account of election.

The case of most interest on the present docket is that of the state against Victor Reed, who was charged with assault with a dangerous weapon. Reed is claimed to have committed the offense against his wife while the couple were at the Cloverdale hotel May 13. Reed is said to have accused his wife with being unduly familiar with other men and to have slashed her with a knife when she denied it. The couple had been married about seven months and had lived but a few days at Cloverdale, where Reed had gone to work for a telephone company.

The accused man plead guilty to the charge and was sentenced to the state penitentiary for a period of not more than two years. He was taken to Salem Wednesday afternoon.

Other cases brought before the court were civil, with the exception of one where Henry Hartzell was charged with the possession of intoxicating liquor.

The case of Cross versus Talbot, involving title to property, resulted in a non-suit.

The case of Harmon versus Stien (Continued on page 4)

FORMER CITY PASTOR IS OUT FOR OFFICE

Rev. Harry E. Tucker, former minister of the First Christian church of this city, and now occupying a similar position at Albany, was nominated on the republican ticket for representative for Linn county. The reverend gentleman is good timber for a legislator and the voters of Linn county will do the right thing if they elect him to represent them in the lower house of the state legislature.

MORE COUNTIES REPORTED INFECTED

Epidemic Spread by Hiring of Milk-ers from Infected Districts of California

According to information sent to County Veterinarian J. N. Shaw this week the foot and mouth disease has spread to two more counties in California, and a strict quarantine is being kept up, though tourists have not been restricted from uninfected areas.

The spread of the disease has resulted from the employment of dairy workmen from the infected areas, and owners of dairy herds in Tillamook county have been warned against hiring any help whom they are not actually acquainted with or whose recent movements are not known.

Dr. B. T. Simms, who was sent from the Oregon Agricultural college some time ago to study the situation in California, has found it necessary to stay on the job there for some time yet to watch further developments. He reports that diagnosis of the disease is not as easy as some people suppose.

The office of the Oregon state veterinarian is perfecting an organization to combat the foot and mouth disease in case it spreads to this state.

So far as the effects of the disease on humans is concerned, it seems principally to effect infants, who get intestinal disorders from the infection, sometimes becoming quite ill.

Tuesday Governor Pierce requested Brigadier General White to keep the Oregon national guard troops out of California on account of the epidemic there.

SURGICAL MACHINE INSTALLED IN CITY

J. E. Shaerer, prominent local physician, has installed in this office what is known as a Victor x-ray machine, of a late type and model. The machine has many new features not heretofore incorporated in other models. Current from the city electric lines is taken at 110 volts and stepped up to 110,000 volts to furnish the energy. Miss Willela Knight, graduate nurse and x-ray technician formerly with the Samaritan hospital at Portland, has been secured to operate the machine. H. W. Hamilton and E. W. Morgan, both of the Victor X-ray company, installed the machine this week.

Dr. Shaerer will do x-ray work for the dentists and other physicians of the county.

MEMORIAL SERVICES HELD FOR VETERANS

According to the time honored custom of nearly fifty years standing, the Grand Army of the Republic will observe the Sunday before preceding Decoration day as Memorial Sunday. Corinth post and corps will listen to a patriotic sermon on this occasion by the Rev. Simpson Hamrick at 11 a. m., Sunday May 25, at the Methodist church.

All veterans of all wars, with their auxiliaries are invited to join in this observance. The Relief Corps will post and colors will join them at Third probably form at the armory and the street and 2nd avenue and march to the church.

CANADIAN VETERAN LOGGING IN COUNTY

J. N. Gilmore, former newspaper man of Iowa, was in the city this week from the Charles S. Smith company, which is getting out pulpwood on the Miami river for the Crown-Wilamette company. Mr. Gilmore says that the company has more than a year's work on its present location. Charles Smith, the principal partner, is said to be one of the nine survivors of the ill-fated Canadian battalion which was nearly wiped out during the late war, and is the only officer of his battalion who escaped death. Mr. Smith was a captain in the Canadian forces.

EXCITING ELECTION HAS SLOW RETURNS

Many Candidates in Doubt Until Late Hour Last Saturday

BALLOTS ARE USED UP

Much Agitation About Election and Talk is Heard of Independent Candidates

REPUBLICAN PRIMARY RESULTS

For State Senator, 24th District	1400
A. G. Beals	1400
Ed Cary	808
For Representative, 29th District	1041
Russell Hawkins	1041
George P. Winslow	1309
For District Attorney	1414
C. W. Barrick	1414
C. R. Chapin	740
For County Commissioner	962
H. V. Alley	962
S. G. Reed	1004
W. H. Sales	261
For County Clerk	1359
H. S. Brimhall	1359
J. C. McClure	911
For Sheriff	1408
John Aschm	1408
A. Hudson	924

For County Treasurer	1157
W. L. Bryan	1157
Kathleen Mills	1150
For School Superintendent	2022
G. B. Lamb	2022
For County Surveyor	1963
W. S. Coates	1963
For County Coroner	2038
R. N. Henkle	2038

One of the most disquieting elections held in years in this county was that of the primaries last Friday.

Up to a late hour Saturday morning nothing certain was known about many of the nominations and even Saturday night it appeared for awhile that the first results tabulated were wrong, for an apparent mistake had been discovered in the vote accorded H. S. Mann, who was up for county assessor against C. A. Johnson and F. S. Armentrout. The mistake was soon straightened out however and it was found that Mann had won by 98 votes.

The closest results were between Kathleen Mills and W. L. Bryan for county treasurer. Bryan won by 7 votes.

During the day such enthusiastic electioneering had taken place that it was found necessary to have more ballots printed for the Garibaldi and Brighton precincts before the election could proceed.

Beginning about nine o'clock Friday evening the Headlight furnished the crowds attending the American Legion circus at the armory with a state telegraphic report.

Immediately the results of the primary election were known many sentiments of indignation were heard regarding the election of some of the candidates. It is freely predicted about the streets that some independent candidates will be put in the field before the general election in November, and probably with a very strong following, especially among business and professional men.

CLEAN UP SCHEDULED FOR NEXT THURSDAY

Thursday May 29 is clean up and flagging day at the cemetery. Those in charge of Memorial day exercises have issued orders that all graves should be attended to on Thursday as this work will not be allowed on Friday. United States flags are reserved for the graves of veterans only.

Mrs. Newton Anderson returned Monday evening after having spent the last two months in California. Mr. Anderson drove to Medford last week to attend the laundrymen's convention and Mrs. Anderson met him there, returning with him.
