

### BOXING CONTEST DRAWS BIG CROWD

The smoker, put on under the auspices of the American Legion, Saturday night at the armory attracted one of the largest crowds in the history of the boxing game in Tillamook county. The event was well managed and everything went smoothly.

The first bout of the evening was between the Hallowell brothers, mere tots of 9 and 11, who have appeared here previously on several occasions. They put up a decidedly clever exhibition for youngsters and were well received by the crowd. The bout went 4 rounds and ended in a draw.

The next bout was between two local boys, Himes, 120 pounds, and Schumacher, 125 pounds. They proceeded to "rough house" each other for three rounds at the end of which, their efforts were rewarded with a draw decision. Harry Ditter of Garibaldi, refereed the first and second bouts.

The next to appear was George Morgan of Garibaldi, 170 pounds and Joe Johnson, 175 pounds of Whitney camp. This bout was scheduled for four rounds and was refereed by Roy McGinnis, as were the remaining bouts of the evening. Morgan started out fast and had the best of the first two rounds on points, altho not inflicting any severe punishment. At the beginning of the third round Johnson landed several hard and effective rights to the jaw and head which seemed to take most of the fight out of Morgan, who hung on tenaciously to prevent being K. O'd. The fourth and last round was a practical repetition of the preceding one, Morgan absorbing severe punishment and was all but out at the bell. Johnson unintentionally fouled Morgan twice during the bout, however, Referee McGinnis declared the bout a draw. A good decision.

The next on the card was an exhibition four round bout between Frankie Murphy, 170 pounds, of Portland and Louis Johnson, 175 pounds of Tillamook. George Shanks, who was scheduled to meet Johnson, failed to appear and Murphy substituted for him. This was purely an exhibition bout, with no decision to be given and

was well received. Johnson had an infected jaw but consented to go on with Murphy who is an exceedingly clever and hard hitting light heavy-weight, and under the circumstances, acquitted himself very creditably.

Clark Johnson, 152 pounds, of Tillamook and Frankie Smith, 148 pounds, of Portland, were scheduled for eight rounds. Johnson, who has improved at least 50 per cent under the tutelage of Billy Gardeau, who has been instructing the Johnson twins for the last several weeks, was entirely too fast and clever for Smith, whom he stopped in the third round.

The final event of the evening was a scheduled ten round set-to between Billy Gardeau, temporarily of Tillamook and Eddie Martin of Portland. Both men weighed in at about 145 pounds.

The first, second, third and fourth rounds developed the fact that Martin had a good punch and was fairly clever and that Gardeau was far more so. It was a noticeable fact that Gardeau speeded up as the fight progressed and had all the best of it, punishing Martin severely in the fifth round. In the sixth round Gardeau landed frequently, finally catching Martin with a left hook, to the body and a right to the point, which resulted in a clean knock out.

It is rumored that the two Johnson boys and Gardeau are to appear on an all star card which is to take place during the Elks convention here in August.

#### OCEANSIDE

While driving on the beach at Oceanside Sunday, William Johnson and wife of Portland had a narrow escape from serious injury. While traveling at a high rate of speed their light coupe struck a crab hole and turned completely over, Mrs. Johnson's arm was quite badly wrenched and bruised but otherwise they were uninjured. After being righted by men from the crowd nearby the car limped off under its own power.

F. F. Fowler, bridge engineer for the city of Portland, wife and children drove over Sunday for a few days visit while here Mr. Fowler will make arrangements to build their new bungalow on Tillamook avenue.

Albert Ellis of Pleasant Valley assisted by his son Lowell are building the fire place and flues in the Frank Brown house. It looks as though this will be one of the show places of Oceanside.

Vic Stewart has opened up the crab and clam market and will operate it throughout the season.

Mrs. Olise Lisberg and Mrs. Anna Bestul will handle the restaurant again this season. Mrs. Lisberg's pies and cakes were among the attractions at Oceanside last summer.

Mr. and Mrs. Robert Morecraft of Dundee, Oregon, spent the week end at Oceanside.

S. J. Greene and family and Mr. and Mrs. E. G. Green occupied a cottage over the week-end.

C. A. Hancock and family of Portland were enjoying the beach this week.

W. C. Jones and family are vacationists from Portland.

Mrs. C. Numenkemp and son, C. A. Pond, and Glenora White passed the week-end in Sunset cottage at Oceanside.

#### STUDENTS PIANO RECITAL

Piano students recital was given at the Methodist church Tuesday evening under the direction of Mrs. E. E. Koch and the assisting teachers, Miss Marie Holden and Mrs. Ella Makinster.

There were several little folks on the program which created favorable comment, especially in regard to their tone work and position at the keyboard.

The work on the whole showed careful training in all phases of piano playing.

Carolyn Haberlach interpretation of Schubert-Leitz, "Hark, Hark, the Lark!" was excellent.

Velma Daniels finished the program by playing Reinhold's C sharp minor "Impromptu" in an artistic manner.

Those presented at this time were: Blanche Erickson, Willis Henkle, Mar-

garet Faxon, Loretta Morrison, Elna Henkle, Gladys Smith, Everett Williams, Caroline Possetti, Anne Burton, Charles Koch, Marian Honey, Daniel Plank, Earl Franklin, Tom Goyno, Rodney Mathers, Jack Kinnamon, Louise Hechtner, Miss Helen Church, Miss Leora Philippi, Vera Rosenberg, Marjorie Wiley, Mildred Ringo, Catherine Schultz, Pearl Glad, Inez Hamrick, Lorin Buell, Ruth Beals, Ruth Kuratli, Dorothy Esch, Mildred Glad, Carolyn Haberlach and Velma Daniels.

#### WHY OPERATORS ROLL THE R IN SAYING THR-R-EE

Why do telephone operators habitually say "thr-r-ee?"

It has been found that sounds such as th, f, v, s and z are the most difficult to understand because they depend upon very high frequencies. Some frequencies of th, f and v exceed 5,000 a second which is about the maximum frequency of human voice waves. This explains central's fondness for rolling her r's when she pronounces the word "thr-r-ee."

In her training for telephone work she has been instructed that the th sound is difficult to hear over the wire and must be accented if it is to be understood. In her effort to speak the difficult sound intelligibly, she usually puts so much stress upon it that it becomes something like "huh." This causes her to make two syllables of the word "three."

#### GARIBALDI BASEBALL GAME

The base ball game at Garibaldi Sunday resulted in a 10 inning closely contested affair eventually ending in a 7 to 6 victory for Tillamook.

The local team played a greatly improved game over any game played by them this season, showing the result of some practice. The batteries were Fortier and Sumner for Tillamook and St. Arnes and Morgan for Garibaldi.

Fortier, in particular, pitched a steady, heady game and deserved to win while the boys behind him had no great difficulty in hitting St. Arnes safely.

It was a nice clean game with no spectacular features with the exception of a triple play, (the first of the season), pulled by the Garibaldi boys

in the eighth inning.

The Tillamook boys showed an aggressive, peppy style of play, which has been sadly lacking in some of their previous games this season. If they keep up this spirit and with practice, they will be favorably heard from this summer. There was a large enthusiastic crowd present, altho, on account of the wind and dust, it was

anything but an ideal day for

ball. Tillamook plays next Sunday at lamook against Cloverdale. Let all turn out and encourage the boys.

Astoria to have new Coliseum theater costing \$400,000.

Eugene—U. of O. to have new auditorium seating 650 people.
