

Tillamook Headlight

VOLUME 36; NUMBER 36

TILLAMOOK, OREGON, FRIDAY, JUNE 13, 1924

PRICE \$2.00 THE YEAR

ELK CONVENTION PROGRAM OUTLINED

Clam Bake and Barbecue With all the Fancy Trimmings

FISHING TRIPS PLANNED

Baseball, Smoker, and Trapshooting Teams will Compete, and Various other Stunts

Tentative plans for the annual state convention of Elks to be held at Tillamook on August 14, 15, 16, are well under way. Committees in charge have outlined a program of events that will give the visitors a varied and highly enjoyable three days' entertainment. There will be a clam-bake and barbecue in or near town at which time there will be two four hundred pound special Tillamook cheeses, along with other things that naturally go with baked clams and barbecued beef. This will no doubt be open to the public.

Two deep-sea fishing trips a day are planned, with safe boats under the command of Captains Groat and Dodge.

The local lodge is engaging the services of Billie Gardeau to give the Johnson boys special training for bouts with the best possible competition that can be obtained throughout the state. With good preliminaries these matches will comprise the best smoker ever put on in the city.

Trapshooting teams from each lodge in the state will compete for honors and good prizes during the mornings. Two dances each night: one for Elks and families, and one for the public are being planned. The committee is looking for the best orchestra obtainable for these dances. Various parades, including general parades, competitive drills, and possibly a burlesque on the last night will be in order.

A baseball game each afternoon, band concerts throughout the day by the Tillamook, McMinnville bands and one other band, along with numbers by the Portland Elks Fife and Drum Corps will furnish almost continuous music. Each lodge will be called upon to enter a vaudeville team in a competitive stunt show. A competent aviator will do stunt and commercial flying.

Visitors will find free auto rides to various points of interest, such as the Whitney mill, Coats Lumber camp, Tillamook's cheese-kitchens, dairies and fish hatcheries. During this period there will be extremely low tides which will make clamming excursions a novelty to visiting Elks and their families. Special entertainment for ladies and families of visitors are being arranged for. There will be several entertainments going on at once so that there will be a large choice to suit every one's fancy.

Exalted Ruler Dave Kuratli has appointed the following committee chairman: Entertainment, Howard Lamar; Sports, B. C. Lamb, Jr.; Housing and Traffic, Rollie Watson; Publicity, C. H. Coe; Smoker, J. Merrel Smith; Finance, Walter Nichols.

General reports from men traveling throughout the state indicate that this will be the greatest convention ever held in the state. It follows immediately Buyers Week in Portland and comes during a week-end when trips to the coast are in order. About 5,000 Elks will be present. The local lodge will send out windshield and window stickers that will soon be broadcast throught the state.

BAND CONCERT FRIDAY NIGHT

The Tillamook band will give an open air concert on the old school house grounds across from the J. C. Penny store on Friday evening, June 13, at 7:30. Every one will help by being present to encourage the boys and no doubt we will have more of the same kind of entertainment in the future.

BOY SCOUTS MAKE FOREST GROVE TRIP

Scouts Hike and Make Balance of Trip by Automobile Last Week

The local troop of Boy Scouts made their annual hike last week, leaving Tillamook by way of Henry Crenshaw's truck, which carried them to a spot about three miles above the fish hatchery on the Trask river. From here they hiked to a cabin about three miles above the old Trask House, where they spent Tuesday night. One boy had drunk too much cold water during the hot day of this first part of the hike, and his condition necessitated the carrying of his equipment by his mates.

The next day was too hot for any Tillamooker and the hiking was all down hill, so when they reached Perrydale, fifteen miles from their first night's camp they stopped for the night with rather sore and blistered feet. They reached North Yamhill about noon the next day, where they camped in the park. One of the boys had found it impossible to eat his own cooking so far, and returned home from Yamhill.

Since the trip had been rather strenuous thus far Scoutmaster Smith treated the boys to a "rest while you travel" when they were taken the next fifteen miles by auto-stage to Forest Grove, reaching that place about 4 o'clock, Thursday. Here they camped in the auto park, a beautiful grove of trees. When they found the "swimmin' hole" they forgot all about their fatigue and soreness. Friday noon they enjoyed a meal at a restaurant, and left for Tillamook Saturday morning, at five o'clock, eating breakfast at Gales City from which point they were given a three mile lift by a county truck. On this day they made twenty six miles over the zig-zag. The next day, Sunday, they took their time, fishing down the Wilson river and enjoying once more the cool breezes of Tillamook county, making about ten miles.

On Monday, the last day of the hike they were met at the Illingsworth bridge at about 11 o'clock by Messrs. King and Crenshaw in their machines and heard the sad news of the death of Loraine King, brother of one of the Scouts in the party. The remainder of the trip was made in the automobiles.

Those making the trip with Scoutmaster Smith were: Chester Anderson, Norman Burdick, Lyle and Kenneth Conover, Gerald and Donald Crenshaw, Mason Hanenkrat, Floyd Hugget, Wade Jenkins, Darrel King, Dwight and Virgil Langtry, Joe Heyd Elvon Smith, David Schnal and Anthony Zachman.

LOCAL MAN BUILDS MODERN BUILDING

Workmen have begun digging a basement on the space that is to be occupied by a modern building being erected on Third street by Arnold Gruenewald. The building is next to the city hall, between Second avenue and Third avenue east, on the site of the old I. F. Larson blacksmith shop. When completed it will house the sheet metal and plumbing establishment of Mr. Gruenewald.

It will be of concrete structure, 26 feet by 100 feet. The contractors, Merrick and Chaffee, expect to have it ready for occupancy by August 1. There will be a warehouse in the commodious basement, with the store and shop on the first floor, the front part of which will be equipped with an attractive display window with store in connection. The shop will be in the rear. The estimated cost of the building completed is \$9000.

Mr. Gruenewald has been conducting a successful business in Tillamook since his coming here nearly twelve years ago.

YOUNG COUPLE FROM NEHALEM MARRIED

Joseph F. Lagler and Jennie M. Crawford were married at Nehalem last Friday by Rev. L. E. Tabor, of the Nehalem Methodist church.

PHONE COMPANY WILL MOVE SOON

Present Building Inadequate for the Growing Business

NEW IMPROVEMENTS

Installation of a New Switch Board will Replace the Old Equipment.

Preparations are being made by the Pacific Telephone and Telegraph company to move their Tillamook quarters on First street, near Stillwell avenue, to new and more adequate quarters in the Goyne building on First street and Third avenue east. The present quarters have been inadequate for some time, having been occupied for the past twenty years.

Extensive improvements will precede the change of location, and according to Manager Edgar G. Munson, who has been with the local office for thirteen years, these improvements will anticipate the growth of Tillamook and vicinity for the next ten years. It is estimated that it will take until the first of the year to complete the improvements sufficiently to make the move properly.

In the new quarters, there will be installed a new up-to-date switchboard of three local positions and three or four toll positions (there are two of each in the present equipment.) At present there are three lines to Portland. Under the improved system there will be five of these lines connecting Tillamook with the rest of the state.

The lines in town will be rebuilt and improved, along with an additional four thousand feet of line that will be strung to accommodate residents who are not in the present district reached by telephone, as well as accommodating a great part of additional population that is expected to move into our city.

The work has already begun and a crew of twelve men are working on construction and are replacing the iron wires with copper wires on the lines that reach Garibaldi, Rockaway, Manhattan and Nehalem.

The growth of this telephone system has been parallel with the growth of Tillamook, and its improvement in quarters is made possible thru competent service to a stable and growing community.

WHOLESALE HOUSE FOR TILLAMOOK

Branch Office now Established Here for their Product

The Kelly-Springfield tire company of Cumberland, Maryland have opened a wholesale distributing office in Tillamook. J. Merrel Smith, local Oldsmobile dealer, will have charge of the plant which is in the basement of the Commercial building across from the Todd hotel on First avenue east and First street.

The establishment of this branch office in the county means that it will be possible for dealers throughout the county to get the same wholesale price on Springfield tires at the same future date as could be obtained from the Portland office.

In connection with this firm Mr. Smith will operate an auto storage-warehouse and repair shop, fully equipped to handle repair work and storage for sixty cars. In connection with the storage department there will be a wash-rack for the convenience of the customers. This wash-rack service will be free and open for business day and night. The building is strictly fire-proof and the business will meet the needs of a great many people.

MESS FUND DANCE POORLY ATTENDED

The dance given under the auspices of Company K, 162d Infantry, last Saturday night was very poorly attended, only a small number of tickets being sold and few coming to the affair. This will mean that Company K men will have to live on a straight army diet for the fourteen days they are at camp. A ticket-selling party was sent to Garibaldi, where they spent Saturday afternoon, with the result that the sold but one ticket at that place.

FAREWELL DINNER PARTY GIVEN

Miss Margaret Coates gave a dinner party Saturday evening in honor of Miss Elizabeth Coates who was leaving the following day for Denver to be gone for about a year. Those present were Mr. and Mrs. Stanley Coates, Marion and Stanley Jr., Mr. and Mrs. W. Thomas Coates, Roletta and James Watson, Thomas Coates, Elizabeth and Margaret Coates.

Mr. and Mrs. Roland Housser and children left Sunday morning for a short visit in Portland.

WATER COMMISSION PLANS EXTENSION

Three Miles of Ditching Completed, and Pipe To be Laid

COST ABOUT \$75,000

Bonds Drawing five per cent will Be Issued to meet Construction Expenses

Work on the extension of the new 18 inch city water main was begun about thirty days ago and the necessary three miles or more has been completed. Last year two miles of new 18 inch pipe line were laid from the head-works on Simmons Creek, a good new dam and sediment tank were installed, and, as a result, a substantial increase in pressure was produced in the city. At the approval and suggestion of several members of the Kiwanis club and other people of the city, the completion of the work was begun. This will entail a cost of about \$75,000. The commission has approximately that amount in cash and securities. Some of the securities are not due at present, but the majority will be paid in during the next few years.

Bonds will be issued for the purpose of meeting the current expense of laying the pipe. These bonds are not to exceed \$50,000, and it is estimated that \$35,000 will be sufficient. They will draw 5 per cent interest, and may be called in at the option of the commission after one year. The income from the system has been substantial for the past ten years, being about \$7,000 annually at present. This income, along with the slow moving securities held by the water company, will take care of the payment of the bonds, so that the indebtedness will be reduced regularly after the first year.

According to a board of insurance underwriters the installation of these improvements will decrease the insurance rates 20 per cent, and will probably mean no restrictions on sprinkling. As planned, the main will run down First Avenue East, making direct connections with the laterals.

Will Hosley and family will leave soon for Ashland, where they expect to remain for a few weeks. Clyde Craver will have charge of the delivery wagon during Mr. Hosley's absence.

PRICE OF CHEESE SLIGHTLY RAISED

Production of Factories in County Is Highest in Association Records

According to a report from Secretary Haberlach, the price of cheese advanced one cent last Thursday, triplets now being quoted at 25 cents Tillamook and loaf one cent higher, with price to the consumer 30 cents. The market is active and considerable cheese has been sold at the new price. The Wisconsin market showed a slight decline Friday and Saturday, but it is hoped that this is only temporary as all are anxious to get somewhat higher prices for Tillamook cheese than those prevailing today. Production continues to be the highest of record, the production the first week in June having been equivalent to 3400 cases or triplets.

Feed prices continue the same and there is an advancing tendency all along the line, especially on oats, corn, and hay. Alfalfa seems to be quite scarce and the growers are reluctant to dispose of this year's crop, feeling that prices may be considerably higher later on in the fall and spring.

VIOLATORS BEFORE THE JUSTICE COURT

The following cases were heard in the Justice court during the first of the week:

Ed Hays was fined \$5 and costs for unlawful operation of a motor vehicle. The specific charge was failing to dim his lights.

Don Schofield and J. E. Manson waived examination on a charge of unlawful possession of intoxicating liquor. They were released on \$500 bail each.

Berlin Fleck and Charles Edmunds waived examination on a charge of being drunk in a public place. They furnished \$100 bail each.

Lee Hodgden was fined \$40 and costs on a charge of driving a motor vehicle while intoxicated.

Harry Gilmore was fined \$25 and costs for being drunk in a public place.

Roy Large and Richard Krebs were arrested for shooting wild pigeons. Krebs was fined \$25. Large is yet to appear.

GUILD ENTERTAINED FRIDAY EVENING

The St. Albans Guild of the Episcopal church entertained with a card party Friday evening at the home of Mr. and Mrs. Oscar Schultz. Those present were Archdeacon J. C. Black, Mr. and Mrs. A. K. Case, Mr. and Mrs. Fred C. Baker, Mr. and Mrs. Carl Schultz, Mr. and Mrs. Stanley Coates, Mr. and Mrs. Lloyd Wilson, Mr. and Mrs. D. O. Spitzmeyer, Mr. and Mrs. Paul Disney, Mr. and Mrs. W. F. Nichols, Miss Margaret Coates, Mrs. Brumbaugh, Mrs. Arthur Case, Mrs. Seabrook, L. V. Eberhardt, F. A. Beltz, Mrs. Ed Gilbert and Allan Gilbert.

THEATER PARTY TO MISS HOLDEN

A number of friends of Miss Marie Holden surprised her by arranging a theater party in her honor last Thursday evening. Miss Holden is leaving soon for Berkeley where she will attend the University of California. After the theater they went to the home of Nettie Smith where a luncheon was served. Miss Christine Anderson entertained the party with singing and playing.

Those present were: Marie Holden, Ethel and Edna Anderson, Elizabeth and Margaret Coates, Marie Wicklund, Una Nielsen, Lella Doty, Gladys Coates, Christine Anderson, Vera Clark and Nettie Smith.

F. B. Wickler has been appointed justice of the peace and George E. Morgan received the appointment as constable in the fifth justice district, which comprises the Garibaldi section of the county.

TILLAMOOK BOYS AT CAMP LEWIS

Familiar Sights to Those Who Attended Last Encampment

WARM WEATHER AHEAD

Officers and Men in Best Condition on Arrival After Two Days on the Road

(Special to the Headlight)
Camp Lewis, Wn., June 10 (Special)—After two days traveling Company K has at last arrived at their destination, somewhat tired and fed up with trains, but happy nevertheless. Arrival at camp was this afternoon about 2:15 and the outfit immediately commenced to get settled for the two-weeks stay.

Portland was left behind this morning at 9:45, after a breakfast in a restaurant and a somewhat tedious wait at the station for other trains to pull out, for Company K was in the last train to leave.

Coming back to Camp Lewis was a fairly familiar process for some of the Tillamook soldiers, for quite a few of the men were here last year and know their way about.

Warmth seems to be the "most thing we have of," and a very torrid time is predicted for the whole two-weeks stay that is ahead. Camp consists mainly of a great gravel bed, several miles long and nearly as wide. Naturally, when the sun shines on this kind of a place, things warm up a bit.

Three officers and 67 men left on the train from Tillamook last night. They are: Captain J. E. Shearer, commanding the company; V. L. White, first lieutenant; Leslie Harrison, second lieutenant.

First Sergeant Harry L. Gilham; Sergeants John Aschm, George Hanslmair, Floyd L. Eberman, Albert Fortier, William B. Matthews, and Clarence J. Gabriel.

Corporals O. A. Hallstrom, James C. Watson, D. R. Tinnerstet, William H. Campbell, Anthony J. Werner, Carl Leach, Laurance Fitzpatrick, and Joseph L. Conover.

Privates Bailey, Rex; Cofover, Glenn R; Driscoll, Jack D; Ford, Leonard C; Gabriel, Alfred E; Gillam, Henry H; Graves, Gerald; Himes, Henry; Holden, Frank; Johnson, Lewis; Johnson, Paul W; Kehr, Laurance; Kehr, Michael P; Phelps, Austin E; Pye, Archie P; Richards, Noah A; Smith, Lynn N; Stranahan, Carlisle F; Vaughn, William N; Armentrout, George; Ashley, Edwin W; Bennett, Lester N; Elliott, Harry C; Erickson, Frank; Foland, Warren P; Gilbert, Allan F; Gupton, William; Guyton, Fred H; Harris, Arthur T; Henderson, Elliot W; Hoffert, Peter; Johnson, Clark; Johnson, Sheldon P; Knight, Ivan D; Lienkaemper, George; Lucas, George W; Mahan, Kenneth; Mathieu, Arnold; Miller, Harry L; Olson, Roy; Parker, Ralph R; Phelps, Roy A; Robinson, William F; Rogers, Merle R; Rowland, Rexford; Severance, Walter F; Shartel, Gordon D; Sumner, Cecil G; Wallace, Leonard; Watkins, Ford E; Wells, Embert P; Werner, Wendell; and Wilhelm, Cecil G.

Sergeant Clent King, Corporal Elwell Erskine and Private James Tone were left behind but will drive to camp later by automobile. These men received permission to stay behind and attend a funeral.

TILLAMOOK CO. FIRMS FILES PAPERS

Coast Stages, Inc., of Nehalem, have filed incorporation papers in the state department at Salem. Members of the company are: Emil Anderson, William Anderson and Johanna H. Geijsbeek. The corporation filed at \$5000.

Notices of dissolution of incorporation were filed by the Elmore Packing company and S. E. Elmore Packing company.
