

Tillamook Headlight

VOLUME 36; NUMBER 45

TILLAMOOK, OREGON, FRIDAY, AUGUST 15, 1924

PRICE \$2.00 THE YEAR

CITY PUBLIC SCHOOLS OPEN 1ST OF MONTH

Teachers Selected for Com- ing Term of District Nine

MAY ENROLL AUG. 27TH

Temporary School Houses Are Being Moved to Eastern Part of City

The Tillamook city schools, district No. 9, will open for the 1924-25 term on Monday, September 1. The list of teachers secured by the board of education for the ensuing term is now complete and is as follows:

Liberty school, J. S. Goin, principal and eighth grade, Edith Coleman, Beta Evans, E. Pearl Smith Robinson, Gertrude Imus, Sylvia Hoskins, W. S. Buel, Jessie Nichols, Corol Pollock, all of Tillamook; Erma Blaser, Alice Baker, Independence; Lois C. Lee, Monmouth; Dorothy Benny, Gladys Endicott, Portland; Frances Byram, Jefferson and Ruth Phelps, Cottage Grove.

High school, L. W. Turnbull, superintendent; L. J. Bennett, principal and algebra; Bertha Hanson, civics and teachers training; Flora Heyd, languages; M. E. Johnson, manual training; Vida Abrams, commercial; Glenn Sheeley, science and boys' physical education, all of Tillamook; Mae McDonald, Dallas, domestic science; Esmer Mixer, Oregon City, English; Helen Church, Owatona, Minnesota, music; Leora Phillip, Arlington, mathematics and girls' physical education; Edith Larson, Northfield, Minnesota, English; Grace Mielke, Seattle, History.

The superintendent and principal will be in the office in the high school building Wednesday, Thursday and Friday, August 27, 28 and 29 from 9 to 12 and 1 to 4 for the purpose of enrolling students. The superintendent requests that all girls and boys who expect to attend high school this year be urged to select at this time the subjects they wish to carry, as more attention can be paid to their individual needs at this time. Students who plan to enter college upon the completion of the secondary school course should take the subjects required for entrance to the particular school that they wish to attend.

Pupils who desire to enter the grades from some other school should see the superintendent on these days for assignment to their grade, thus avoiding delay during the opening week. If possible they should bring their report cards from the last school which they attended.

Children beginning school for the first time, will not be enrolled after the second Monday of the semester. (Continued on page 8)

2 COUNTY PRISONERS ESCAPE SECOND TIME

Dud Blackwell and Dan Rulli, sentenced a few weeks ago to a \$600 fine and 90 days in jail each on liquor charges several weeks ago escaped from a county road crew Thursday morning. The two men were working with other prisoners on the Bay-view road. It is reported that they were piloted across Tillamook bay in a fish boat at about 11 o'clock Thursday morning. No trace of the two men has been found. There two prisoners escaped once before soon after their sentence began when they walked away from a road crew working on the Netarts road a few weeks ago. They were apprehended at Sandlake several hours later by deputy sheriffs after a long and tedious hike from the head of Netarts bay. It is thought that the two men landed at Bay City and headed for the timber there.

A 75 foot flag pole was erected on the armory grounds last Tuesday. The pole was donated by Fred Burton. Mr. and Mrs. Woolever visited friends at Rainier for a few days of the week.

TOMMY SEA LION EYES OCEAN BATHERS

Counter Attraction to Ape Men Seen Off Oceanside by People Bathing There

Kelso's great Ape-man would have come to sudden grief had he undertaken his legendary "Half Nelson" upon Tommy Sea Lion who frolics with the surf bathers at Oceanside, for Tommy's great neck and head towered fully six feet above the water while trying to appease a curiosity that seemed almost human.

Of course Tommy's demeanor is in no wise hostile for he deports himself within eighty to one hundred feet of the bathers and seems to enjoy the company. Perhaps his flappers want to flirt with the boys in the bright bathing suits, and then again maybe he is looking for the super man who broke into big headline not so long ago.

At any rate, Tommy Sea Lion is becoming quite tame and Oceansiders hope to have, within a few days, a side ring attraction that will put to shame the most awe inspiring creature ever captured in darkest Africa.

NEW SERVICE STATION BEING CONSTRUCTED

A thoroughly modern service station is being built on the south east corner of the school ground at Fifth street and Second avenue east. The property has been purchased by Clarence Anderson, Arthur Anderson and Carl Shultz, who are erecting the building, which will be of concrete and absolutely fire-proof. All the foundation work has been completed and the owners are expecting to have one gasoline pump in operation before the end of the Elks convention. The establishment will be known as the Tillamook service station and Clarence "Bill" Anderson will be manager and sales clerk. Standard oil gasoline will be sold.

This is the third service station, there being six garages with gas pumps, in the city. In connection rest and convenience rooms will be opened for public use, one for women and one for men.

TODAY IS HOLIDAY FOR CONVENTION

This afternoon has been proclaimed a holiday by Mayor Smith as a mark of recognition of the Elks' convention and to allow local business men a chance to attend the various features taking place in the city today and tomorrow.

NATIONAL GUARD OFFICERS VISIT HERE

Brigadier General George White and Captain Thomas Rilea of the adjutant general's office at Salem are in the city today, having arrived last night for the general to be present at the convention here, where he is scheduled to make a speech. General White was only recently notified of his federal recognition as brigade commander of the 82nd Brigade.

UMATILLA INDIANS SECURED FOR FAIR

James White, leader of a band of Umatilla Indians which is expected to be present here during the county fair, was in the city this week arranging for the event.

The Indians will put on a parade, dancing and horse racing and will camp at the fair grounds in their teepees. This band has exhibited all through Oregon and are said to be quite an attraction.

FIRE STARTS ON NETARTS ROAD

Fire, thought to have been started by a cigarette, caught in some brush on the Netarts road near the Worthington place Friday night and necessitated Road Master Schelling calling out a crew of fire fighters to put it out.

HOTEL BUILDING MAY BE FINANCED

Transportation Company to Operate Hostelry and Stages, Report

PLANS ARE PREPARED

Capital Has Been Attracted for Some Time to Possibilities of Building Here

Speculation has been rife for some time past regarding a new business block which may be erected in the city within the next few months.

Well-founded rumors say that a large transportation company contemplates a good sized hotel building right in the heart of the business district, the cost to run into many thousands of dollars.

For some time past these rumors have been afloat but only recently has anything of a definite nature turned out. It is said that tentative plans have already been prepared and costs are being estimated.

The company which proposes the building will run a line of stages to this city from Portland and Willamette valley points, it is said.

The hotel business in this city has been the flame which has attracted quite a number of investors in the past and only the high price of business property has discouraged the building of such a place before now. The hotel accommodations which may not be had are quite good but at times they have been hard put to take care of the trade, and with the increasing popularity of Tillamook as a convention center the possibilities of another good hostelry proving a successful investment are considered excellent.

J. N. Shaw, county veterinarian, and wife returned Wednesday from their trip to Tacoma, Washington, and vicinity where Dr. Shaw attended a convention for veterinary surgeons.

WIFE BEATER CAUGHT ON SECOND OFFENCE

Traffic Violations Slowing Down in County During Past Few Days

Christian Hertig, a farmer of the north end of the county has been found guilty of assault and battery for the second time in the last two months. In both cases his wife, an energetic but sweet dispositioned Swiss woman, has been the victim of the cruel treatment. On the first offense Hertig was released on his promise to refrain from these outbursts of inhumanity, but this second offense is apparently as serious as the first, the chief implement of chastisement being a two-foot length of rubber hose. The man is being held for trial with bail set at \$500.

Errol Embum was fined \$200 for unlawful fishing with a gill net above the dead-line. Frank Mayhew was fined \$25 for unlawful fishing.

Joseph E. Johnson paid a fine of \$50 and costs placed at about \$125 on a charge of petty larceny. He had, in company with two other young men stripped the equipment from an automobile in the Nehalem district. The other two boys, Jesse Cornett and Clyde Cornett, being paroled inmates from the state reformatory, were returned to that institution to serve their terms.

N. N. Kirby was convicted of unlawful possession and sale of intoxicating liquor and the sentence was postponed till August 16.

Traffic violators were less numerous this week than has been the case for several weeks. J. W. Tallman was fined \$10 for speeding. Minor law-breakers fined \$2.50 each were: Blanch Hart, Wesley Tippin, Louis Peterson and A. Bosh.

CUB BEAR EXHIBITED

Clancy Davis caught a cub bear in the woods a few miles south of the city last Monday evening. The little animal attracted a good bit of attention on the streets that evening and the next day, when he was on exhibition. Mr. Davis is hoping to capture its mate.

NEXT COUNTY FAIR TO HONOR PIONEER

Last Day Will Be Given to New Institution For County

GRADE COWS ARE ADDED

High Testing Grade Cows of County Will Have Chance Under New Ruling

At a meeting of the county fair board last Monday afternoon, at which all the members were present and showed commendable enthusiasm for the fair in general, they decided to allow an exhibition entry for grade stock as well as pure bred stock. All grade cows that have at present or even have had an annual production of 550 pounds of butter fat or over are eligible to entry. These cows will be judged in the same classes as the pure-breds and the prizes will be equal to those awarded to the pure-bred entries.

Another feature of the fair is to be Pioneer Day, on the last day of the fair, September 12, Friday. Frank Pike, a native of the county and well posted on pioneers and their prominent constituents was appointed chairman and will have full charge of this feature of the event. Pioneers of the county will be completely represented by old-timers of this section and this feature is expected to become a permanent event of the annual fairs in the future. Speakers and representatives of pioneers of the state and northwest are being looked for to make this part of our celebration a success.

One of the most emphatic demands for the success of the fair has been met with in the arrangement for this pioneer day. The founders and builders of the county and city have been, for several years, neglected in regard to some sort of commemora-

(Continued on page 8)

LOGANBERRY CROP SMALL THIS YEAR

Practically Only Demand Now Is From Cannery of Selected Fruit

Some of the logan berry growers of the county have been shipping their crops to McMinnville to a cannery there, no market having presented itself here.

Frank Bester, who has a large tract just east of this city, stated recently that local growers are being paid five cents a pound for the fruit delivered to the cannery, and that it takes two cents per pound for the packing and freight. From this may be subtracted the loss from overripe berries, which are thrown out by the cannery. In spite of the small crop this year it is not considered that it pays to ship the berries.

BLAST SET FOR SEALS KILLS BIRDS INSTEAD

The charge of nitro-gelatin that was laid for the purpose of slaying seals on the point of the sandspit on Tillamook bay was exploded Tuesday. Since the animals were not in their usual lounging place the explosion was not near enough to damage the herd to any appreciable extent. They scurried and swam for the deep-sea and safety, but upon investigation no carcasses were found excepting two dead gulls. This event had been attempted twice before but up to this time the explosive had not discharged owing to defective wiring. According to Captain Hunter, who has charge of the work another attempt will be made as soon as the seals establish a new place for their reclining.

LOCAL CHURCH MEETS OUTDOORS

The basket luncheon held by the United Brethren church at the Elliot grove on Kilches river last Sunday was a decided success and fully enjoyed by all who attended the open air services and luncheon. Reverend Woolever delivered the regular morning sermon on "The Home," and after the noonday lunch A. G. Beals, well known in Tillamook, spoke on "Our Duty to the Church." There were several special numbers of a pleasing musical nature. Miss Smith played a saxophone solo, Mrs. John Graff rendered a whistling solo and Misses Agnes and Esther Mills sang a duet. The singing of the choir and congregation was especially enjoyed, being very well done and indicative of the enthusiasm manifest in the open air services. Mr. Woolever hopes to make this an annual affair.

WHITNEY BALL TEAM BEATS TILLAMOOK

Last Sunday the Tillamook baseball team lost a game to the team from the Whitney lumber company. It started as a good close game with the score 1 to 1 for several innings. Tillamook had a good chance to win in the last inning with men on bases and one out. Several errors on both sides made the game ragged at times, but the game was close enough throughout to be interesting. Batteries were, Tillamook: Fortier, Johnson and Mahan; Wheeler: Ross and Beaty. Final score, 8 to 6.

RODEO PERFORMER HURT YESTERDAY

Byron Daniels, cowboy with the rodeo that is showing at the Fair grounds in connection with the Elks convention, was rather painfully injured Thursday afternoon when the steer he was bull-dogging fell on top of him crushing his chest and ribs. He was rushed to Boals' hospital and it is thought that his injuries are not serious.

ANTLERED HERD ARRIVES THIS WEEK

Meetings Open Yesterday With Start on Definite Program

DEEP SEA TRIPS DRAW

Humanitarian Aims Presented By Lodges of State in Meeting Here Yesterday

General Information
Telephone of the Elks home is 41-J. Tillamook lodge No. 1437 is located on the second floor of the Tillamook building on the corner of Second avenue east and Third street.

The convention meetings are held in the Coliseum theater on Second avenue east.

The armory is on Third street between Second and Third avenues west. The fair grounds are east of the city on Third street.

The Liberty school is on Stillwell avenue between Sixth and Eighth streets.

The women's reception rooms are on the second floor of the I. O. O. F. building on the southeast corner of Second avenue east and Second street.

Further information may be obtained at the registration headquarters in the new Watson building on Seventh street and Second avenue east.

Those parties having bills to present to the Tillamook lodge committee first present same in the form of a requisition that must be signed by one of the following committeemen: David Kuratli, Walter Nichols, J. Merrel Smith, K. K. Kyle, Fred Beltz, Rollie Watson, Clarence Coe, Howard Lamar, B. C. Lamb, Jr., Henry Plasker.

The delegates from the Portland lodge are leaving that city for Tillamook at 7 o'clock this morning. State Traffic Officer Rafferty has appointed a motor cycle patrol from the traffic department to accompany the delegation which will consist of a 25-piece drum corps, the other delegates to drive over in between forty and fifty cars.

The first day of the convention has been exceedingly enjoyable and past all expectations since the drizzling rain of all day Wednesday has ceased and indications are that good weather will follow. About 650 visiting Elks had registered at 5 p. m. Thursday. Several of them took in the deep sea trips, and others attended the rodeo during the afternoon.

At a meeting of the Elks association Frank J. Loneragan, president conducted the meeting. Merrel J. Smith, mayor of the convention city, (Continued on page 5)

CAPT. J. E. SHEARER RECEIVES TRANSFER

Captain J. E. Shearer received official notification of his transfer from the command of Company K, 162 Infantry, to the medical detachment of the 82nd regiment, Thursday. The speculation is that he will later be assigned to headquarters of the 82nd brigade as sanitary officer with his present rating, which assignment will very probably mean a well deserved promotion for the captain. Such steps have been made feasible by the recent promotion of Adjutant General White to the grade of Brigadier General, assigned to the command of the 82nd Brigade, which is made up of two Oregon and Idaho regiments, the 162nd infantry, the 186th infantry and attending troops. As a consequence of this move the brigade headquarters will be established in Oregon.

The appointment of Captain Shearer to the medical detachment automatically releases him from the command of the Tillamook national guard company, and also leaves the local company without a captain. It is expected that the men of the command will elect their officers at their regular weekly meeting Monday evening.

Take Good Care of Him Folks, While He's With Us
