

HERE AND THERE

William Armstrong has sold his place near Manzanita to two men from The Dalles who expect to plat it and sell it in tracts. It is understood that the consideration was about \$30,000.

Mr. and Mrs. A. E. Nolan were visitors over the week end at the home of Mrs. Nolan's sister, Mrs. B. C. Lamb.

J. W. Thompson has sold 3,000 acres of leased-off land recently purchased from the Brighton mill company near Mohler. The new purchaser plans to make a sheep and goat ranch of the place.

After a week spent visiting friends in and near Brighton, Mrs. J. B. Stam returned to her home in Portland Sunday. She was accompanied by Mr. and Mrs. Andrew Stam, Herbert Stam and Miss Edna Ross who made a trip to Silverton returning home Monday evening.

Mr. and Mrs. Alford Nolan and small son motored in from Salem and spent the week end visiting with the Thomas Coates and R. W. Watson families.

Guests at the E. E. Koch home over the week end were Albert Koch, a brother of E. E., and his wife and two daughters, and Gus Koch, an uncle, with his wife and son of Portland.

Miss Mabel Klinehan visited in Portland last week returning home Saturday. She was accompanied by her sisters, Gladys Klinehan and Mrs. Hazel Smith of Portland who remained here until Monday.

John Burkhardt and wife are on a trip to Canada. They expect to be away two weeks.

Miss Elfrieda Tubbesing was in town Tuesday from Mohler. Miss Tubbesing has been engaged as one of the teachers in the Mohler school and was in town on business in connection with her position.

Miss Beryl Burkhardt and Miss Madge DeFord returned home Friday after spending a month with Miss Burkhardt's father in Dayton, Wn.

After a pleasant stay in the city with his friend E. E. Koch, Walter Schamber returned to his home in Los Angeles Monday.

Miss Fannie Smith returned Sunday afternoon from a trip to Ontario, Canada and Kansas. Miss Smith says she enjoyed her trip very much and saw many interesting things she had never seen before, but prefers the mountains of Tillamook to the plains of the middle west.

Mrs. Margaret Nolan came in from Roseburg last week and is visiting at the home of her daughter, Mrs. Rollie Watson. Mrs. Nolan is one of the pioneer settlers of this county having come here when the residents of the county were few and far between.

ed by the Brighton mill, fell from a bridge while working and broke his leg and fractured his skull. He is now in Boals hospital and doing very well considering the nature of his injuries.

Percy Foster, working on repair work at high school at Taft, let the chisel slip and cut the tendons in his arm. He is at Boals hospital.

PERSONAL LIABILITY — WHY NOT?

A Greensburg, La., paper reports that in an endeavor to burn the carcass of a deer which they had illegally, two hunters started a brush fire in a national forest last fall which escaped their control. It was necessary for the government to call out a large crew of men in order to extinguish the fire. As it was, 2,000 acres of forest land was blackened before the fire was put out.

The two hunters were subsequently haled into court and ordered to pay the United States Federal Government the sum of \$2,500, the cost of controlling the fire which had been started by their own negligence.

This is a significant decision and adds strength to the legal precedent for personal liability for fire carelessly started. It will undoubtedly stimulate a wholesome public respect for forest protection and the scope of the decision should be extended to include fire damage caused by carelessness to other classes of property.

The practice of team-work, co-operation, concerted effort, or whatever it may be aptly called, cannot be emphasized too vigorously in fire prevention. At the same time, individual responsibility and the sinister

shadow of personal liability will do much to "stay the careless hand."

TWO COUPLE WED IN TILLAMOOK

Rev. Simpson Hamrick officiated at the marriage of Vernon C. Byars of Sheridan, Oregon, and Miss Helen Turnbull of Tillamook, August 14th at the Methodist parsonage.

Also on August the 16th in the presence of a host of relatives at the Methodist parsonage he joined in holy wedlock Lester C. Walker of Mohler and Miss Lillian M. Ewan of Beahlem.

CIRCUIT COURT MEETS

(Continued from page one)
ed during good behavior and with the understanding that the paroled is not to leave the state without consent of the court.

Circuit court opened Tuesday morning with the examination of twelve candidates for naturalization. Papers were granted to Matilda Peterson, Andrew Vetch, Henry Gruber, Herman Dietrich Schroeder and Alfred Perrin. Judge Bagley conducted the examination in the absence of the naturalization officer who is in another part of the state and could not be present. In postponing and continuing the examination of those who did not qualify this time the judge cautioned them to learn more of the government, particularly the state government. The percentage of those

receiving papers is considered good for this county as this was the first hearing of all applicants and usually several hearings are necessary. In the case of Herman Schroeder deserves special mention as he showed himself better qualified for an examination of that kind than many native born citizens.

Tuesday evening the case of the State of Oregon vs. Charles Edmunds of Pacific City on a charge of drunkenness in a public place was tried. The jury returned a verdict of not guilty. As the defendant in the case is a young man in his teens there was a good deal of comment on the case.

In the case of the State of Oregon vs. Berlin Fleck, the jury was out only a short time when they returned a verdict of guilty. Fleck was charged with being drunk in a public place, the occurrence having taken place at the same time as the Edmunds case. George Winslow was attorney for the defense and asked for and received five days in which to file a motion for a retrial.

Divorces were granted on Wednesday to Ruby Griffin from Frank W. Griffin and Leone Thorne from Oliver

P. Thorne. Decrees were granted in both cases on grounds of desertion.

Thursday morning the case of P. S. Seabrook vs. the Foley Box company of Garibaldi was tried. This was an action for money, the plaintiff claiming a breach of contract. The case occupied the court for about three hours but was not sent to the jury as the plaintiff asked for and was given an involuntary non-suit.

Ethelyn Lamar was granted a divorce from Paris Lamar on grounds of cruelty. She was awarded the custody of the child.

Hermine Hertig was granted a divorce from Christian Hertig also on grounds of cruelty and was awarded the custody of several minor children.

FUNK-ANDERSON

A wedding of interest took place Wednesday at high noon was that of Miss Vivian Beatrice Anderson, daughter of Rev. Louis Anderson of the Presbyterian church, to Mr. Gilbert W. Funk. The ceremony took place at the home of the bride's uncle, Newton Anderson, the bride's father officiating.

The bride was charmingly gowned in a new tan brocaded crepe-back

satin and carried a bridal bouquet of pink rose buds and lilies of the valley. Following the simple ceremony a wedding luncheon was served. Those present were Mr. and Mrs. Newton Anderson, Mr. and Mrs. Irvie Keldson, Mr. and Mrs. Alton J. Swett, Louis Matthias Anderson Jr., Walter Walling Anderson, Chester Anderson and Kathleen Anderson.

Many beautiful and appropriate gifts were received. The bride and

groom left the same day for a short wedding tour to Tacoma and other places in Washington. On their return they will make their home with Mr. and Mrs. Alton Swett.

The Tillamook Woman's club will meet Wednesday September 17th instead of the regular meeting that was to be September 9th on account of the county fair dates.

Monarch Stoves to be Demonstrated at the TILLAMOOK COUNTY FAIR

How often do you have to haul fuel for your range?

Continued satisfaction with low fuel cost—through long years of service!

The Monarch is Easy to Keep Clean

The Monarch's handsome blue-black, Micro top needs no stove blacking. The white porcelain panels and blued steel body are quickly cleaned with a cloth. The few nickel parts are perfectly plain. There is no ornamentation to catch dirt.

Duplex Draft

Fuel burns evenly in the Monarch's firebox, due to the patented Duplex Draft. It provides uniform heat to all parts of the top and oven. And it leaves no unburned fuel to be thrown out with the ashes.

The Monarch's Vitrifused Fire Linings are the only practical form of lining which will withstand the high temperatures that occur in range fires, and at the same time furnish adequate protection against rust and corrosion.

Do you remember when your range was new? Do you recall that in those days you didn't have to send to town so often for coal—or to the wood lot for stove wood?

Do you know what's the matter with the old range? Why does it need more and more fuel? Why does it take longer to heat up? Why doesn't the oven bake as well as it used to?

Air Leaks. That's the trouble. The stove putty that once made it tight has fallen out. Joints have opened up. And from now on till you throw it away it is going to get worse and worse.

The most economical thing for you to do is to buy a new Monarch Range right now. You will see a vast difference at once in your fuel expense. And ten or twenty years from now

you will find that your Monarch does not use one bit more fuel than it did at first. It will bake just as well—heat just as quickly.

Here is the reason.

The joints of the Monarch cannot open up to cause "Air Leaks" which bring such waste and dissatisfaction. These joints are not made tight with stove putty. They are riveted. The heavy steel plates actually riveted to the malleable iron castings. Such construction is possible only where malleable iron is used. For malleable iron, you know, cannot crack or break.

Thus the Monarch is good for many long years of service, for it is also protected from rust damage by Vitrifused Linings in every line.

See our salesman about a new Monarch. Save money on fuel—have the pleasure of using a range that saves time and work as well. Investigate the Monarch at once.

"Living" an ideal into C-T-C tires!

A ROUND Robert Wurzburg, one of the country's leading tire efficiency men, grouped itself a body of tire experts, ambitious to build a tire representing their combined experience.

They started early in 1923, with the ideal of building a quality tire, irrespective of cost.

That ideal has been "lived" into C-T-C Tires from the beginning. Up and down the Pacific Coast, C-T-C's have gained the confidence of tire dealers and motorists.

We believe in C-T-C's. You will, too, when you use them!
