

# Tillamook Headlight

VOLUME 37; NUMBER 1,899

TILLAMOOK, OREGON, FRIDAY, OCTOBER 3, 1924

PRICE \$2.00 THE YEAR

## TAXES COMING IN FOR SECOND HALF

### OLD WARRANTS PAID

Fair Amount of Taxes Prior to 1922 Collected This Year

Tomorrow is Last Date For Taxpayers to Escape Interest Penalty

Figures from the office of Sheriff Aschim, tax collector of Tillamook county, show that over \$43,000 in tax money has been turned over to the treasurer for the last half taxes, with tomorrow the last day to make payment without incurring an interest penalty. It is expected that quite a number of taxpayers will send their money in today and tomorrow.

Since the tax roll for 1923 has been made up \$526,035.42 has been collected in current taxes, and \$33,149.79 has been turned in for 1922.

For the years preceding 1922 \$35,336.09 has been turned over to the treasurer. There is still a large amount out for past years on timber lands.

It is stated that this has been just an average year as regards the amount of tax payments, though a little slower than last year.

Of the old tax collected about sixty per cent will go toward retiring some of the old warrants now outstanding which have caused so much controversy within the past few months. The balance will go to special tax funds and the state.

## MAN KILLED BY CABLE AT COCHRAN CAMP

Nector Helmar was instantly killed when struck by a snag while working at the Wheeler lumber company's camp at Cochran Saturday. A heavy cable swung over and hit a snag causing it to roll over onto Helmar when he was not looking.

Every effort is being made to locate relatives of the dead man but so far none have been found. In case none are located today he will be buried at the Oddfellows cemetery this afternoon.

John Aschim returned this week from his extended trip through the eastern and southeastern states. Mrs. Aschim accompanied him. The sheriff's visit was occasioned by a national convention of the Oddfellows lodge, of which he is head in this state, at Atlanta, Ga. While in Florida Mr. Aschim had the misfortune to lose his railroad tickets, which were later sent here for him, necessitating his buying more tickets before he could continue his journey. He stated this week that they were lost while taking a taxicab from the railroad station to his hotel, and that the driver of the cab tried to make him pay an exorbitant reward for their return, which Aschim refused to do. Later the misplaced tickets found their way to the railroad agent in the Florida town, who sent them on to Tillamook.

## KENSINGTON CLUB MET WEDNESDAY

Mrs. Sam Greene and Mrs. W. C. Foster were hostesses to the Kensington club Wednesday afternoon at the Masonic hall.

In addition to the members there were six guests present, namely: Mrs. Floyd Wilson, Mrs. Amelia Phelps, Mrs. Frank Merrick, Mrs. Victor White, Mrs. Irvie Keldson, and Mrs. Charles Pankow. The names of Mrs. Wilson, Mrs. Phelps and Mrs. Merrick were added to the membership list.

Luncheon was served in a dining room tastefully decorated with black cats which lent a Halloween air to the festivities.

Mr. and Mrs. W. L. White of Aurora, with their two sons, Allan and Cecil, came in last week-end to visit relatives here. The Whites are the parents of Ira W. and V. L. of this city.

Lee Doty is moving into his new bungalow on Stillwell avenue. The Alfred Smith family will occupy the house out of which the Dotys are moving.

Brigadier General George A. White is expected in town next week to look over the armory with regard to finishing.

Allanek Hogglund, a promising young attorney is looking for a location in Tillamook. He is a graduate of Eugene University of law. At present his family is at Twin Rocks.

## BREAK FISHING LAWS; ARE FINED BY JUSTICE

Moonshine Has Its Representative in Justice Court This Week As Usual

Four fishermen who attempted to evade the law by fishing above tide water on the Little Nestucca river were brought before Judge Stanley and fined \$50 apiece last week. The men were Frank Rhodes, William Rhodes, Charles Oglesby and Frank Oglesby.

Moonshine brought grief to Clark Smith last week when he is said to have started on Beaver for Tillamook in his car with a bottle of the intoxicating fluid on his hip and another portion under his belt. A phone call from Beaver brought Deputy Sheriff Lucas to the scene and the reckless driver was placed under arrest. He was fined \$75 for possession of intoxicating liquor and \$50 for driving while intoxicated. Being unable to pay the fines he is lodged in the county jail to serve it out at the rate of \$2 per day.

L. L. Tomlin, apprehended for speeding on September 28, plead guilty and was fined \$15 and costs.

## DUCK HUNTING SEASON OPENED WEDNESDAY

Wednesday of this week marked the beginning of the open season for hunting of ducks.

Ducks of various species are generally quite plentiful in the county more particularly on the lakes and bays. There are several private preserves where the birds are attracted by being fed.

## LITTLE NESTUCCA HAS BEEN GRAVELED

In last week's issue of the Headlight it was stated that the Moon creek road was being graveled eight miles up the creek. This is an error. It is the Little Nestucca river road which has been graveled for eight miles.

## ENTERTAINMENT ON FOR GUARDSMEN

An entertainment is being planned for members of Company K for Monday evening immediately following drill. All members of the company are being asked to bring their women folk. This is the second of a series of such affairs which have been arranged for the winter.

## KEEP HIGH QUALITY FOR CHEESE MILK

### ADVERTISING DECIDED

Cheesemakers Asked to be Watchful of Quality of Milk

Twenty-One Directors Hear Reports of Dairy and Cheese Inspectors

Unless a high quality of milk is demanded by the cheesemakers of their patrons, Tillamook's reputation as a leader in the cheese market will be impaired.

This was the trend of a statement made to the directors of the Tillamook County Creamery association last Wednesday by Secretary Haberlach, when the association held its regular meeting. Each director was asked to take it upon himself to see that the cheesemaker of his own factory was insisting on the high standard set by the association some years ago.

D. M. Botsford, advertising agent for the association, appeared before that organization Wednesday to confer regarding the 1925 advertising. Tents cents per lb. of all cheese manufactured for advertising for the coming year.

The reports of the deputy dairy and food commissioner, D. R. Tinnerstet, and the association cheese inspector, Fred Christensen, were received at the Wednesday meeting. The former reported that he had made fifty-two inspections during the month—five factories and forty-seven dairies, with eighteen of the dairies scored. The highest score for a dairy was 89.3 and the lowest 41, with an average score of 69.8. There were twenty-one condemnations during the period covered by Mr. Tinnerstet's report, one a milking machine, fourteen milk cans, four pails and two strainers.

Thirty-six patrons were found to be cooling the evening milk and eleven not cooling. All herds were found tested for tuberculosis.

Mr. Christensen, in his cheese report, showed 26,021 triplets manufactured for August, of which 128 were seconds. There were 17,342 loaf cheese made, of which 101 were seconds.

Twenty-one directors were present at the meeting.

## BRIGHTON ROAD WILL NOT BE OPENED

Road Beyond Brighton Believed Too Dangerous for Large Amount of Travel

While a few days ago it was thought possible that the state highway commission might be favorable to a proposition to get the Jetty creek-Brighton stretch of road hard surfaced for winter travel it is now pretty definitely known that nothing will be done this year.

The highway commission is said to be reluctant to complete this portion on account of the bad condition of the road between Brighton and Wheeler, and on account of the extra amount of gravel which would be required to hard surface such a new grade. It is believed that if the new road were opened a large amount of travel would go over it from the north end of the county, and the condition of the Wheeler-Brighton road is considered too dangerous for heavy travel.

## WILSON RIVER ROAD CAUSING INTEREST

Visitors to Forest Grove state that there is quite a bit of interest in that community over the prospects of a road being built by either the Wilson or Trask river routes. It is said that Tillamook county people can depend on much interest and cooperation from the Willamette valley in obtaining appropriations for the new short route from Portland.

## SMALLPOX SPREAD IS NOT EXPECTED

Two cases of small pox are reported at Brighton.

So far as is known there are only two cases, Margaret Acock and Evelyn Sporup, both school children, being the victims. A majority of the school children have been vaccinated and the school has not been closed.

Both patients are on the road to recovery and further outbreak of the disease is not looked for.

Casper Shields was rendered unconscious from a fall while he was working on the barn of John Naegeli. In some way he slipped from the roof and fell into the wings of the windmill, dislocating his wrist, and with many other minor bruises combined with the shock, he was brought to Boals hospital.

## OCTOBER COURT CONVENES MONDAY

### TWO STATE CASES UP

Case Which Resulted in Hung Jury to be Tried Again

Actions for Money Constitute Most of Other Cases on Next Docket

Circuit court convenes Monday with a number of cases set for trial.

With the exception of one case all are jury cases. One divorce and several actions for money are scheduled.

The case of Cook vs. Bell and Toney which has been tried twice, resulting the last time in a hung jury, will again come before the court. It is scheduled for October 13. This suit is an action for money growing out of logging operations.

The first case to be tried this term will be Connell vs. Small, an action for money, in which the plaintiff claims goods he supplied defendant were not paid for and defendant claims rent is due him on a building used by plaintiff.

There are two state cases in the docket. Jackson and Crane, will be tried for unlawful operation of a still. The state vs. Martin is an appeal from the justice court.

Other cases to be tried are: West vs. Accident Commission, appeal; Hill vs. Beals, action for damages; Zweifel vs. Ball, action for money; Hicklin vs. Hicklin, divorce; Sedore vs. Muscott, action for damages; Holter vs. First National Bank; Woods vs. Burbank, action for damages; Capital Food company vs. Bent action for money.

George Williams, local dairyman and automobile dealer, received a very bad injury to his leg in a fall at his barn the first of the week. It was first thought to be only a minor bruise but later developments showed it to be rather serious one in a small fracture of the bone and badly wrenched ligaments, which made it necessary for him to stay off his leg for an indefinite time. He is improving rapidly.

A marriage license was issued October 2, to Ernest E. Ford, 23, and Florence Stranhan, 17. The latter being a minor had the consent of her guardian.

Tillamook will play Newberg Friday at Newberg. One of the Portland buses has been engaged to carry the team from here. A number of others beside the team are expected to go also. The next game on the local gridiron will be played with Seaside on October 10.

## ARMORY COMPLETION IS BEING DISCUSSED

Cost of Waterproofing the Building Estimated at \$2,700, With Interior Added

J. E. Shearer appeared before the Kiwanis club Wednesday by request and gave a report on the estimated amounts necessary to finish the exterior of the armory and provide drainage around the building.

During the recent rains water came through the walls on the south side and ran over a considerable portion of the floor. Unless something is done to prevent this in the future it is stated that a great deal of damage will be done to the building before spring.

Captain Shearer reported that the cost of water proofing the outside of the walls and providing drainage for the roof and windows has been estimated at \$2700. Completion of the interior of the building will cost \$1700, making a total of \$4400 necessary to complete the building.

Forty thousand dollars has been spent so far on the building, of which \$20,000 was furnished by the state and \$10,000 each by the county and city. It was known at the time construction was commenced that this amount was insufficient to complete the building.

## TILLAMOOK HIGH WINS OVER LINFIELD

Tillamook high was the victor in a hard fought game with Linfield college of McMinnville Saturday afternoon. The score was 6 to 0.

The Tillamook team had a very fast lineup and they succeeded in making 8 first downs to Linfield's 2. They completed 2 out of 3 passes, while Linfield attempted 3 and completed none. The winning touchdown came in the second half after a varied attack of off-tackle smashes.

The average weight of the local team was 165 pounds while Linfield's was 185. Tillamook's lineup was as follows: R. E., O. Johnson, R. T., C. Thomas; R. G., J. Harrison; C. C. Ware; L. G., Gienger; L. T., A. Miner; L. E., M. Miller; F. B., Tucker; R. H., C. Johnson; L. H., L. Johnson; Q. Mahan.

After the showing made by the T. H. S. eleven Saturday, Corvallis high school telephoned to Coach Sheeley for a game. This is considered quite a compliment for the local team as Corvallis is one of the best teams in the state. Last year they played The Dalles for the championship and were defeated by only one point.

Tillamook will play Newberg Friday at Newberg. One of the Portland buses has been engaged to carry the team from here. A number of others beside the team are expected to go also.

The next game on the local gridiron will be played with Seaside on October 10.

## RECRUITING STOPPED BY NATIONAL GUARD

Word was received here by telegraph Tuesday that no more recruits for Company K could be taken except for re-enlistments or replacements on account of Oregon having filled her quota of citizen soldiers so that appropriations were not available to take care of more men.

This means that probably for several months to come Company K will necessarily have to keep its strength down to 86 men, its present strength.

L. H. Van Anken of Whitney camp received an injury to his leg while he was attempting to cross the river on a foot bridge when the bridge gave way. He is in the hospital.

Eugene Urbanek, the popular boxing genius of Whitney camp, received a bad cut on his leg while chopping with an ax. He was in Boals hospital for a short time this week, but is out again now and doing very nicely.

## CITY STREET DISPUTE ENDED BY COUNCIL

### CITY BUDGET IS PASSED

City Caucus to be Held Here Friday, October Seventeenth

Over \$39,000 Must be Raised Next Year For Conduct of City Government

The budget was passed by the city council at the Monday night meeting as proposed. The total amount of the money to be raised runs over \$39,000 of which about \$3300 comes from fines and such sources, the remainder to be raised by taxation.

On behalf of the Presbyterian church, Carl Haberlach requested permission to make improvements in the Presbyterian church building. The request was granted. These improvements which consist of an addition to the church and a basement to be put under it will cost \$3000.

The council passed ordinance No. 451 which repeals ordinance No. 227 as far as 2nd avenue east is concerned. Ordinance No. 227 provided that all streets in the city were to be constructed on an established grade and in a recent litigation against the city it was brought out that the grade of a certain street was a few inches lower than the established grade. In order to prevent further trouble the council thought best to repeal the old ordinance as far as the construction on 2nd avenue east is concerned.

The date for the city caucus was set for Friday, October 17 at 8 o'clock.

## JOURNAL SCOUT CAR GOES THROUGH CITY

Phil J. O'Toole driver of the Oregon Journal scout car, drove in over the McMinnville Tillamook highway from Portland Friday. Mr. O'Toole made a log of the road and took a number of photographs for publication.

He was accompanied on the trip by J. W. Montgomery, manager of the Oregon News company.

Mr. and Mrs. Frank Bester and son Arthur, who have been attending a re-union of the Besters at Canary, Lane county, Oregon, on the 21st of September, returned Wednesday. For the first time in over thirty years the three brothers and one sister ate dinner at the same table. A fine chicken dinner was served at the home of Charles E. Bester, the eldest brother. Mr. and Mrs. John Bester of Cushman, Oregon, and Mr. and Mrs. Chas. B. Stokes were also present. The older Tillamookers will remember Mrs. Stokes as Lola Bester as she lived here during her girlhood days.

Old time days and events were talked over for they were children in this county a few years ago. On the way home they left Arthur to resume his studies at O. A. C. at Corvallis. They spent some time at the state fair and then went to Portland where they visited at the home of John Donaldson and wife, who were schoolmates of the Besters years ago. They report a very enjoyable time during their two weeks from home.

Emmett Bales brought Mrs. Bales home from Portland Monday. Mrs. Bales is recovering rapidly from an operation which she underwent about two weeks ago in Portland.

Mr. and Mrs. Thomas Coates drove to Mullino Saturday afternoon taking Mrs. Coates mother, Mrs. Paulsen home after a visit here. They returned home Monday.

Nathan N. Stanley left Monday after visiting here for a week with his brother E. W. Stanley, for his home at Patterson, California, where he is in the meat business.
