NEW OAKLAND ATTRACTIVE CAR

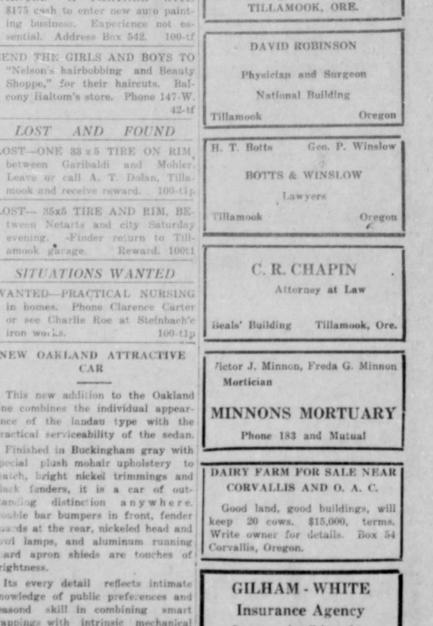

This new addition to the Oakland line combines the individual appearance of the landau type with the practical serviceability of the sedan.

Finished in Buckingham gray with special plush mohair upholstery to match, bright nickel trimmings and black fenders, it is a car of outstanding distinction anywhere. Double bar bumpers in front, fender guards at the rear, nickeled head and owl lamps, and aluminum running board apron shieds are touches of

Its every detail reflects intimate knowledge of public preferences and seasond skill in combining smart trappings with intrinsic mechanical worth.

Oakland's new one-piece windshield is a feature affording open vision and snug protection, yet sliding upward when needed to give a full sweep of fresh air across the entire width of Salem-Oregon apple crop estithe car.

In perfomance, it boasts all the about same yield as 1923. resourcefulness, smoothness, and de- Astoria-Freeland table factory to pendableness of Oakland's advanced be completed in October, to employ six-cylinder L-head environ. 15 190-11.
