ORETOWN BASKET SOCIAL

Friday evening, October 3, 1924, the Oretown school gave a program and basket social at the grange hall. The social was held for the purpose of raising money to buy pictures and other things for the school rooms. The program given was as follows:

A piano solo, by Miss Outfield. The Young American Creed was repeated by the first three grades followed by the singing of America by the entire body. The Shoemaker and the Elves was dramatized by the fourth grade and read by Miss Outfield. Two old time songs were sung by a selected chorus of ten. A flag drill which ended in a patriotic tableau was then put on by eight boys. Edna May Carver recited "Entertaining her Big Sister's Beau," followed by an interesting song by the boys, named, "I've Been a Working on the Railroad." The program was concluded by a pantomime of the "Frost Fairies" which was recited by Miss Irma Smith.

After the program W. H. Christenson sold the baskets from which the school obtained \$54.

The Oretown school has an enrollment of twenty-nine pupils.

Outfield and Miss Weed are the winners.

Which State Will Grow?

- Washington.....NO Income Tax
Oregon.....INCOME TAX
California.....NO Income Tax

WE HAVE EXAMINED copies of the documentary evidence as to the effect of a state income tax upon Oregon. We are satisfied as to the genuineness of the documents.

We find that this evidence substantiates the claim that many millions of dollars have been diverted from investment in Oregon industries that would provide a home market for Oregon agricultural products.

We find the damage is so serious and of such extent that we appeal to our neighbors and to voters in all parts of Oregon to vote for the repeal of the present income tax and to oppose the enactment of any new state income tax bill, at least until such time as the other Pacific Coast states have enacted similar legislation so they cannot grow at Oregon's expense.

We do not object to paying a state income tax, but we do object to imposing a tax that keeps capital out of our state, retards state development, and tends to leave our farmers dependent upon distant markets.

We resent the tendency to give Oregon the reputation of being a "backward state." Oregon resources and the courage and enterprise of her pioneer people entitle her to a great destiny. Let us all join hands to rid Oregon of legislation that handicaps Oregon development.
