--	----------------

NOW-We are entering the 15th year of the Grand Leader's business career in Tillamook, Oregon. We celebrate by altering and enlarging our store to double size. This institution when founded 15 years ago with a small stock, fore-saw that a great business could be built up by giving better values for every dollar.

Such a degree of success could never have been realized without adhering to this policy. This big stride now meets the situation, when with all energy bent on greater success we now present to the people of Tillamook and vicinity much more than could be expected for their highly appreciated patronage.

Tillamook labor, carpenters, painters and plumbers made the alteration that brands the Grand Leader the largest and most complete organization of its kind in this locality.

Volume buying and volume selling is necessary. The magnitude of our purchases saved us thousands of dollars, the benefit of which we now offer you to meet the Fall and Winter needs of the entire family.

**SALE STARTS FRIDAY**
