Your subscription will make her heart beam with gladness.

Now on Exhibition at the - SUNSET GARAGE - Call and see the record breaker

Engine—Famous Buick six-cylinder, four-cycle Valve-in-Head, automatically lubricated throughout; removable head. Clutch and transmission integral parts of engine. Engine suspended at three points from main frame, 3-inch bore by 4 1-2 inch stroke. Crankshaft drop-forged steel, heat-treated, extra heavy and balanced; four large bearings. Pistons and connecting rods, properly weighted and carefully manufactured, together with cylinder dimensions and balanced flywheel, assure smooth operation. Large valves operated by noiseless, adjustable push rods through rocker arms, which are automatically lubricated from engine. Fifty actual brake horsepower.
