ourage to start on such an enter

prise, for we had no material in sight

for the purpose excepting standing

trees for lumber and no saw mills

o turn our timber into boards, plank-

ing, etc., nor any store nearer than

Astoria to obtain any material indis-

ensable in the construction of a ves el, and worse than all, very little

money amongst our company's men

wherewith to purchase any. It was

getting near fall and the weather would be against us in the way of out

door work, so that it looked very dis-

ouraging to start such an enterprise,

out we knew it was our only chance

bring in provisions for Sam

of obtaining the means whereby we

Howard had been running the McCuin

around about Astoria and was coming

down to Tillamook with a few pro-

the wind failed him and the little

craft drifted onto the spit and be-

course a loss, but not so great had

he had a full cargo, still it was
