

Tillamook Headlight

VOLUME 37; NUMBER 1,909

TILLAMOOK, OREGON, FRIDAY, DECEMBER 12, 1924

PRICE \$2.00 THE YEAR

COURT ADJOURNS TILL DECEMBER 22

Attempt to Clear Docket Will be Made Before January First

LIQUOR CAUSES FINE

Civil Actions, For December Term Are Few, and Judgements Are Rendered

The December term of the Tillamook county circuit court adjourned Saturday to meet again on the 22nd of this month, when all state cases now before the court may be tried before the present district attorney, T. H. Goynne, goes out of office. Mr. Goynne surrenders his county affairs to Claud Barrick January 1.

Before adjournment Oscar W. Erickson, indicted by the last grand jury for unlawful possession of intoxicating liquor, was fined \$500 and sentenced to six months in the county jail. He was paroled upon the payment of the fine. James Matthieu and J. L. Conover, indicted on the same charge as Erickson, will be retried later on account of the jury failing to agree.

Charged with rape in connection with a sixteen year-old girl, George St. Onge will be sentenced when the court meets again this month. The divorce action started by Grace Edna Adams against Maurice Adams was dismissed by Judge Bagley because of findings in the case. R. J. Blundson was given a divorce from Helen Erlanson and defendant's maiden name of Helen Eadus was restored. Elda Boyd was allowed a divorce from Samuel Boyd on a cruelty and non-support charge. The couple were married at Montesano September 1923.

Civil actions were few and resulted as follows: Hugh Thomas versus Hugh Arstill, judgment rendered for plaintiff; Nestucca Valley bank versus Harry Goulding and A. F. Mitchell, judgment for plaintiff; H. J. Pies versus Albert Falcon, default decree versus plaintiff judgment; Earl Cook versus Harry Bell and C. F. Toney, case dismissed.

AUTOMOBILES COLLIDE AND DAMAGE STORE

When Arthur Penn and L. J. Todd collided at the corner of Third street and Second avenue east Friday night the store front of Larson & Hechtner was the sufferer, for Penn's car reversed and ran into the door of that place and shattered the glass, beside damaging the door. The same evening Al Fortier and H. Lilly staged another collision just a block away on the city hall corner, but the damages were very little. Last Wednesday B. J. Neilson and E. J. Nelson collided on the streets of the city with small damage as a result.

FOUNDRY BUSINESS GROWING RAPIDLY

The plant of the Steinbach Iron works here is showing a remarkable growth. Mr. Steinbach now employs thirteen men full time and keeps them busy. Last week a 4,000 pound hammer for the Coats' Driving and Boom company was casted there. Mr. Steinbach is in the midst of enlarging his foundry to suit the growing need.

Sergeant Raymond Ramsey, sergeant instructor for the Oregon National guard, stationed at Portland, made his regular trip to Tillamook Monday to be with Company K for the weekly drill.

The Episcopal guild entertained with a farewell party for Archdeacon Black at the home of Mr. and Mrs. A. A. Schultz. Mrs. Black was also a guest. Five hundred was played during the evening.

JUSTICE COURT CASES ARE FEW THIS WEEK

Unlawful Fishing and Driving Get Several People Into Difficulties With Law

Andrew Zuercher was haled into the justice court Monday on a charge of unlawful possession of intoxicating liquor. He entered a plea of guilty and was sentenced to pay a fine of \$250 and spend 10 days in the county jail.

Charged with driving into the town of Cloverdale at a rate so fast that in attempting to turn the corner his car got out of control and slid into another machine and damaged it, Frank Redberg appeared before Judge Stanley Wednesday. He was fined \$15 and costs, which he paid. James Clinger and C. Schindler are in the county jail serving out a fine of twenty-five dollars each which was imposed on them in the justice court as a result of unlawful fishing.

STRICT QUARANTINE INTENDED BY LAW

An effort will be made at the next meeting of the state legislature to amend the dairy herd inspection law so as to make it unlawful to ship or bring cattle into Tillamook county unless they are accompanied by a certificate of health issued by a qualified veterinarian. The livestock sanitary board now has a ruling to this effect but the law which it is intended to put into effect would prohibit shipments of un-inspected cattle and provide a penalty for violation.

The amendment will also include a provision to make the collection of fees for testing more certain. Figures from the office of the dairy herd inspector show that at least half of the cattle found infected with tuberculosis this year were shipped from points outside the county.

AUTOMOBILE FIRM OCCUPIES NEW HOME

J. Merrel Smith recently moved his automobile display room into the commercial building on First street in the store room formerly occupied by George Burckard.

The new quarters allow the display of twelve cars on the floor. The basement is given over to the repair shop. The display room has been neatly fitted up. Offices have been arranged on the balcony. An air compressor of the latest type has been installed and Mr. Smith has purchased a modern air lift, visible gas pump which is said to be a great improvement in pumps.

During the opening days of the new establishment, fire extinguishers were given to all visitors. Mr. Smith states that nearly 300 of the extinguishers were given out.

Mr. Smith has the agency for the Oldsmobile car and is in partnership with George Hansimair in selling Studebakers. A large stock of both cars is on display.

LOCAL LEGION POST MEETS HERE TONIGHT

Tillamook post of the American Legion will hold its December meeting this evening at the armory. The officers elected at the last meeting will be in their chairs.

Ole Redberg was in town from Oretown Wednesday on legal business. Mr. Redberg is a very active member of the grange in his part of the county.

J. H. Rosenberg purchased a five passenger master-six Buick sedan last week. H. H. Rosenberg purchased a similar machine in the standard six model.

Mr. and Mrs. Harold Tolford and son of Wheeler, Oregon, spent Sunday visiting with Georgia A. Hoss and Alysse E. Murry at Plasker Court. Mr. Tolford was driving a new Ford coupe.

MRS. C. E. STEPHENS WINNER OF CONTEST

Mohler Contestant Far in Lead Over Opponents For Car

AWARDS ARE POPULAR

Headlight Now Has Circulation Far Above Most Papers of Same Class

Mrs. Charles E. Stephens	12,171,550
Miss Helen Leonard	3,545,100
Miss Ruth Lewallen	2,380,000
Mrs. Claude Stott	872,700
Miss Velma Watson	862,500

That is the way the final vote stood last Saturday evening when the judges finished counting in the Tillamook Headlight Popularity Subscription campaign, with Mrs. Charles E. Stephens of Mohler as the winner of the grand prize, a standard Buick Six touring car.

Miss Helen Leonard was awarded the Star piano, as second place, Miss Ruth Lewallen the Edison phonograph, third, Mrs. Claude Stott the first diamond ring, fourth, and Miss Velma Watson the second diamond ring as fifth prize. The sixth prize, another diamond ring, was withdrawn on account of there being no contestant.

The first award was a very popular one apparently, as a large number of people expressed their appreciation of the winner and the way the contest was conducted. Frank Kane, as contest manager, received many congratulations on the manner in which he conducted the campaign.

The Headlight was well supplied with subscribers and now boasts a list of well over 2500 bona fide names on its files. This is probably the largest circulation ever attained by any newspaper printed within the county, and gives this paper undoubted superiority in the news and advertising field. Figuring on the average family this means that nearly 10,000 of Tillamook county's 15,000 people read the Headlight weekly.

The judges for the counting of the votes were M. F. MacLeod, Mohler; C. A. McGhee, Tillamook; H. M. Farmer, Cloverdale; W. D. Pine, Tillamook; J. C. Plasker, Tillamook; I. E. Keldson, Tillamook; V. L. White, Tillamook.

Clarence Larson of the Larson-Hechtner firm was in Spokane this week on business.

BUTTER MAKING PLANS ARE BEING FURTHERED

Cheese Makes Second Advance Within Month, With Another Probable

The Tillamook County Creamery association is contemplating installing a butter plant and now has two or three sites in view. It is not thought that much money will be made in the operation, but it has seemed an economical waste to send the cream to Portland and then have it sent back here again after it is made into butter. Also it is believed that a better quality of butter can be made in Tillamook than by shipping same to Portland because the cream will be brought to the local plant in much better shape than it can possibly arrive in Portland after being on the road for several hours and also in the heat of the day.

Secretary Haberlach reports having advanced the price of cheese one cent on December 5, bringing triplets to mook. This is the second advance 25 cents and loaf to 26 cents, Tillamook within a month. Should Wisconsin show further advances this week, he expects to again advance the market similarly.

Cold storage holdings on the Pacific coast as of November 29 were 4,371,990 pounds against 3,282,860 pounds of the same date last year. The biggest part of the excess holdings occur in San Francisco, this year's holdings being 1,411,847 pounds, being over twice as large as 692,348 pounds held last year.

Feed prices continue to advance in Portland, but so far there have been no changes in Tillamook. The large mills are now quoting Portland prices as follows: Corn, \$62; oats, \$51, for rolled; barley, \$56 for process rolled. They are also quoting mill run at \$40 and middlings at \$52. Against this Tillamook prices on corn are \$55, mill run, \$30, middlings, \$49.50, oats and barley, \$47. To the Portland price should be added freight to Tillamook which is \$4.30 on oats, barley, and mill run.

The holdings of Tillamook cheese in Los Angeles and San Francisco approximate 10,000 boxes, or ten percent of the year's production.

Many of the factories such as Cloverdale, Red Clover, Mohler, and Clover Leaf are now making their entire curd into loaf cheese. It is expected that this is going to help the cheese market considerably because at this writing there is a ready sale for loaf cheese. It should be remembered, however, that the demand for loaf is intermittent and may change at any time.

COMMUNITY CLUBS FORMED IN COUNTY

Sewing Clubs in Majority of Those Formed About County

CAMP COOKS FORMED

Cooking Runs Second to Domestic Arts Among Children of County

(By D. H. Kennedy, County Club Agent)

A number of cooking and sewing clubs have been organized during the month in the different parts of the county.

At Oretown a cooking club has been organized with Miss Averyl Weed as leader. The officers of this club are: President, Floyd E. Shelby; vice-president, Frank Carver; secretary, Edna May Carver. Other members of the club are: Effie Carver, Willis Carver, LaVerne Miles, and Martha Selby.

At Meda a camp cookery club has been organized with Frank Wilson as leader. The officers in the club are: President, Kester Olthoff; vice-president, Ralph Wilson; secretary, Roy Dunn. Other members of this club are: Ellwood Reddekopp, Normal Reddekopp, Charles Stewart, Lyle Fowler, Melvin Dawson, Glen Coughnan, Sylvester Coughtan, and Dell Fraser.

The Beaver school and community has organized a sewing club with six members and Mrs. Maude Johnson as leader. President, Anna Mattou; vice president, Ursula Vinson; secretary, Margaret Vinson. The other three members are: Marian Hester, Lois Sheets, and Wilma Vermilyea.

At South Prairie a sewing club has been organized with Miss Alice Baxter as leader. The members and officers are: President, Lena Weber; vice president, Lennea Peterson; secretary, Bernice Rife. Hannah Hickey, Daphna Harmon, Bernice Buttz, and Dorothy Paul are the other members.

In the Hunt school a sewing club has been organized with Mrs. Evelyn Steidinger as leader. President, Ormond Moon; vice-president, Eloise Blum; secretary, Ellen Pinkstaff. Other members are: Hazel Turner, Anise Moon, Ruth Plakstaff, Beryl Kight, Elmo Wheeler, Fred Robinson, Virgil Garner and George Sharp.

At Rockaway a sewing club has (Continued on page 8)

ROAD CONSTRUCTION SLOWED UP BY RAIN

Permanent Road Being Laid to Oceanside, and Blaine Road Gets Attention

On account of the off season and the bad weather the road construction in the county is almost at a standstill. The mile of road on the way to Oceanside, just north of Edner's is being graded, which will eliminate the steep hill at that place. The hill part of the road was laid temporarily. Hubbard and Bestel are the sub-contractors on this job under F. C. Feldschau.

The steam shovel has reached the three mile-post on the Nestucca river road above Blaine. The clearing contractors, Slanger and Jones, are making good progress on this section.

The year's work on the Jetty-Brighton project has just been completed. Surfacing will take place there sometime during the early summer.

JUBILEE AND SUPPER PLANNED BY CLUBS

(By D. H. Kennedy, County Club Leader)

The boys' and girls' club in the vicinity of Tillamook are planning to hold a jubilee and chicken supper ending the club year. This meeting will be in the Fairview grange hall Friday, December 19, at 8:00 p. m.

A two reel moving picture on club work put out by the department of agriculture has been applied for and will be shown if available.

The speakers of the evening will be Andrew Miller, secretary of the state bankers' association. Miss Mae McDonald of Tillamook high school will talk on importance of home economics. H. C. Seymour, state club leader will talk on club work. George N. Angell of the Oregon Farmer staff has been asked to lead in singing club songs.

Club members, parents, and everyone interested in club work are asked to attend and make this a real event of the year.

BODY OF SUICIDE SENT TO PORTLAND

The body of G. G. Rhinehamer, who committed suicide in the basement door of the Methodist church here November 29, was sent to Portland this week by Coroner R. N. Henkle for cremation. This was one of the many requests which Rhinehamer made in a letter he wrote before he killed himself.

The parents of the dead man and some other members of the family have been located by the coroner.

GARAGE BALL TEAM SCORES ON WHITNEY

The Tillamook garage basketball team defeated the Whitney mill team of Garibaldi by a 28-10 score in a game played at the latter place Wednesday night. The clever floor of the Tillamook team is said to have been largely responsible for the victory. Hamilton, Goheen, Parsons, and Gabriel made the scores. Sharkey is credited with having played a good defensive game in his guard position. The garage team is scheduled to play Wheeler at the local armory in the near future.

John Ebinger, with Mrs. Ebinger, is in town from Woodland, Washington, where they operate a dairy ranch. John thinks the cheesemakers of this county ought to be "roasted" for allowing the first premiums at both the state fair and the Pacific-International to get away from them.

John Mathers was in Portland last week moving into the new freight terminal on east Yamhill and Water streets. Mr. Mathers also purchased a new G. M. C. truck for service on his transfer line.

A. G. Schultz of Bay City, Ed Davis of Nehalem, and H. J. Tohl of Beaver were all visitors to the county seat last Saturday.

COUNTY PRINCIPALS HOLD MEETING HERE

First Convention of Association Was Held Last Saturday

TRACK MEET ARRANGED

Schools About County Observe Various Holidays With Suitable Programs

(By G. B. Lamb, county superintendent of schools)

The first meeting of the Tillamook County principals' association was held at the Bungalow cafe in Tillamook city last Saturday where luncheon was served. After luncheon the association adjourned to the city hall where the afternoon was spent in discussing various school and educational matters.

There were present: L. W. Turnbull, city superintendent, president; Clede Chichester, secretary-treasurer; Brighton; A. E. Clawson, Wheeler; J. E. O'neel, Bay City; J. S. Goin, Tillamook; E. G. Bailey, Cloverdale; W. A. Cox, Garibaldi; Evelyn Steidinger, Tillamook; Edith Todd, Tillamook; W. Gladys Watson, Mohler; E. Gladys Edwards, Bay City; Lillian Keyet, Mapleleaf; Evelyn Weed, Oretown; and G. B. Lamb, county school superintendent. All of the schools employing more than one teacher were represented but three.

The principals made arrangements for the holding of an inter-school track meet and declamatory contest to be held in connection with the usual eighth grade commencement exercises next May. These events will be so arranged as to include both high school and grade school pupils, each being separate, but held at the same time.

The various athletic activities will be so arranged that they may be entered by both boys and girls and suitable for pupils for all grades. Committees were appointed to work these matters out in connection with committees which will be appointed from teachers representing one-room schools.

It is felt that a great deal of interest will be aroused in this way, as it is a well known fact that athletic events in which all the pupils of various schools may take part will very materially lessen some of the problems involved in school management by giving the pupils a definite outlet for the desired physical activities natural to a child.

The matter of exhibits at the county fair brought forth no small amount of discussion and a great deal of interest and the association went on record as being very anxious to make suitable exhibits for their schools at the fair the coming year. The county superintendent was appointed and urged to consult with the fair board to the end that proper and suitable arrangements be made in the new fair building to suitably display all of the school activities including the boys' and girls' club work as well as classroom work.

The Mohler school observed Thanksgiving day by giving a program of music, recitations, and dialogues which was appreciated by all the people present. This school also observed Halloween in a very interesting manner.

The Riverdale school observed Halloween by giving a necktie social and party. The sum of twenty dollars was raised by this means which is to be used for needed improvements about the school.

The women's club at Hebo gave a bazaar last Friday night, December 5, which was well attended and very profitable, financially. The proceeds of this bazaar go for fitting the new school gymnasium which has just been completed at Hebo.

The schools at Cloverdale are not to be out-done by any others when it comes to school activities and public interest. Recently a social was (Continued on page 8)
