### COMMUNICATION.

To The Editor of the Herald:

In last week's Headlight appeared a reprint from the Cloverdale Courier of a letter from Professor Brimhall in regard to the conduct of the basketball team from our high school at a game played at Cloverdale. There was a comment on the matter by the editor of the Headlight.

We feel that an injustice has been done to the members of the team by this publication. The matter was published by the Headlight without investigation, and we think that if any investigation had been made he would have refrained from making the publication.

The matter has been taken up by correspondence with Professor Brimhall, and he has modified the statement so as to relieve a part of the team at any rate from the reflections made in the first letter. He has also given a part of the force of his information which is being followed up, and further investigation is being made.

It is only fair to say, that the members of the team all deny the improper conduct which has been charged against them, outside of the matter of taking some penants in boyish spirit which is common among the schools, and we have every reason to believe that when the matter is sifted to the bottom it will be found that our team is not open to the criticism which has been made against it.

We regret the unpleasant notoriety which has been thrust upon the team in this way, and we believe it is very largely if not altogether uncalled for. If it is found that the members of the team, or any of them, have been guilty of conduct which calls for discipline, the same will be administered.

We might suggest that newspapers should refrain from rushing into print matters of this kind, criticizing the high school without making sure that their action is based upon solid foundation.

We might further suggest that in the future if Mr. Brimhall wishes to inform us of misbehavior on the part of our high school pupils, that he do so by letter and not rush into print on hearsay evidence. A great deal of harm is sometimes done by false accusations especially in case of a public institution of this kind.

And further, if Mr. Brimhall is so concerned about the morals of the community why did he not commence at home? Why did he not give the hotel keeper at Cloverdale a write up for taking our basketball team, all of whom are minors, over to a cigar store and treating them to cigars? Why did he not attack those who got up a dance for the entertainment of our team after the game?

Mr. Brimhall seems to be barking up one tree and looking up another. Signed

### COMMUNICATION.

Editor Herald:

We wish to correct an erroneous statement published in the special edition of the Headlight in regard to the children marching on the streets. The teachers were requested by the church officials to make this announcement: "All Sunday School children are requested to meet at the church after school for about 10 minutes when they will tell you what is wanted."

The children were not induced to go to the church without their parents knowledge, as the snap shot man said. No election rhymes or cries have been taught in the school. The teachers have repeatedly told the children that it was not a school affair and was not compulsory.

The items are deliberate prevarications. Because some of the teachers in connection with their Sunday school work went to the church and assisted, is no reason why it was a school affair. The snap shot man only lowers himself in the estimation of decent people when he places such, to use his own words, ("rotten") charges against the teachers.

What kind of a citizen is Mr. Baker, when he denounces good principles and falsely accuses public school teachers of dabbling in city politics and urges their instant dismissal.

Through his ignorance he has called temperance work political rot. Temperance is not a political question it is an economic one.

On page 7 and 8 in the State Course of Study it compels a teacher to teach the children the effect of alcohol upon the human system.

### THE ROYAL ROSARIANS' MISSION.

The invasion of the Winter Tourist Centers, Sacramento, San Francisco, Oakland, San Jose, Los Angeles, San Diego, Pasadena, etc., by the Royal Rosarians of Portland was a great success. The actions were sharp and decisive, the sieges always ended in unconditional surrender to the gay warriors in spotless white, bearing the rose, the emblem of their Native City "The City of Roses."

The Royal Rosarians, organized to assist the good work of the Portland Rose Festival Association, has performed a great service to Portland, to Oregon and the Pacific Northwest.

About 100 business men and their wives left Portland December 28th on Special Train, via the Southern Pacific, over the beautiful Shasta Route and "The Road of A Thousand Wonders." All the principal cities of California were visited. The California Tourist season is now at its height. Thousands upon thousands of Tourists, some wealthy, others with only moderate means, from all corners of the United States, Canada and Foreign Countries, are now wintering in delightful, sunny California.

It is estimated that in the parade at the Floral Festival at Pasadena alone the Rosarians were reviewed by more than 400,000 people most of them tourists.

The Rosarians were the subject of hundreds of Kodak snapshots, as well as of the moving picture operators, seeking material for the picture shows on all the great circuits.

The advertising value of the visit of the Rosarians to California cannot be estimated. Of the people who saw them, met the Members, or received a personal or printed invitation to visit Portland and the Pacific Northwest next summer, many will come this way. We hold that, if the people come to Oregon, they are sure to be fascinated with our beautiful country, and many will remain permanently.

The Royal Rosarians are doing a splendid work in the development of Oregon, by inviting people to Oregon. Let us do likewise.

### A PART OF PORT APPROPRIATION WITHDRAWN.

Word has just been received to the effect that the additional appropriation for Tillamook Bay and the bar had been struck from the Rivers and Harbors bill and would not be allowed because local interests had not as yet appropriated their share. We understand however, that the original and initial appropriation of \$100,000 for the starting of the work still stands. It is thought that with an early decision from the Supreme Court in regard to legality of the Bay City Port, a special bill may yet be passed at this session of congress giving us needed relief.

### WATER COMMISSION MEETS

At the regular meeting of the water commission on Monday evening M. Melchior was elected president to fill out the unexpired term of Chas. Reynolds, and W. G. Dwight was elected vice-president to fill out the unexpired term of M. Melchior. Carl Haberlach was elected secretary and Chester McGhee treasurer. Finance committee, W. G. Dwight and P. W. Todd. Besides allowing the usual bills no further business was transacted.

## "Wets" Poll Large Vote Today.

Drys Are Defeated by a Vote of 420 to 246 in an Endeavor to Eliminate the Saloon.

The late campaign between the "wets" and "drys," though short, was a most strenuous one, and ended in a victory for the "wets" by a vote of 420 to 246. A heavy vote was cast early in the day, 360 having voted by noon.

There was no violation of the election laws that we have heard of and everything proceeded in a most decorous manner.

On Monday forenoon the Headlight issued a special edition which was followed by a special by the Herald. Some of our people got quite worked up over the matter and some ill feeling was engendered. However, this must be expected in all struggles of this kind.

One thing was proven quite conclusively in this election and that is that the women will vote pretty much as their men folks do.

### SALOON MAN ARRESTED.

On the 10th Ed Laughlin was arrested and taken before Recorder Todd on the charge of entertaining a woman in his saloon. Mrs. Dick and Mrs. Phillips, the two lady police officers recently appointed by the mayor, furnished the evidence and were the complaining witnesses. We understand that Mr. Laughlin was not at his saloon at the time but that one of his bartenders let the woman in. She was in the saloon about twenty minutes according to the evidence given by the witnesses. Defendant was found guilty, but was not sentenced because of the fact that his attorney, Webster Holmes, will get a writ of review and try the case in the Circuit Court. Attorney Holme's contention being that as woman is allowed to vote she ought to have every other privilege of men, including the right to go into a saloon if she wants to.

### COW TESTING ASSOCIATION MEETS

This afternoon a goodly number of ranchers met at the Commercial Club rooms and attended the first annual meeting of the Tillamook Cow Testing Association.

The past year's work of the association was discussed pro and con and many valuable points were brought out. While there was some dissatisfaction expressed, the majority of those present were well pleased with last year's showing and will still remain in the association.

It is necessary that there should be thirty members in the association, and while some may drop out it is expected that others will take their places. It is the intention of the society that each farmer enter 20 or somewhere near 20 cows in the test, which costs him \$1.00 each for the season. The tester makes a call at each rancher's place once every month and spends the day there. Harry Svenson was the tester for the past year and is reported to have given the very best of satisfaction.

It is expected that there will be a passenger service between Tillamook and Portland the last of this week. It was expected that trains would be running to Portland by now, but the storm of the fore part of the week caused further slides and delay that prevented.

The parade of Sunday School children which was to have taken place on Monday afternoon in a demonstration against the saloons, was called off on account of rain. However, several of the youngsters, of their own accord made quite a demonstration.
