NEHALEM NEWS.

From Enterprise: Mrs. H. K. Thompson was taken to the Bay City Sanatorium Thursday where she will undergo an operation. She has been ill for sometime and it is to be hoped she will recover speedily.

The roof of S. G. Reed's cottage at Ne-skah-nia was blown off during the recent storm and carried several hundred feet into the meadow above the house by the heavy gale that swept down the mountain side. The other cottages in that vicinity did not sustain any damage, however.

August Sanberg killed a large cougar near the Batterson place on the South Fork of the Nehalem River last Monday. It measured nine feet from tip to tip.

H. W. Tohl, the man of authority in the Nehalem Hotel, has been confined to his room for several days owing to an attack of the la grippe. He is able to be about again as usual.

The board of inquiry meeting was held at Mohler Thursday morning to ascertain the cause of the recent wreck at Roy's place. Several prominent railway officials were in attendance taking testimony from the crew and passengers as well. The accident was wholly unavoidable, however, and therefore there is no probability that any charges will be preferred against the crew by these officials.

The Misses Martha Alley and Clara Schollmeier returned Sunday from a short visit in Portland and vicinity. They report having had a most pleasant trip and also an intensely interesting one for several reasons; principally on account of the circuitous route they took in returning to Nehalem via Seaside over the trail, which added considerably to their fund of experience in making their first call to points beyond the narrow confines of Tillamook County.

O. J. Smith and C. D. Peregoy witnessed an interesting spectacle Wednesday morning. They were engaged in picking up saw logs on the bay with a launch when a big tidal wave six feet in height and extending the full width of the bay swept across the flats toward them. When it struck deep water however it became a dead swell and the boat bounded over it without any difficulty. They feared that it would swallow up the little craft and were prepared for the worst, even to willing their property to their legal heirs when the wave struck them. Happily all trouble in this regard was averted when the "Clara D" proved herself equal to the task of mounting the comber and came out of the difficulty with flying colors.

HAPPY BEND,

Mr. and Mrs. Magarrell took Mrs. Magarrell's parents to Tillamook, where they expect to make their future home.

The Christmas tree and entertainment that was held on Christmas night at the Magarrell Hall was well attended. The Boulder teacher Mrs. Stone, furnished the greater part of the program. She was sorry she hadn't more time but she certainly did well. So many thanks to Mrs. Stone and her school for their kindness. The Wolf Creek school also did well for such a small school. They all took an active part. The beautiful decoration was due Lesley Jensen, Misses Ethel and Jessie Jensen, L. D. Krake and Mrs. E. P. Mills. We take this way of thanking the people for their help in so many different ways.

Hunting seems to be the order of the day around this neighborhood.

H. L. Jensen is sick with a bad cold. Clarke Johnson is reported on the sick list.
