### TURKS REFUSE PEACE TERMS

The Outlook For Balkan Peace is Gloomy.

London.—There is no prospect for acceptance by Turkey of the peace terms as proposed by the allies. Dispatches from Constantinople say the leading members of the committee of union and progress have decided that the conditions cannot be accepted, and it is understood that the council of ministers has adopted the same view.

All other capitals and among the ambassadors in London the allies' demands are considered extravagant, especially with regard to the payment of indemnity and the cession of Scutari and the Aegean Islands.

With the improvement in weather conditions, the armies in the near east have become more active, although thus far no news of a pitched battle of any importance has come through.

### ASSASSIN KILLS GREEK KING

Tragedy Occurs as Monarch is Walking in Saloniki

Saloniki.—King George of Greece was assassinated while walking in the streets of Saloniki.

The assassin was a Greek of low mental type, who gave his name as Aleko Schinas. He shot the king through the heart.

The king was accompanied only by an aide-de-camp, Lieutenant Colonel Francoedis. The assassin came suddenly at the king and fired one shot from a seven-chamber revolver. The tragedy caused intense excitement. Schinas was seized immediately and overpowered.

The wounded king was lifted into a carriage, which was hurried to the hospital. He was still breathing when placed in the carriage, but died before reaching the hospital.

The assassin of the king, on being arrested, refused to explain his motive for the crime. He declared that his name was Aleko Schinas and, in reply to an officer, who asked him whether he had no pity for his country, announced that he was against governments.

Schinas maintained a perfectly impassive demeanor.

Precautions were taken at once throughout the city and perfect order is being maintained.

### French Cabinet is Forced to Resign

Paris.—In spite of the eloquent arguments of the French Premier, Aristide Briand, embodied in what is pronounced the finest speech of his career, the senate overthrew the government on the question of proportional representation and the cabinet resigned.

### WOMAN KILLED LEADING CHARGE

Laredo, Texas.—Rebels, led by a woman waving a red flag, who shouted encouragement to her men as they charged on Nuevo Laredo, were defeated by a larger force of federal defenders. The woman was killed as she led the little band of Carranzistas in a final charge on the breastworks.

Defeated in their first attempt to capture Nuevo Laredo, the little band of Carranzistas, who surprised the federal garrison of the Mexican border town, encamped in the hills several miles to the south, evidently to await the arrival of reinforcements before attacking again.

The woman who was killed was identified as a relative of Carra Rivas, a rebel leader.

Twenty rebels and 15 federals are known to have been killed. About 40 wounded are being cared for at an improvised hospital by American physicians and with women from Laredo, who crossed the border immediately after firing ceased and volunteered their services, acting as nurses.

### Boston Waistworkers Win Strike

Boston.—The strike of 6000 skirt-waist, waist and dressmakers, who make up one of the three principal divisions of the garment workers in this city, was settled by an agreement on which the strikers received most of their claims.

### Hyde Jury Disagrees

Kansas City, Mo.—After having deliberated four days the jury in the case of Dr. B. Clark Hyde, on trial for the murder of Colonel Thomas H. Swope, millionaire philanthropist, reported a disagreement and was discharged. The jury stood nine for acquittal, three for conviction.

### RAILROADS CHANGE PLAN

Final Dissolution of Southern and Union Pacific Uncertain

St. Louis.—The Union Pacific-Southern Pacific dissolution plan, which contemplated a preferential traffic agreement between the two Harriman roads for the use of the Benicia cutoff, from Oakland to Sacramento, Cal., was abandoned in the federal court here by the Harriman interests, and it now devolves on the railway attorneys and the Attorney-General to devise a new arrangement to carry into effect the dissolution decree of the federal supreme court.

### KING GEORGE

King George of Greece, who was assassinated while walking on the street in Saloniki.

### Brief News of the Week

The constitutional amendment providing for women's suffrage was killed by the Missouri senate.

The Nebraska house defeated the proposed constitutional amendment permitting women to vote.

The British naval estimates for 1913-1914 total \$331,546,500 as compared with \$225,377,000 last year.

The Missouri supreme court affirmed the constitutionality of the law prohibiting lotteries, policy games or betting.

A bill has been introduced in the New York legislature to prohibit the employment of children in the canneries of the state.

Japanese graduates of Harvard have subscribed to a fund of \$20,000 to be used by the corporation as a foundation upon which to establish lecture ships on oriental philosophy.

Giving the officials of the company no warning, nearly 500 linemen and electrical workers employed by the British Columbia Telephone company throughout British Columbia went on strike.

Widespread storms of cyclonic intensity swept over the Middle West and the South late last week, cut their way through towns and cities of five states, snuffed out scores of lives, made hundreds homeless and destroyed property high in the millions.

Steps have been taken by the United States government authorities to put an end to the tong war now raging in San Francisco's Chinatown and forever discouraging such attempts of Chinese secret societies to settle their differences by employing gunmen to assassinate members of rival gangs. Chinese found with deadly weapons in their possession will be deported.

Two state senators are laying claim to the office of governor of Arkansas, and each has established an office at the capitol. After the resignation of Governor Robinson, Senator Oldham, then president of the senate, succeeded him. The senate elected Senator Futrell president pro tem., to act as lieutenant governor. Futrell demanded that Oldham retire. Oldham refused and Futrell filed proceedings in court asking that body to mandamus the secretary of state to recognize him over Oldham.

### Pennsylvania Suffragists Are Active

Harrisburg, Pa.—Advocates and opponents of votes for women joined in battle over the cause before the Senate Judiciary general committee here in the greatest demonstration ever made by women in the state capitol.

Thousands of women from all sections of the state were present to support or oppose the proposed amendment to the constitution giving women the right to vote.

The lower House of the Legislature has already adopted the resolution, and the suffrage fight centered in the Senate.

### Woman Asks to be Sent to Rockpile

Portland.—Mrs. Stanley Swalkoski, 202 Eugene street, pleaded with Judge Tazwell of the municipal court to send her to the rockpile, instead of her husband, who was sentenced to serve 30 days for carrying a revolver. The woman continually begged to have her husband released in order to take care of their four small children.

### NEWS FROM OUR NATIONAL CAPITAL

Special Session Called for April 7

Washington.—The extra session of congress called by President Wilson to assemble April 7, will begin with nothing but the tariff revision bills before it. This fact was made clear in a statement by Representative Underwood, chairman of the house committee on ways and means. Until the legislation is well under way in the house, no general committees will be made and no other legislative subjects will be taken up.

The president specified no subject for the extra session in his proclamation, but it is fully understood that his message to congress at its opening will dwell upon the need of tariff revision.

If the currency, Philippine independence, Alaskan affairs, woman suffrage or other pressing questions finally are forced upon the attention of congress, it will be only after the democratic leaders of the two houses and the president are convinced that the success of tariff revision is assured.

### Wilson Refuses to Advise Loan

President Wilson in a statement approved by his cabinet after two hours of discussion, announced that his administration had declined to request the group of American bankers to continue their negotiations for participation in the \$125,000,000 loan desired by the Chinese government. The statement says: "The conditions of the loan seem to us to touch very nearly the Administrative independence of China itself, and this administration does not feel that it ought, even by implication, to be a party to these conditions."

### Few Big Positions Filled Before April.

There will not be many appointments before April 1, it is now believed here. The president and his cabinet find it is safer to run along for a time with the old hands on deck than to change them all for men quite new to their duties.

Then there is a great deal of embarrassment over making selections from among the vast number of applicants. Almost any state in the union could furnish a full quota of officials to run the government with ease and then have enough good men and true to keep things from going to smash at home. Indeed, many of the states are offering to do just about that.

### LaFollette Makes White House Call.

Senator La Follette made his first call at the White House in more than three years. He was an invited guest and spent almost an hour with the president. He would make no statement as to the purpose of his visit, but it has been an open secret for days that he was invited to discuss legislative questions with the president.

The conference was merely preliminary to others to be held later. Other progressive senators will be asked to the white house from time to time, and the president hopes that many of them will find it consistent to line up with the Democrats in passing legislation.

### Appropriations Exceed One Billion.

Appropriations of the last session of congress, including the sundry civil and the Indian appropriation bill, which are to be put through at the coming extra session, aggregated \$1,098,647,960.

The annual statements given out by Chairman Fitzgerald, of the appropriations committee, and by former Speaker Cannon, for the Republicans, agree on that total. Cannon adds, however, that in addition to that amount, contracts authorized for public works involve further expenditures of \$76,956,714.
