Sometime Tuesday night or early Wednesday morning someone entered the cow barn of Jas. Woodward who lives near the Kilchis river, and put acid on the teats of three of his new miles cows. When Mrs. Woodward went to the barn in the morning she discovered the cows in a very serious condition. Dr. Reedy was called at once and with tubes he managed to milk the cows. The acid took the hair and hide off of the cows bags and it is thought that before the teats heal the cows are liable to become dry and entail a great loss to Mr. Woodward. Mr. Woodward does not know who could have committed such a mean, low down trick as he has no enemies that he knows of.

PORT OF TILLAMOOK VISITS BAY CITY.

On Thursday forenoon Attorney C. W. Talmage, C. I. Clough, P. W. Todd, W. G. Dwight, and Morris Leach of the Port of Tillamook, accompanied by Capt. Groat of the government service here, and C. E. Trombley of the Herald, went to Bay City, where the ports of Tillamook and Bay City met in joint session and discussed matters relative to some details in closing up the contract with the government for the construction of the Jetty and other harbor improvements.

Before the government will begin the work, a surety and bond must be given that a nine foot channel at mean high tide must be maintained from Bay City to Tillamook. It was for the discussion of this particular phase of the situation that the two ports met.

It was finally decided that the ports should bring pressure to bear on our congressional delegation asking the delegation to go before the war department with the proposition of allowing the Port of Bay City to give bonds guaranteeing the maintainance of the channel to Tillamook.

The Port of Tillamook is in no position to go into a guarantee of this kind partly because of the provision of its charter and partly because of the fact that our port lines and jurisdiction does not extend into the bay far enough However, the port of Tillamook agrees to reimburse the Port of Bay City for whatever expense the latter port may be to in maintaining the channel.

It was decided that the telegrams should be sent our representatives at Washington at once and this was done immediately after a meeting of our port in the afternoon.

At the close of the business session at Bay City the guests and others present including, J. O. Bozorth, W. S. Cone, Gus Nelson and L. F. Brode sat down to a fine three course luncheon which had been prepared by Mrs. E. M. Rhodes of the Bay View Hotel. After partaking of this splendidly prepared repast the gentlemen departed for Tillamook.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.

HOW CHRONIC COUGHS

Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cods' livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you.
