W. L. MOORE

W. L. Moore, for many years head of the Weather Bureau, who was summarily removed by President Wilson.

JOHNSON FAVORS AN ALIEN BILL

Would Exclude from Ownership
All Aliens Ineligible to
Citizenship

Sacramento.—Through the exchanges of telegrams between President Wilson and Governor Johnson, the settled policy of the California administration on the question of alien land ownership, as agreed on last Sunday, was officially made known.

Governor Johnson and his party leaders in the senate favor a land bill excluding from ownership all aliens who are ineligible to citizenship under the laws of the United States, and such law probably will be passed, in spite of the objections from Washington.

The assertion is made by the governor that the state has full authority to enact such a law, and that it would not be in contravention of any existing treaty. He is upheld in this view by the majority leaders in the senate, who met with him and agreed on the form of the telegraphic reply that was sent to President Wilson's message.

J. P. MORGAN

J. P. Morgan, only son of the famous financier, who inherited the bulk of his fortune.

Brief News of the Week

Massachusetts will be represented by a \$500,000 building at the Panama Pacific exposition.

The California senate, by a vote of 23 to 14, turned down the Keboe bill to restrict the sale of liquor on the grounds of the Panama Pacific exposition.

The Nebraska house of representatives at Lincoln has sustained the governor's veto of the Heasty bill providing for the sterilization of criminals and mental incompetents.

The largest vessel in the world, the Cunard liner Aquitania, was launched Monday at Clydebank, Glasgow. The great ship will be of 50,000 tons' displacement, and is to cost \$10,000,000.

The progressive party issued a statement at New York through its executive committee, to the effect that there is no possibility that the new party will ever amalgamate with either of the old parties.

The truce between the Bulgarians and the Turks was officially confirmed at Constantinople. The armistice will last until April 23, and may be prolonged if peace is not concluded in the interval.

The United States stands fourteenth among the nations of the world in number of government owned aeroplanes and in government expenditures for aerial navigation in the last five years. Brazil and Chile are ahead of this country.

The city council of Raymon, Wash., has passed over Mayor Little's veto, five to two, one of the most drastic saloon ordinances ever known in Washington. The ordinance reduces the number of saloons to four for every 1500 people and raises the license to \$5000 a year.

At Columbus, Ohio, the I. W. W. were condemned by the state senate committee for the part they took in the strike of the Akron rubber workers. The committee says that the wages paid by the rubber companies of Columbus compare favorably with those paid in other industries.

People in the News

Due to the pressure of his private business affairs, Charles R. Crane of Chicago has declined the appointment as ambassador to Russia.

After six years of service as British ambassador at Washington, James Bryce set forth for the Orient by way of New York and San Francisco.

Major J. F. A. Strong, of Juneau, has been selected for appointment as governor of Alaska to succeed Walter F. Clark, resigned.

A New York grand jury has indicted John Nicholson Anhut, a lawyer, for bribery in connection with alleged efforts to secure the release of Harry K. Thaw from Matteawan.

Alice Cornelia Thaw, of Pittsburg, known as Mrs. Copley Thaw since her divorce from the Earl of Yarmouth, in 1908, was married to Geoffrey G. Whitney, of Boston, at Cumberland Island, Ga.

Karl Hagenbeck, the famous animal collector and trainer of Hamburg, Germany, was bitten seven years ago by a venomous snake. This caused his recent death, as his physician found that the venom had finally affected his liver.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout
the State During the Past
Week.

Text Book Commission to Reduce Cost
Salem.—As the law creating the state text book commission was enacted for the purpose of making school courses uniform through the state and reducing the cost of books to a minimum, the attorney general rendered an opinion that the state text book commission had no authority to adopt two or three books in the same branch of study, in order to give teachers a selection, or to designate books for supplementary reading.

C. & E. LINE MUST REBUILD

Commission Finds Track is Poor and Urges Immediate Improvement.

Salem.—All of the line of the Corvallis & Eastern railroad company, from Corvallis to Yachina, a distance of 71 miles, must be relaid with new steel rails, and properly ballasted, and all of the company's line, consisting of 160 miles, must be ballasted, for the state railroad commission, which made an inspection of the whole line, directed that the company make such improvements. While these directions were not reduced to the formality of an order, the commission intimates that unless they are obeyed a formal order will be made.

The commission finds, to begin with, that the entire track of the company's line is unballasted. The track east of Albany, it says, consists of 55-pound steel rails, laid in 1837, and the surface is kinked and out of alignment. By laying new ties and properly ballasting, this condition can be remedied, says the commission. From Albany to Corvallis the track needs ballasting, but otherwise it is found good.

Placer Gold Strike on Canyon

John Day.—A feverish gold stampede has just been started by a strike on Canyon Mountain, made by an old-time prospector, Dan O'Shea. O'Shea made his strike more than a week ago, but succeeded in keeping it a secret several days. When the news finally leaked out there was an immediate rush. It is rumored O'Shea has taken out between \$2500 and \$3000. One pan it is said, yielded him \$200.

Anvil May Yet Be Saved.

Florence.—Mr. Geneaux, who has charge of the Anvil for the insurance company, found after an examination that the vessel is in much better shape than was feared and is confident of success in the attempt float her. She is gradually moving closer into deep water.

Klamath Allotments Put on Block

Klamath Falls.—Scores of inherited allotments on the Klamath Indian reservation will soon be offered for sale. The minimum price at which the lands can be sold is fixed by a board of appraisers. The lands are then advertised and sold to the highest bidder, but no bid less than the appraised valuation is considered. The money derived from the sale of the lands goes to the heirs of the deceased. Before the lands are sold the agent in charge of the reservation calls a meeting of all heirs.

Idaho Professors to Resign.

Moscow, Ida.—The board of regents of the University of Idaho at its final session did a general house-cleaning and the heads of eight or ten departments will be asked to resign at the end of this semester. The cause is said to be due to lack of results.

TORNOW KILLED BY DEPUTY

Autopsy Brought to Light That Three
Bullets Hit the Outlaw.

Montesano, Wash.—John Tornow, outlaw, has paid the penalty for six murders. His body, together with those of his two last victims, Louis Blair and Charles Lathrop, was packed out of his hermit retreat in the mountains.

The autopsy, performed by a number of physicians of the county, brought to light that Tornow had been hit three times with bullets. The first one to strike him fractured his skull and cut away a portion of his hair. The next bullet, possibly the sixth shot fired by Giles Quimby, a deputy sheriff, struck the outlaw in the neck, passing out just under the skin under the right shoulder blade. The final bullet, which killed the murderer, entered the left side of the head under the ear and came out at the top of the head.

ABROGATION OF TREATIES SOUGHT

Washington.—A demand for abrogation of two treaties with Great Britain bearing upon isthmian canal rights presented to the Senate in a resolution by Senator Chamberlain, brought a new element to the canal controversy now in progress between this country and Great Britain over the right of the United States to exempt American coastwise ships from the payment of tolls.

Senator O'Gorman, chairman of the interoceanic canals committee which must handle canal legislation in the senate, endorsed the principle embodied in the Chamberlain resolution.

The Chamberlain resolution would require the president to proceed at once to terminate the Hay-Pauncefote treaty of 1901 and the Clayton-Bulwer treaty of 1852, which it superseded. In a statement, Senator Chamberlain said the treaties and records would show that the United States never planned to give Great Britain such treaty rights as would justify the protests that country had made.

WOMEN RECALL JUDGE

San Francisco Police Judge Loses By
Small Margin.

San Francisco.—The first application of California's new law for the recall of the judiciary has been successful. By a margin of 815 votes, Police Judge Weller, accused of incompetence was removed from office at a special election held here.

Wiley P. Crist, an attorney put forward by the women voters, who were chiefly active in the campaign, was named as Weller's successor.

The vote was light, but the recall contest was spirited and close. Crist's total was 30,722 against Weller's 29,907. Weller was specifically charged with having reduced the bail of a man named Hendricks, accused of white slavery. Hendricks promptly left the state and the police could not trace him.

LORD CHURCHILL ROBBED

England's First Admiralty Lord Loses
Naval Data.

London.—Winston Churchill, first lord of the admiralty, has been the victim of a most daring and sensational robbery, in which a beautiful and mysterious young woman is suspected as the possible agent of some foreign power.

By the theft the first lord of the admiralty not only loses \$2500 in money, but highly important confidential naval data, such as might eagerly be sought as of greatest value to any nation not too friendly with Great Britain.

The first lord of the admiralty met with his misfortune immediately after having won money at cards on the Riviera recently.

MORGAN'S WILL ASSERTS FAITH

New York.—"I commit my soul into the hands of my Savior in full confidence that, having redeemed it and washed it in his most precious blood, he will present it faultless before the throne of my Heavenly Father; and I entreat children to maintain and defend, at all hazard, and at any cost of personal sacrifice, the blessed doctrine of the complete atonement for sin through the blood of Jesus Christ, once offered, and through that alone."

This is the extraordinary and striking utterance which begins the last will and testament of J. P. Morgan.

The amount of trusts and bequests named by specific sums is under \$20,000,000, but the entire residue of the estate, estimated at \$1,000,000,000 is left to J. P. Morgan, Jr.

The largest individual settlements are made upon the son and three daughters.

Each of the four children receives in trust \$3,000,000 to use the income as he or she pleases.

Mrs. Morgan, the great financier's second wife, is made the beneficiary of a trust fund large enough to insure her an income of \$100,000 a year.

The two sons-in-law, Satterlee and Hamilton, are given \$1,000,000 each. The assistants and servants in the Morgan households and institutions are provided for liberally.
