

BRYAN'S MISSION NOT SUCCESSFUL

Majority in California Legislature Still in Favor of Alien Laws

Sacramento.—California in the fullness of her right as a state may enact a right law barring Orientals from citizenship, but such action would be against the earnest wish of President Wilson and the national administration.

This is the substance of the message from Washington which W. J. Bryan, secretary of state and personal representative of the president, delivered to a secret conference attended only by Governor Johnson, Lieutenant Governor Wallace and the 120 members of the state legislature.

Secretary Bryan's mission, however, seems to have failed, insofar as preventing action by the California legislature, as gleaned from a review of the proceedings. Governor Johnson, seconded by Secretary Bryan, presented the majority party in a brief but intense speech in defense of California's position at the end of an all-day discussion with Secretary Bryan. He told Secretary Bryan that the right of California to follow the lead of other states was unquestioned and declared that such a course now seems assured.

The conference between Secretary Bryan and the legislature closed at 11:30 o'clock Tuesday night. Within three minutes and before most of the spectators there were but equipped. Senator Borah, president pro tem of the upper house, returned the salute and an amended bill which provides that no alien who is ineligible to citizenship under the laws of the United States may hold real property in California as a sub-tenant for the pending measure to citizenship via residence, when it comes up for final passage. The regular course of business inasmuch as will be resumed according to the provisions of the administration house.

When it comes to Governor Johnson it will be noted. The new bill is drawn in strict conformity with the treaty between Japan and the United States. The principal features of the new bill are as follows: All aliens eligible to citizenship may acquire and hold land in the same manner as citizens of the United States. All other aliens may acquire and hold land in the same manner as citizens of the United States, but the acquisition of such land shall be subject to the approval of the government of the United States and the nation or countries of which such alien is a citizen or subject.

\$15,000 OBTAINED THROUGH SWINDLE

Portland.—Charged with dressing a dead body, the source of which is shrouded in mystery, in his clothing, having passed it off as his dead body and thereafter collecting through his wife a sum of approximately \$15,000 from the Portland offices of an insurance company, the Postal Life, and two fraternal organizations, the Modern Woodmen of America and the United American, James C. La France was placed under arrest at Cottage, Or., and is held as an accessory on a charge of obtaining money by false pretenses.

His wife and the mother of his four children, the youngest less than six months old, was arrested with him and is being held as a principal. She is charged with the collection of the insurance money after the finding of what was supposed to be the dead body of her husband July 1, 1912, by a party in Baltimore along the Chickamauga river above Etanada.

La France's identity was first discovered by the insurance company during the examination of records, the children had been brought to and kept calling him "Dad, Dad," instead of "mom," as Mrs. La France had declared. Heretofore she had declared heretofore.

The trail was taken up after the insurance people had satisfied themselves by the evidence of acquaintances of La France who declared that they had seen him on the streets of Portland after his supposed death, that the alleged dead man was still in the land of the living.

WOULD COMPEL DIVORCE

"No Woman Should Spend Her Days With a Brute or a Sot."

Chicago.—Compulsory divorce laws, instead of laws to make divorce harder to obtain, were advocated by Judge Gemill, who in the court of domestic relations were perhaps more tired of marriage than any other judge in the land.

"There are people living together today who should be forced by law to separate," said Judge Gemill. "There are women suffering untold misery through a mistaken sense of the binding quality of the marriage tie. God never meant that a woman should spend all her days with a brute."

DANGER FROM GRIPPE

Lies in That Cough and Weak, Worn-out Condition.

Grippe, flu, pneumonia, these are the dangers of the time of the year. To prevent grippe from being followed by other diseases or pneumonia, it is important to drive the best lines of the system again. Our advice is to take Vinol, a combination of four and four vitamins, and get your system back to normal. Dr. J. C. Sloan, of Springfield, Mass., writes: "I have used Vinol for many years and it has cured me of all my grippe, pneumonia and other ailments. It is the best medicine I have ever used."

Try Vinol with the certainty that if it does not benefit you we will give back your money.
