Four-Days-Sale of Fashionably Trimmed Hats Women's Young Ladies' Children's

THIS WEEK
Friday
and
Saturday

We make your trip to our millinery salon doubly worth while this week. We invite you to something more than a style show—a real economy occasion, and for this reason. Last year our patrons, making ready for the Rose Festival at Portland, overwhelmed our millinery department, taxed it to the verge of disappointment, many waiting until the eleventh hour. This year we want to serve you with painstaking care. Hence these splendid reductions grouped on individual tables.

TABLE NO. 1	\$4.25 Hats	\$2.25	TABLE NO. 3	\$9.00 Hats	\$4.95
TABLE NO. 2	\$7.50 Hats	\$3.98	TABLE NO. 4	Pattern Hats	\$5.75

No other store ever invited you to a style economy occasion that was more worth while than this one, representing the ideas of the foremost eastern millinery artists as well as the clever, fascinating models from our own work rooms; dress and tailored styles, also the new airy meline and Bow hats—the latest fad of the day. We suggest an early visit, these marvelously low prices will crowd this section of "The Big Store" this week. The prices quoted include the entire millinery stock.

"Visitors to the Rose Festival and Others"

Women's and Young Ladies' Tailored Suits

REGULARLY SELLING FROM \$17.50 TO \$25.00 **\$15.65**

Last year our suit department was taxed to its utmost capacity the week previous and up to the night before the opening of the Rose Festival at Portland. To super-induce your early purchase and that we may not disappoint any of our patrons, and to give them every attention, we announce this "Suit Sale" and this sensational low price. Included are the smartest plain tailored and trimmed styles in these favorite materials—fancy and plain wide wale diagonals, novelty bedford coats, mannish fancy worsteds, velvet corduroys, men's-wear serges, demure salt and pepper, etc. Sizes 32 to 44 bust measure in this sale, but not every model in every style and material.

ALTERATIONS, when necessary, are made in our work rooms and guaranteed. Our expert tailoress will see to it you are fitted perfectly and properly.

The May White Sale

20. Water Service W. R. C.

Next Sunday the G. A. R. and W. R. C. will attend the M. E. Church in a body where they will listen to a memorial sermon by Rev. Kuhlman.

DEMONSTRATION FARM BOOSTERS VISIT CLOVERDALE.

On Friday afternoon a delegation from this vicinity accompanied by Mr. Shrook, deputy dairy and food inspector, went to Cloverdale to boost for the Tillamook County Demonstration Farm.

The party from Tillamook was made up of the following gentlemen: Geo. Williams, Chas. Kunze, J. H. Dunstan, Chas. I. Clough, F. C. Baker and C. E. Trombley.

The Cloverdale Grange held its regular meeting on Saturday afternoon and this gave the visitors a good opportunity to meet the people, there being a good attendance from different localities of the south end of the county.

The visitors arrived at Cloverdale in the evening and were at once confronted with a good chicken dinner at the Cloverdale Hotel, and from that time on the guests were royally entertained.

After the dinner a few hours were pleasantly spent at the home of Editor Taylor, after which the visitors retired.

During Saturday forenoon Arthur Coffee of Cloverdale took the party for a boat ride down the beautiful Nestucca as far as Pacific City. Upon returning we visited the genial Dick Robedee at Woods, after which we returned to Cloverdale, arriving in time to enjoy a most sumptuous dinner which was served by the ladies of the Cloverdale Grange.

After dinner Mr. Shrook gave a talk on the demonstration farm subject, outlining the proposition to a considerable extent. Mr. Shrook's talk was in the main the same as he gave at Tillamook on the previous Monday. He was followed by the other members of the visiting party who gave short talks.

At the close of the meeting everyone seemed to be in harmony with the demonstration farm idea and no doubt a large number from the south end of the county will sign the petitions asking the county court to take hold of the matter.

It is the intention of those interested in the matter to present the county court with a petition signed by the taxpayers of the county, asking for the farm.

The situation in regard to the matter is about as follows: The state will give us \$2,000 each year if we will put up \$2,000. As the county has already made an appropriation of \$10,000 for a poor farm, it is thought that the poor farm may be used as a demonstration farm also, and the appropriation of \$10,000 so applied as to meet the requirements of the state. The demonstration farm should not only be self-supporting but it should yield an income, and should the matter be properly handled there is every reason to believe that the county would be to very little if any expense after the first year or two.

The Tillamook visitors left Cloverdale on their return home shortly after four o'clock, after having spent a most enjoyable time with the people in the South End.

COMMITTEES ON FAIR PROJECT MEET.

The committees which were lately appointed by the Fairview Grange and the Tillamook Commercial Club to consider the matter of a live stock show or county fair for Tillamook County, met at the Commercial Club rooms on Monday forenoon and considered many phases in connection with the proposed fair.

Following were the members of the committees: Fairview Grange committee, Marion Chance, Chas. Kunze, Morrison Mills, Wm. Maxwell; Commercial Club committee, C. I. Clough, Will Spalding, Ira Smith.

The meeting was called to order by President Baker of the Commercial Club and a temporary organization was formed with Will Spalding as chairman and Ira Smith as secretary.

It seemed to be the general opinion at the outset, that the proposed fair should include an exhibit of all our resources.

Among the different matters touched upon during the meeting was the question of finance. Eight hundred dollars will be given by the state, \$200 of which may be used for the children's industrial fair, leaving \$600 for the county fair. It was thought that a fairly large sum might be raised from the business men of the city, and that a fairly large sum might be secured through the sale of stand privileges. It is going to take some money to pay the expense of a county fair and it will be necessary to do some good work to secure the necessary funds.

The details in connection with holding a county fair will have to be threshed out by the permanent organization.

At the close of the committee meeting which lasted for over an hour the following motion was made and carried:

"That a Tillamook County Fair Association be perfected; that we phone the Secretary of State for copy of bill concerning state appropriation for county fair; and also phone secretary of Yamhill County Fair Association for copy of their by-laws. After both are received another meeting will be called to act on same; and that a mass meeting be called for Monday, May 26, at the Court House, at 1 p. m. sharp. All parties interested are cordially invited."

ABOUT FIRES.

Fire Chief C. E. Foster, of the Astoria Oregon department, has just submitted an interesting report of the activities of his department during 1912. He includes first a table of causes of the 104 fires extinguished, with losses aggregating \$22,720, and involving \$15,200 of insurance. The table follows:

Burning flues 47, overheated stoves 2, roof from sparks 13, overheated pipe 1, gasoline boats 3, brush 5, pitch pot 1, auto 1, from sparks 4, smoke house 1, rubbish 2, street fires 4, defective flues 4, fire crackers 1, cigaret 1, electric iron 2, locomotive sparks 1, friction, band saw belt 1, furnace 1, hot ashes 1, stoves, coal and gas 3, unknown 5.

Fires were extinguished by the department as follows: Chemicals 48; hydrant streams and chemicals 9; buckets 8. The rest were out before the arrival of the force. The department laid 12,500 feet of hose and used 1100 gallons of chemicals—From "Fire Protection."

The foregoing report should be of particular interest to property owners of this city because of the similarity of conditions between this city and Astoria. Fully one-half of the fires in Astoria were directly due to burning or defective flues. An equally large percentage of the alarms turned in locally in the past year have been due to the same causes. Shall we profit by Astoria's experience—and our own—or shall we wait until a serious conflagration forces us to a realization of the dangers that lurk in stove-pipes that extend through walls and ceiling, and chimneys that act as a support for floor joists, etc.?

At a meeting of the City Council Monday evening, the council instructed the fire chief to buy 250 feet of new hose. N. J. Meyers was appointed fire marshal with instructions to enforce all ordinances in regard to mossy roofs. The council also requested fire company to submit ordinances which they might consider of benefit to the community in regard to fire protection.

On Your Own Account

have you any money in the bank? "A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
