Mrs. Alfred Reffelson and two children were called to Portland today to see Mr. Reffelson who was seriously injured in a runaway last Saturday. The injured man is at present in a hospital, and is on the road to recovery.

Dr. Went is the only Eye Specialist permanently located in Tillamook. Your eyes which are the most sensitive organ of your body should be examined by a physician who is capable to recognize diseases other than the need of glasses. I guarantee my glasses and am always here to make good that guarantee. Prices are reasonable as anywhere.

Our boys should get busy and go after the gophers. The gopher bounty law is now in effect, and you can secure 25c for every gopher you kill. The gophers are a great source of annoyance and it is hoped that our farmers will get more relief from this pest.

Closing exercises and an entertainment was held at the Red Clover school house on Thursday. A short but very fine program was rendered. Miss Katie Sheets, teacher, has just finished a very successful nine months term of school and has given satisfaction in every way.

Vegetables and fruit still high. Very hard to get at any price. We have been selling down to almost cost. We are now selling some oranges at 5c a piece and that is just what they cost in Portland. We have to keep some on hand, and how can one ask more, than for an orange. The BIG 4.

Joe Delsman, formerly of Tillamook, has returned, and has purchased an interest in the A. T. Dolan Cement business. Mr. Delsman has been contracting in Portland the last few years, but hopes to make Tillamook his future home.

We have been informed that Lewis Atterbury, who went out to Portland last week to consult a physician in regard to his health last week, is considerably better and that in fact he is not in a serious condition at all. The hemorrhage which bothered him some time ago was simply a hemorrhage of the throat.

The Western Building Loan Association was organized with a splendid board last week. Those of our citizens who have gone into the association are very much enthused over the matter from the investment standpoint and the opportunities afforded of owning their own homes, by paying for them on the installment plan. Alex Nair was elected president and Elizabeth Everson was elected secretary and treasurer. Mr. Everson is local ent for the association.

Presbyterian Church Notes.

The Sunday School will meet at 10 a. m. A. C. Everson Supt. No morning service at 11 a. m. The congregation are invited to join with Methodist and Christian Churches a union service at the Christian church, to hear the baccalaureate sermons by the Rev. D. A. MacKenzie, in honor of the graduating class of the high school.

At 7:30 p. m. Children's day exercises will be given, to be followed by a address by one of the visiting pastors of the U. B. conference. This service will be made as brief as possible, in order to enable the adult members of the school to hear the sermon at the Christian church.

Brother Bell will speak at the Christian church at 8 p. m. This is a union service, and the Presbyterian church is asked to unite in the service.

On Thursday evening, June 12, at the Presbyterian church, Rev. E. H. As, D. D. of Albany, Ore., will deliver a lecture on "The Mountaineers of Tennessee," under the auspices of Ladies' Guild. Admission 25 cents.

"There is a House With a Bathroom"

was an expression at one time calculated to arouse interest, but now, conditions are entirely different. To build a house without a bathroom merely raises a question as to the good judgment of the builder. People know that he has either not considered or else misjudged the importance that an up-to-date bathroom has in increasing the value of the house, by its renting and selling value.

For the plumbing equipment at reasonable cost we recommend the plumbing fixtures and many artistic designs in which they are made. Ask for illustrated booklet.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/4 Per Cent. Digested

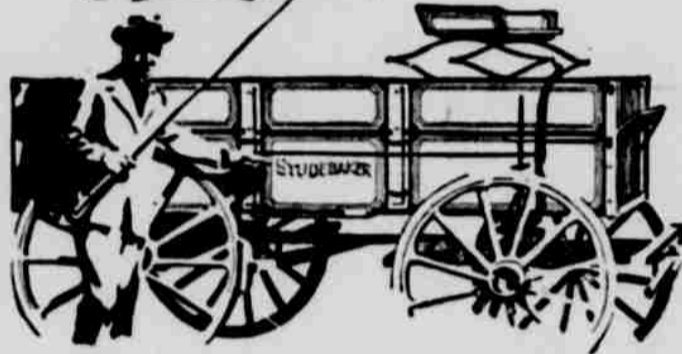

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor, iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.

LOCAL ITEMS.

General W. E. Finzer, of the Oregon National Guard, and Major F. C. Endicott, of the U. S. Army, come in from Portland on Tuesday to see what could be done to accommodate the National Guard in their annual encampment this year. They were met at the depot by a delegation from the Tillamook Commercial Club, and were taken to two suitable locations, one to the west and the other to the east of town. In the evening they were at the club rooms and discussed the matter, the club agreeing to provide water on the camp grounds and take in hand what other matters have to be attended to. The regiment will be about 700 strong and should Tillamook be selected they will arrive here on the 8th July in three trains, remaining eight days. All the provisions would be contracted for by the local merchants. General Finzer and Major Endicott left the next morning, going to Nehalem, where they will look over the situation there, as Mr. Reed is endeavoring to have the encampment at his place. It is almost certain that the regiment will come to Tillamook county, but which of the two places will not be known until about next Monday.

It has been decided by the committee of the Fairview Grange and the Tillamook Commercial Club having in charge the organization of the Tillamook County Fair Association to form a permanent organization on the 21st of this month. Most of the stock thus far subscribed was in this city, and as the dairymen have not been given an opportunity to subscribe, it is hoped that they will take more interest in seeing that a large proportion of the stock is distributed to a large extent amongst the dairymen, who should have the management and control of the organization. Anyone subscribing one dollar will have a voice in the affairs of the association, and it is hoped that all the dairymen of the county will take enough interest in the association to take one share.

T. G. Cullen, who was fined for assault and battery upon Dr. McGee, but the sentence was suspended pending good behavior, was arrested again as a result of assaulting and abusing his wife. Cullen also smashed up the furniture. He had a hearing before Justice Stanley, who fined him \$30, again suspending sentence to give him an opportunity to provide for his wife and family, as the justice did not think it a very serious case of assault.

W. A. WILLIAMS, Tillamook - Oregon

The average workman likes to rest on Sunday so that he can go to church. But he very seldom thinks how hard his wife works on that day, more than any other. He likes the rest, so why not give her the same kind of pleasure, let her be free from the care and trouble of cooking Sunday Dinner, and take her and the remainder of the family down to Tillamook's leading eating house and enjoy the comforts of home, away from home. Dinner served from 11 A. M. to 8 P. M. Look for the sign E A T.
