TUESDAY, JUNE 17, 1913.

Some 200 sportsmen of Astoria and surrounding country have organized with the avowed object of putting a stop to the night fishing of trout in the streams of Clatsop County. Each member has been appointed a deputy game warden to serve without pay but with authority to arrest offenders. It is said that some of the best trout streams in Clatsop County have been ruined by the night fishers, who build large bonfires adjacent to some of the deep pools and as the fish attracted by the light rush in, they are slaughtered by the wholesale. We understand that the game laws, relative to fishing have been violated to some extent along this line in Tillamook County. We believe that our sportsmen ought to organize and put forth an effort to see that the law is enforced and our game fish are properly protected. If this matter is neglected it will not be long before our trout streams will become depopulated of their speckled beauties.

The council is about to take up three different questions which are of vital importance to the citizens, and which will no doubt be voted on in the near future. One is the question of bonding for the purpose of taking care of our outstanding warrants so that the warrants which we may issue in the future may be worth their face value; another is the question of assessing for benefits or damages derived from public improvements; and the third is the question of reassessing property where an error has occurred in the first assessment. The council is desirous that the people look into these matters and give their opinions in regard to the same. The council wishes the people to have a general discussion of the above subjects so that when they come up for a vote we will all know what we are voting about.

On Saturday at one o'clock p. m., the Tillamook County Fair boosters will gather at the court house for the purpose of forming a permanent organization. It has been intimated that the Fairview Grange and the Tillamook Commercial Club were endeavoring to run the whole business and that about all other localities would have to say about the matter would be in regard to furnishing some of the coin. The foregoing is most certainly a wrong impression. There had to be a starting point in the move for a county fair association and in consequence the above mentioned organizations took the matter up. The organization that has been carrying on the work so far is but a temporary organization. When the matter of permanent organization is taken up the different localities will receive proper consideration, and everything will be done to make the organization a county-wide organization in every particular. There should be a representative gathering of citizens from all parts of the county at the court house on Saturday, June 21. Let everyone turnout and boost for the County Fair Association.

The pavement cases will not come up for trial before the Circuit Court on the 20th of this month as has been anticipated. We understand that the attorneys on both sides of the case have agreed to try the case during the early part of July, however, it seems that no definite date has been set. We have heard some ugly rumors to the effect that some of the citizens who were heavily interested in the pavement were endeavoring to make themselves secure and were going to let the little fellows shift for themselves. This rumor like all others of its kind, no doubt, originated with those who are fighting the citizens in their endeavor for a square deal. The attorneys who have been employed by the citizens have the case well in hand. A large sum was lately forwarded which will be used for the expense of the case, and the men who have been at the head of the citizens' movement will stay in the fight until the end. We are sure they will stay by the people in this fight.

Tillamook has been selected as the place this year for the holding of the annual encampment of the Third Regiment of the Oregon National Guard. The troops will be here for eight days, counting the days of their arrival and departure, and during that time our people will be called upon to put forth some effort in regard to entertainment. This is the custom and Tillamook does not want to be behind other cities in regard to this matter. It is thought that our population will be augmented by at least a thousand people during encampment week, counting the soldiers, their friends and the general following that goes with the encampment. This means that several thousand dollars will be spent in our city, as the soldier boys are good spenders and all the camp supplies will be bought here of our merchants, which will be a benefit to our city. It is up to Tillamook to give the state troops a royal welcome. Treat them right while they are here and send them home rejoicing and praising Tillamook. As Tillamook is not going to observe the Fourth this year with a celebration, we should feel free to contribute largely towards the entertainment of the state troops here in July.

LOYAL SONS GO ON ANNUAL HIKE.

The Loyal Son's Bible Class of the Christian Church left on its second annual hike Monday Morning at 8 o'clock. Twenty two members of the class are participating in the hike.

The boys went out over the mountains by way of the Wilson River road, with the intention of reaching Forest Grove by Tuesday night. They will play ball at Forest Grove Wednesday and will be entertained at a banquet that evening. They will be at Carlton on Thursday, at McMinville on Friday, at Salem on Saturday and at Turner on Sunday. They will remain at Turner three or four days after which they will return to Salem and play ball with the penitentiary boys. From Salem they will go to Monmouth, to Dallas and then home.

The boys will play ball and be banqueted at every city which they visit.

Fresh Tillamook eggs are scarce. The BIG 4 will give 25 cents a dozen for a short time, as there are enough people that are willing to give that price for Tillamook eggs. The weather is warm outside and eggs shipped in certainly are not as good, yet they are guaranteed, so buy and sell your eggs at the BIG 4.

The City Council met in regular session last evening with Mayor Harter in the chair. Inspector Ray reported that the Warren Construction Co. was not facing the curbs with a 24 in. facing which the contract calls for. The council ordered Mr. Ray to see that the specifications of the contract were lived up to in regard to this matter.
