"Studebaker wagons certainly last a long time"

"I have had this wagon twenty-two years, and during that time it cost me only \$6.00 for repairs, and that was for setting two tires."

"And after twenty-two years of daily use in good and bad weather and over all kinds of roads, I will put this wagon against any new wagon of another make that you can buy today."

"Studebaker wagons are built of air-dried lumber and tested iron and steel. Even the paint and varnish are subjected to a laboratory test to insure wearing qualities."

"No wagon made is subjected to as many tests or is more carefully made than a Studebaker. You can buy them of Studebaker dealers everywhere."

"Don't listen to the dealer who wants to sell you a cheap wagon, represented to be 'just as good' as a Studebaker."

Farm wagons, trucks, dump wagons and carts, delivery wagons, buggies, surreys, depot wagons—and harness of all kinds of the same high standard as the Studebaker vehicles.
