ADVERTISE IN THE HERALD

SECRETARY GARRISON WANTS BIG MILITIA

Portland, Ore.—Taking under advisement with a brief passing comment, the appeal for government aid in securing "40 feet of water at the Columbia bar," Secretary of War Garrison at the banquet here made in his honor, made an urgent plea for awakened responsibility and co-operation on the part of the business men of the country in building up a strong national guard side by side with the standing army of the United States.

"There is a spirit in the west that I want directed toward the larger affairs of the department with which I am identified," said Secretary Garrison. "There is a larger sphere than that of the development of your own resources. Do you realize that in all the continental United States, you have on its feet and fully equipped for action in case of war only 32,000 men? If a quarrel is forced on us, and I am the last man among you that would hope for such a thing, do you realize that we have got to have behind our standing army a trained national guard to stand as a second line, and back of these we must have laws that will enable us to bring into action all of the able volunteers who are willing to bear arms?"

Story of Noah is Found on Stone
Philadelphia.—The Bible story of Noah and the flood is confirmed in many details by hieroglyphics written at least 4000 years ago by a historian who lived in ancient Babylon, according to an announcement made by the University of Pennsylvania.

CONDEMNNS EXILE OF EDITOR

Governor Condemns Coos Bay Citizens, Officials and Radical I. W. W.'s

Salem, Ore.—Declaring that the failure of the authorities to prosecute the leaders of the "mob" that deported Dr. Hatley K. Leach, socialist editor, from Bandon, will subject them to removal from office, Governor West, in a written statement scored the radical element of the I. W. W.'s and leading business men of Bandon.

The governor criticizes Al Powers, of the Smith-Powers Lumber company, declaring if he was the inspiration of the "mob" as reported, "he has proved himself an enemy to society and an outlaw. He has placed himself on as unsafe a footing as any of the I. W. W.'s or Dr. Leach."

Oregon State Printer Dead.
Portland, Ore.—Valvular disease of the heart, from which he had been a sufferer for 17 years, ended the life Tuesday of Willis Scott Duniway, state printer of Oregon since 1906. Though he had been gravely ill following a nervous chill in a restaurant, where he and Mrs. Duniway were taking dinner four weeks ago, the end was unexpected.

California Militia Called Out by Riot.
Sacramento.—A special train carrying five companies of militia has been ordered to leave here for Wheatland Cal., where four men, including the district attorney of Yuba county, were killed in a battle between 400 striking hoppickers and a sheriff's posse.

Parcels May Be Refused
Marshfield.—Contractor Bernard, who handles the mail service between Coos and Curry county points and Roseburg, has notified the government that he will not be able to handle the parcel post business during the winter months even at extra pay. In the winter months it is often necessary to transport the mail on packhorses instead of by stage, the roads being too muddy for the latter.

Girl Dies of Ptomaine Poisoning
Marshfield.—Miss Viola Lattin, a 16 year old South Inlet girl, died suddenly at the home of her parents, Mr. and Mrs. Milton Lattin, of ptomaine poisoning. She was taken ill after eating some green peaches. Other members of the family were also affected, but recovered.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

McMinnville Man Killed
McMinnville.—Walter Rodgers was killed and Frank Wilbur seriously injured, at the hands of James Hutchens, who resides with his mother on her homestead west of McMinnville.

The shooting occurred when James Hutchens and R. L. Healy were driving along on the road leading from what is known as Pea Vine Ridge to McMinnville. They pulled up at a place in the road where most of the ranchers get their mail and have their mail boxes.

Here Hutchens met Wilbur and they were soon in a heated quarrel, over what is not known, but it is generally conceded to be the climax of an old grudge. Some witnesses to the tragedy declare Wilbur struck Hutchens twice and Hutchens pulled his revolver, shooting Wilbur twice in the arm and once in the left shoulder.

Institutes to Be Held

Corvallis.—Plans for holding an extended series of farmers' institutes in fall in Lake, Harney, Klamath and Crook counties are formulated by the extension division of Oregon Agricultural college as a result of the urgent demand for such instruction expressed to O. A. C. on his recent trip through Central Oregon with representatives of the Oregon Development League.

First Coast Artillery Wins

Portland.—The first Coast artillery team won the much coveted and hard fought for governor's trophy in the annual Oregon state militia rifle match held at Camp Sherman rifle field, Clackamas. The team scored 1082 out of a possible 1200 and for final honors defeated the third infantry team with a score of 1042.

Allen Sheep Decision Rendered.

Salem.—The attorney general has rendered an opinion to Thomas S. Farrell, deputy district attorney at Lakeview, that the county cannot collect license fees chargeable against foreign sheep brought into the county for feeding if the sheep are removed without the owner ever applying for a license.

RAILROAD TO PRINEVILLE

Electric Road From Metolius to Be Built by Tacoma Man

Prineville.—After negotiations covering practically a year, a final contract was closed by the citizens' committee, representing the business interest of Prineville and vicinity, and H. P. Shell, of Tacoma, Wash., for the construction of a railroad from Metolius to Prineville. Mr. Shell has large business interest at Tenino, Wash., and is well known in construction circles.

The proposed road will run from Metolius to Prineville, a distance of about 30 miles, through one of the richest farming districts in the state, immediately adjacent to the route are vast areas of undeveloped agricultural and timber land awaiting farmers and mills.

The pine forests covering thousands of square miles, with fine timber, extend down to within a few miles of Prineville, and are easily accessible by well-built wagon roads, and can be reached by tram roads with an easy grade.

Girl to Bulldog a Steer

Pendleton.—Tillie Baldwin, bronco buster and trick rider, who rode at the stadium at Tacoma this year, has a new and thrilling stunt which she is going to put on for the Roundup at Pendleton September 11, 12 and 13. Tillie says she is a cow girl and to prove it she is going to bulldog a steer. She is now practicing up on a tame half-breed Jersey on the Sherry ranch north of town, but when it comes to the Roundup she says she is going to let them shoot the steer out of the bunch of Texas longhorns and she will do the rest. If she succeeds she will be the first woman in the world to bulldog a steer in open competition with cowboys.

Drastic Cut Made in Express Rates

San Francisco.—The state railway commission of California ordered reductions in the express rates of Wells Fargo & Co. amounting to a cut of \$750,000 from present annual revenues.

ADOPT HOURS AND WAGES FOR GIRLS

Portland, Ore.—It will be unlawful in Oregon to employ a girl under 18 years of age for more than eight hours and 20 minutes a day, or 50 hours a week, after October 4, 1913.

It will also be unlawful to keep a girl under 18 employed after 5 P. M., or to pay a girl from 16 to 18 less than \$1 a day, except in the cases of apprentices and learners.

Such was the first ruling of the Oregon Industrial Welfare Commission. The commission was organized last June under the law enacted by the last Oregon legislature, which provides that the ruling shall take effect 60 days after its adoption.

The ruling is the first instance of compulsory minimum wage legislation in the United States. Several states now have similar laws, but the commissioners of these states have been slower in getting into action.

The law provides that any employer who shall violate the ruling of the commission shall be subject to a fine of not less than \$25, nor more than \$100, or imprisonment in the county jail for not less than ten days, nor more than three months, or both fine and imprisonment, for each offense.

The ruling applies to girls employed in virtually every capacity except that of domestic service.

N. P. Operators Favor Strike.

St. Paul, Minn.—While exact returns on the strike vote recently taken by Northern Pacific Railway telegraphers have not been given out by union officials, it was intimated here that practically all the 1237 men involved have voted in favor of a strike, if necessary, to obtain from the road their demands of higher wages and better working conditions.

Socialist Plea Rejected by Governor.

Olympia, Wash.—Governor Lister, answering Seattle Socialists who appealed from Adjutant-General Llewellyn's order refusing the use of the armory for a presentation of the play, "The Colonel and His Friends," based on the riots which occurred during Potlatch week, endorsed General Llewellyn's action.

Brief News of the Week

A train near Dodge City, Kan., was stalled by grasshoppers in a deep cut.

A law abolishing free lunch in saloons has gone into effect in Connecticut.

Following America's example, Belgium will celebrate her first "mothers' day" August 15.

The Russian government decided not to participate officially in the San Francisco exposition.

Reports from Peking say that the backbone of the revolution in southern China is believed to have been broken.

Kansas is oppressed by drought, having suffered the second driest month in July ever known since the weather bureau was established 30 years ago.

Fire insurance companies which left the state of Missouri because they were displeased with an act passed by the last legislature are arranging to return.

In the city election at Cincinnati the Citizens' ticket, headed by Walter H. Knight and nominated to frame the proposed new charter, swept everything before it.

Bulgaria, Serbia, Greece and Montenegro have signed a five days' armistice at Bucharest, Roumania, their representatives having agreed to hold a peace conference during that period.

A court martial has convened at Berlin to try the German officers accused of accepting bribes for information as to pending government contracts for arms and ammunition.

The Woodmen of the World, in session at Colorado Springs, selected Denver as the place for holding the next triennial convention of the Pacific jurisdiction, in 1916.

According to a decision handed down by the district court at St. Paul, Minn., newspapers have a right to decline advertising when they deem it objectionable, even when it is submitted to them under a yearly contract.

The reason why Great Britain is holding aloof from the Panama-Pacific exposition, is, according to the officials of the British board of trade, that their inquiries have shown it to be impossible to induce a sufficient number of British manufacturers to incur the necessary cost of preparing exhibits.

NEWS FROM OUR NATIONAL CAPITAL

Resignation of Ambassador to Mexico is Accepted by President Wilson.

Washington.—President Wilson took the first step in the policy through which he proposes to deal with the Mexican situation when he formally accepted the resignation of Ambassador Henry Lane Wilson, to take effect October 14, and sent to Mexico as his personal representative—but not accredited to the Huerta government—ex-Governor John Lind, of Minnesota, a life-long friend of Secretary Bryan. The understanding is that when a stable government is established in Mexico Mr. Lind will be named as ambassador.

It is said the president is observing with keen interest the efforts of leading Mexicans to bring about peace and will offer no suggestions until these apparently prove futile. That Mr. Lind will be empowered to explain to all inquirers the unalterable opposition of the American government to the recognition of the Huerta administration is said to be a factor which may assist the situation.

Protectorate for Nicaragua Dropped

Secretary Bryan's plan for an American protectorate over Nicaragua, providing for American supervision of Nicaragua's finances, independent and foreign relations, have been shelved for the time being.

Apparently with the knowledge of the administration, the senate foreign relations committee passed a resolution asking the secretary of state to submit a new Nicaraguan treaty, omitting the protectorate policy. The compact at the request of the senate committee is to be limited strictly to the original negotiations with Nicaragua by which the United States was to pay \$3,000,000 for an exclusive canal right across the country, a naval base site on the Bay of Ronesca, and a lease to the Corn Islands in the Caribbean Sea.

Opponents of the proposed protectorate had made it clear that it would be impossible to secure ratification of the Nicaraguan treaty in the present congress if the so-called protectorate amendment were included in it. This sentiment is understood to have induced Secretary Bryan to consent to its withdrawal.

Federal Cash to Help Move Crops

Twenty-five to fifty million dollars of government funds will be deposited in the national banks of the south and west at once by Secretary McAdoo to facilitate the movement of crops. Federal, state and municipal bonds and prime commercial paper will be accepted as security for the money, on which the banks will pay 2 per cent interest.

The motive of Secretary McAdoo in announcing this policy is to anticipate the money stringency in the late summer and fall, which invariably accompanies the marketing and movement of crops, especially when they are unusually large, as the harvest now beginning forecasts.

Representative bankers of 59 large cities in the agricultural regions of the south, middle west and Pacific coast were invited by Secretary McAdoo to come to Washington to confer with the treasury department regarding the distribution of government funds to be deposited in the national banks to facilitate the marketing and movement of the crops.

Among the 59 cities invited to be represented are Los Angeles, San Francisco, Portland, Or., Seattle, and Spokane, Wash.
