SULZER RECEIVES UP-STATE SUPPORT

Albany, N. Y.—Governor Sulzer showed interest in the report from the assembly districts throughout the state, indicating that many of the up-state assemblymen who had opposed his direct primary bill or had voted for impeachment were being refused designation by their party committees. The governor declined to comment on any of the changes being wrought in the personnel of the assembly, but seemed to take it for granted that public sentiment was strongly in his favor.

The most significant changes in the designations for the assembly is considered the turn-down of Assemblyman T. K. Smith for another term by Francis A. Hendricks, the Onondaga county Republican leader.

Sulzer's Enemies Now Under Fire

New York.—The indictment of Charles F. Murphy, leader of Tammany Hall, Aaron J. Levy, leader of the Democratic majority in the assembly, and James Frawley, chairman of the committee which investigated Governor Sulzer's campaign contributions, has been requested of the district attorneys of New York and Albany counties by Lynn J. Arnold, of Albany, an ardent Sulzer supporter.

ANXIETY FELT IN MEXICO

Swift Break Predicted if Congress Denies President's Statement.

Mexico City.—The keenest anxiety was manifested in the capital as to what will be the development of the undertaking of the United States government in Mexico's internal affairs. Mexico's attitude is one of waiting, while the people resident here, both native and foreign, are displaying deep apprehension.

Rumors are that Huerta is still considering resigning in favor of General Trevino, but there is no sound basis for this assertion. The public opinion is expressed here that there will be a swift culmination of all peaceable relations if congress is given an opportunity for free debate on President Wilson's statement of the facts in the case.

Lind Leaves Mexican Capital.

Vera Cruz.—Attended by 24 secret service men Mr. Lind, President Wilson's envoy, arrived here from the Mexican capital Tuesday evening. He was accompanied by Mrs. Lind. It is believed here that General's mission is ended and that General Trevino's sudden call to Mexico City means that he will soon assume the presidency. General Huerta taking command in the field against the rebels.

NEWS FROM OUR NATIONAL CAPITAL

President Outlines Mexican Policy to the House and Senate.

Washington.—The policy of the United States was outlined to the members of two congressional committees of foreign relations at a conference at the white house by President Wilson and Secretary Bryan.

Wednesday President Wilson was scheduled to read his message to both houses of congress, defining the policy which he thinks the United States should pursue toward its southern neighbor.

A 24-hour postponement of the presentation of the message which was to have been read Tuesday, was agreed to after a joint request from Frederico Gamboa, Mexican foreign minister, and John Lind, President Wilson's personal representative in Mexico. It followed repeated efforts on the part of Huerta officials to have the reading of the document deferred indefinitely.

The message prepared by the president on the Mexican situation received practically universal support. The course of this government will be one of non-interference, in the hope that the effect of its present efforts and the pressure of foreign governments will constitute a moral mission that ultimately will bring about peace in Mexico.

The message makes it plain that there will be no lifting of the embargo on arms; that no faction or government in Mexico will be allowed to receive munitions of war from the United States. If necessary the president proposes to increase the American border patrol to enforce this policy.

The United States had proposed that a constitutional election be held and that Huerta should not be a candidate. To these suggestions, through which the United States believes peace could be restored, Huerta replied in the negative. Foreign governments generally since that rejection have been active in support of the American policy to persuade Huerta to yield.

Work on Tariff Bill Progressing

Republican senators are giving evidence of tiring over continued fruitless opposition to the tariff schedule and rapid progress is being made in consideration of the bill.

The wool schedule has been disposed of so far as it will be considered by the senate in committee of the whole.

Though no vote was taken on free raw wool, the decisive showing on that having been deferred until the bill comes from the committee of the whole, the finance committee rates on wool manufacturers were agreed to without amendment and there was every indication that raw wool would remain free.

With only a part of the sundries schedule remaining to be considered in committee, democratic leaders expressed confidence that the income tax would be disposed of before the end of the coming week.

Among the articles on the free list raffitted were agricultural implements, beet and sugar cane, machinery, alcohol, horses and mules and animals for breeding, bibles, breads, biscuits and many others.

Amendment Made to Currency Bill.

The agricultural currency amendment to the administration currency bill was adopted by the house Democratic caucus. After several preliminary skirmishes, in which other amendments were beaten, the caucus, without a dissenting vote, adopted an amendment agreed to both by the "insurgent" contingent and the banking and currency committee, to put paper based on agricultural products on the same basis as commercial paper for banking purposes. It also would extend the maturity of notes and bills admitted to discount, under the amendment, to 90 days, instead of the originally proposed 60 days. This action disposed of the last of the big controversial issues in the administration currency bill.

DEMOCRATS NAME M'CALL FOR MAYOR

New York.—Edward E. McCall, chairman of the public service commission, was designated as majority candidate by the Democratic city committee.

Mr. McCall's selection by the 630 delegates as leader of the Tammany forces was unanimous, as has been forecast since it appeared from announcements that the Tammany leaders had decided not to renominate Mayor Gaynor and that he would be nominated by the "Gaynor league" with a complete independent city ticket of its own.

Mayor Gaynor's determination to run for re-election as an independent guarantees one of the liveliest municipal campaigns New York has seen in several years. There will be three tickets in the field—Democratic, Fusion and Independent.

The Fusionists, who include Republicans, Progressives, Independence league and some independent Democrats, have selected John Purroy Mitchell.

West in Row With Land Board

Salem, Or.—The most serious breach in the history of the desert land board came at a meeting when Governor West defied the other members to ask for an extension of the contract between the federal government and the state for the Deschutes Land company project.

When the board declined to accede to Mr. West's demands to rescind the extension of time granted last week, during his absence, the governor said he would do everything in his power to have the federal government deny an extension of the contract.

MAYOR CENSORS GOWNS

Albee Says "Late Models" Find Favor in the Underworld.

Portland.—Replying to a letter from a young woman who requested that he help her choose her fall gowns, to insure against purchase of any that would violate his "X-ray" proscription, Mayor Albee issued an open reply defending his order to the police to arrest all wearers of immodest gowns.

"You will surely excuse this appeal" wrote the mayor's fair questioner, whose name the mayor withheld, "as the notice did not give exact information in regard to the length and width. As I am about to do my fall shopping and afraid to transgress in the matter of cut and style, would you kindly accompany me and help me to select proper apparel?"

"It probably is not known to the good women of the city, some of whom have adopted various of the late models of dress for street attire, that the most of these 'late affairs' find favor in the underworld, where the unfortunate who live there have seized upon them as a means for furthering their illegal business," says the mayor.

Philippine Governor Quits Suddenly.

Manila.—W. Cameron Forbes, governor-general of the Philippines since November, 1909, sent his resignation to Washington. It is effective September 1, just a week from when Mr. Forbes will leave for the United States.

Ranks of Voters May be Doubled

Salem.—That the enfranchisement of women may be double the total registration in Oregon is the belief of the men who have made a study of registration figures in Secretary of State Olcott's office. The conclusions are based on reports of registrations from the various counties from June 3 to August 16.

and 15,040 pounds of tree seeds were imported into the United States.

That the work of installing democrats in federal offices in place of republicans is proceeding at a rapid rate is shown by the nominations which have been sent to the senate since President Wilson took office. These nominations number approximately 3000 and of these about 2000

Not one solitary amendment to the currency bill proposed at the Chicago bankers' conference will be accepted by the administration. This was most emphatically declared by Chairman Glass, of the house banking committee, coauthor of the "administration" measure.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Girl Saved From Drowning Father

Eugene.—Rushing into the swift current of the Willamette river to her armpits, Mrs. E. C. Welch fought for several minutes to rescue her 19-year-old daughter from the clutches of her drowning husband. Sitting on the bank, she saw her husband suddenly begin to drag the daughter, Eva Welch whom he was teaching to swim, out into the deep current. Three times she saw her sink. She pushed out a board, but the girl was unable to grasp it. Then she herself plunged in, and was successful, just as she reached the last step she could have taken and still retained her feet.

LARGE CROP OF SUCKERS

Government Agent Finds 20,000 Have Been Fooled by Crooked Locators

Portland.—Investigation of fraudulent locators who lured victims on tracts in the railroad land grant which was recently declared forfeited to the government will continue for several weeks. The fraud has been so extensive and there are so many victims and locators that the government authorities have a veritable mine of evidence.

During the time the government was preparing the bring suit for forfeiture of the many millions of acres in the land grant, the country was flooded with the advertisements of men who offered to locate people on choice sections which they could buy for \$250 an acre, either from the railroad or the government, depending which won the suit. Thousands of people became interested and accepted the offers. There then sprang up a crop of locators, who would locate a victim on a likely-looking tract of timber and charge a substantial fee for the trouble. There are instances where a dozen or even 20 people have been located on the same identical tract of timber, and the locators charged anything they could get.

As near as the officials have been able to learn, there have been 20,000 locations made.

9,000,000 Pounds of Salmon Canned

Astoria.—The spring salmon fishing season on the Columbia river, which just closed, will be the poorest in many years. This is especially true of the lower river district. Plants on the upper river did much better.

A conservative estimate of the amount put in place the canned pack at 230,000 cases, "as they run," or approximately 145,500 tin cases. The pack represents 9,000,000 pounds of raw fish. The cold-storage pack totals about 3450 tierces of 800 pounds of cured fish, or a total of 4,895,000 pounds.

Thaw Likely to Stay Long in Jail.

Sherbrooke, Que.—Harry K. Thaw's Canadian attorneys withdrew the writ of habeas corpus obtained last week in his behalf and the fugitive from Matteawan was not arraigned in the superior court as had been expected. The withdrawal of the writ may prolong the proceedings indefinitely.

17 Cities Dispute Rates for Power.

Portland.—Disputed light and power rates in 17 cities of Oregon, including Portland, Oregon City, Salem, Mount Angel and Woodburn, will come before the Oregon railroad commission for adjustment at a hearing in Portland on Tuesday, September 2.
