ADVERTISE IN THE HERALD

BOMB IS MAILED TO LOS ANGELES EDITOR

Attempt on Life of General Otis
Is Second in Three Years--
Explosive Powerful.

Los Angeles.—For the second time within three years a bomb placed in jeopardy the life of General Harrison Gray Otis, owner of the Los Angeles Times building, which was destroyed by dynamite October 10, 1910. That he was not blown to pieces was probably due to the watchful eye of his Japanese servant, who received from the postman an infernal machine mailed in this city, and called his employer's attention to it.

The attempt on his life was attributed by the general to agencies friendly to those for and whose conspiracy eventuated in the destruction of his newspaper plant and the killing of 20 men three years ago. But the police and postal authorities believed something might be developed from the theory that the Mexican question had an impelling part in it.

General Otis is heavily interested in lands in the Mexican territory of Lower California, where two years ago Industrial Workers of the World joined the "direct action" element of Mexicans in an effort to establish a socialistic commonwealth.

THAW WILL APPEAL CASE

Foundation Laid for Successive Proceedings Through Federal Courts
Littleton, N. H.—Counsel for Harry Thaw laid the foundations for plans to carry his case to the Supreme Court of the United States.

When the governor of New Hampshire passes on the matter of the extradition of Thaw to New York, at the hearing to be held at Concord on Tuesday next, the finding, if adverse to Thaw, will be reviewed by the United States District Court and, should a decision against him then be rendered, successive appeals will be taken until the case reaches the highest court in the land.

This was the announcement made by the Thaw lawyers after a hearing on the federal writ of habeas corpus obtained in Thaw's behalf and invoking the fourteenth amendment to the constitution had been suspended indefinitely until such time as counsel saw fit to begin arguments after the extradition matter had been decided.

Rancher Shoots Oregon Ex-Judge.

Astoria, Or.—Ex-Circuit Judge Frank J. Taylor, president of the state board of pilot commissioners and one of the leading members of the legal fraternity in western Oregon, was slain by Oswald C. Hansel, a Clatsop Plains rancher, on Commercial street, near the Spokane, Portland & Seattle railroad depot, at 9 o'clock Sunday morning.

The shooting came as the climax of a fancied grievance which Hansel had had for years against his victim.

GAYNOR'S FUNERAL SERVICES SIMPLE

New York.—At the request of his widow, who said she knew he would have wished it so, the funeral of Mayor William J. Gaynor, who died at sea, will be marked by simplicity, without orchestra, or band music or military pomp. The funeral service will be held September 21 in Old Trinity church.

At Mrs. Gaynor's request the only escort of the mayor's body will be mounted policemen. There will be no military accompaniment. Though numerous orchestras have volunteered to play the funeral music, Mrs. Gaynor asked that only the regular choir of Old Trinity sing. She asked that Gounod's "Ave Maria" be sung.

Huerta Would Tell Warships to Leave Mexico City.—The only striking feature of the message of President Huerta, read to congress, was the declaration that he did not favor a renewal of the permission to warships of other nations to remain in Mexican waters later than next month. The limit allowed by Mexican law was originally 30 days, but the Mexican congress recently increased it to six months. This limit expires next month.

RAILROAD WRECK LAID TO EMPLOYEES

New Haven, Conn.—Three employes of the New York, New Haven & Hartford railroad are held by Coroner Eli Mix to be criminally responsible for the disastrous wreck at North Haven on September 2, when the White Mountain Express plunged through the second section of the standing Bar Harbor Express, exacting a toll of 21 lives.

Those held to be responsible are Augustus Miller, engineer of the White Mountain Express, and Bruce C. Adams and Charles H. Murray, conductor and flagman, respectively, of the Bar Harbor train.

The coroner neither blames nor absolves the New Haven road. He finds the signals were in perfect working order, "and whether the honjo signals are obsolete or not the accident would have been prevented if the company's rules had not been violated."

China Will Employ 200 Germans.

Peking.—The conclusion of arrangements were reported here by which China will employ a German lieutenant general with a staff of six, and 200 other German officers to reorganize its army. It was said the Krupp's will pay 25 per cent of the Germans' salaries.

"BIG TIM" SULLIVAN DEAD

Almost Consigned to a Pauper's Grave
When Found.

New York.—The body of "Big Tim" Sullivan, member of congress from the thirteenth New York district and a local Tammany leader, was identified by chance in a Fordham morgue, where it had lain for 13 days. Sullivan disappeared August 31, when he eluded one of his nurses, set to attend him because of a mental malady, and ever since then his friends had searched for him in vain. His body was on its way to the potter's field when the chance observation of a policeman who had known him intimately checked its course.

Sulzer Has No Pardon Power.

Kingston, N. Y.—The exact status of Governor William Sulzer of New York, impeached by the state legislature, was definitely determined here when Justice Hasbrouck ruled that Sulzer is powerless to pardon Joseph G. Robin, former New York banker, convicted of misappropriating bank deposits, pending the result of his trial before the impeachment court.

Accused Priest Believed Insane.

New York.—Hans Schmidt, the priest who confessed that he killed Anna Aumuller and cut up her body and cast it piece by piece into the Hudson river, "as a sacrifice to be consummated in blood," is in the observation ward of the Tombs prison under the watchful eye of Dr. McGuire the prison physician. Warden Fallon, of the Tombs, declares the man is insane—one of the most dangerous men ever confined in the prison, and in this view he was upheld by Deputy Commissioner of Corrections Wright.

G. A. R. MEETS IN SOUTH

National Encampment Begins Near
Scenes of Famous Battles.

Chattanooga, Tenn.—Held for the first time in real southern territory and in close proximity to some of the most famous battlefields of the Civil war, the forty-seventh annual national encampment of the Grand Army of the Republic was officially opened here with a reception at the Hotel Patton.

Not only is this the red letter encampment of the G. A. R. because it is the first meeting south of the Mason and Dixon line, but the present year also marks the semi-centennial of the battle of Chickamauga, Lookout Mountain and Missionary Ridge, all within a short distance of this city. In fact, the exact anniversary of the battle of Chickamauga falls on the last two days of the encampment, September 19 and 20.

Women Burn Railroad Station.
London.—Women suffragettes burned the railroad station at Kenton. They left the vicinity placarded with votes for women literature.

Would Be Governor of Oregon
Portland.—Colonel Robert A. Miller, of Portland, has formally announced his candidacy for the democratic nomination for governor.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout
the State During the Past
Week.

Livestock Entry Free.
Salem.—In the livestock department of the Oregon state fair, which opens Monday, September 29, and closes Saturday, October 4, no entry fees will be charged. Those exhibiting will be charged the low rental of \$2 for the week for double or box stalls and \$1 for single stalls. For hog or sheep pens \$1 will be charged for the week. So far as possible stock will be grouped in breeds, classes and families. Stalls and pens with the first bedding of straw will be furnished free to exhibition stock. When exhibits of any character are shipped to the secretary, he should be informed at the time in order that proper attention may be given.

Wild Horses Ordered.
The Dalles.—Den Taylor, a prominent rancher of the Antelope district, was in the city conferring with officials of the Wasco county fair and was commissioned to secure from the numerous bands of wild horses near Antelope 50 animals that have never known the "feel" of saddle, bridle or halter. The horses will be brought to this city for use at the "Rodeo," which will be one of the many big features of the twenty-third annual exhibition of the local fair, October 8 to 11, in the grounds of the Driving Park association.

Bad Smash-up on Sumpter Valley.
Baker.—A mistake on the part of a train dispatcher caused a head-on collision between two freight trains on the Sumpter Valley railroad, resulting in completely demolishing one engine, damage to the other and derailment of a dozen cars, but no fatalities or injuries. Firemen and engineers jumped to safety when they saw that a collision was inevitable. The engines met on a heavy grade, one going down hill, traveling at a high rate of speed, the other one traveling slowly.

TO SHOW NEW FEATURES Agricultural College Will Exhibit at Fair.

Corvallis.—On a scale larger than ever before the Oregon agricultural college is preparing an educational exhibit for the state fair. The exhibit is designed to show approved methods of industrial and technical work in the departments of agriculture, the school of domestic science and art, the engineering school and the crop pests and zoological departments, as well as the experiment stations. An exhibit of grains and grasses from the eastern Oregon station will prove an interesting and valuable feature.

Among the new features will be animal exhibits from the college herds and demonstration of the best method of handling. There will also be exhibits showing approved methods of silo construction. There will be other demonstrations and illustrated lectures. The principal exhibit will occupy the space previously assigned in the large auditorium and will be arranged with a view to give practical instruction in the latest methods applied to agriculture, home economics and engineering.

S. P. Asks Reduced Assessment.
Eugene.—The tax department of the Southern Pacific railroad has asked the Lane county board of equalization to tax the personal property of the company used in the construction of the Oakridge extension and the Willamette Pacific railways in this county, at 50 per cent of its actual cash value. The members of the board value.
