NATIONAL GUARD DEMANDS VOICE

Chicago.—Plea for a voice in the establishment of the military policy of the United States stirred the session of the National Guard Association of the United States in convention here. The militiamen asserted they possessed a right even greater than that of the regular army to have something to say as to the nation's military affairs. They deplored the fact that all such questions are left to the arbitrary judgment of the secretary of war and his department.

The association adopted a resolution of protest against circular No. 8 of the war department, which provides in effect that the government will not recognize national guard officers except where the requirements of the regular army as to organization, armament and discipline of their organizations have been fully observed.

Another resolution provided for a bill to be submitted to congress providing for allowances for members of the militia for service at home stations; the bill to secure in the United States the services of the members in the event of war or grave emergencies.

GIANTS LOSE FIRST GAME

Marquard is Driven From Box, But Bender Goes Full Distance.

New York.—Outfitting and outfielding the New York Giants in the opening game of the world's series, the Philadelphia Athletics defeated the National League representatives by a score of 6 to 4.

Each team gathered 11 hits from the delivery of the rival twirlers, but the Athletics' drives were more timely and of greater length. The Giants gathered 12 bases from their 11 hits, while the Athletics' total was 20.

Three Giant slabmen essayed the role of Athletic killers, Marquard, Crandall and Tarsous being trotted out in order. But of the three, only the latter escaped with outside intact. On the other hand, Bender, the veteran Indian, majestically of Mack's delivery center, went the full distance.

Roosevelt Salts for Untrod Wilds.
New York.—Theodore Roosevelt and party bound for South America, where the colonel will first lecture and then explore portions of the continent.

Seattle Times is Damaged by Fire.
Seattle, Wash.—Fire Sunday damaged four large presses and destroyed 15 motors in the pressroom of the Seattle Times, in the basement of the Times building, causing a loss of \$75,000, fully insured.

Colonel Alden J. Biechen, editor of the Times, and Clarence B. Biechen, managing editor, said they were convinced the fire was of incendiary origin.

West, Olcott and Kay Are Sued.
Salem, Or.—Circuit Judge Kelly having sustained the demurrer to the suit of Attorney-General Crawford against Governor West, Secretary of State Olcott and State Treasurer Kay for alleged wrongful expenditure of about \$16,000 of the penitentiary revolving fund, the attorney general has filed an amended complaint, charging that the state had been damaged in that extent.

Leading Idahoan Dies.
Boise, Idaho.—Mrs. R. Z. Johnson arrived at her home in Boise unexpectedly and gave her two sons, leading attorneys, the first news of the death in Germany of their father, one of the foremost citizens of Idaho, who expired September 16, following a paralytic stroke five days before.

London Likes Tariff Bill.
London.—The newspapers here are a unit in praising the new American tariff bill.

Secretary Garrison Free Coffman.
Washington.—Secretary Garrison remitted the sentence of Private Waldo H. Coffman, of the ninety-third coast artillery, who was dishonorably discharged and sent to the military prison at Fort Leavenworth, Kan. The secretary held that the evidence before the court-martial at Fort Stevens, Or., was insufficient to establish the offense. The case has attracted wide-spread attention on account of charges that the soldier was convicted on account of his socialistic beliefs.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

County Must Reset Election Date.

Salem.—Attorney General Crawford, in an opinion on the question of the election which the Crook county court recently called for November 4, to allow the people to decide on the issuing of a \$200,000 good roads bond issue, holds that the order is invalid inasmuch as it set the date for the election more than 40 days hence. He interprets the state law to mean that the calling of the election must be made not more than 40 days nor less than 20 days before the date set for the election.

Will Ask Pardon for Taylor.

Salem.—Attorney M. V. Weatherford of Albany said that within a few days a petition for the pardon of John Taylor, serving a life sentence in the penitentiary for the killing of A. H. Perry in Harney county, will be presented to Governor West. Taylor is one of the five men who were condemned to be hanged on December 11, 1912, following the rejection at the polls of a proposed constitutional amendment abolishing capital punishment.

Road Bids Called Soon.

Medford.—After a meeting between State Engineer Bowley, Assistant Engineer F. W. Kittridge, and members of the county court, it was announced that as the survey over the Siskiyou has been completed bids for the construction of two sections of the recently authorized permanent highway will be requested at once.

Robbery Alarm is False.

Huntington.—Forgetting where she had placed a small bag containing the postoffice funds, Mrs. Esther Evers, newly appointed postmistress of this place, gave an alarm of robbery, which caused no little excitement. The money was found later in the postoffice safe.

Josephine County Grapes Fine.

Grants Pass.—The grape crop on Josephine county will be of an excellent quality as well as enormous in quantity this fall. The season has been ideal for the ripening of the grapes, and the present warm weather and bright sunshine are giving the famous Tokays a beautiful purple blush.

FAIR PAYS GOOD PROFIT

Oregon's Best Agricultural Exhibit Ends After Breaking All Records.

Salem.—Oregon's greatest state fair came to a close Saturday night. Perfect weather, excellent exhibits and state pride have filled the coffers of the association, and for the first time in its history it is out of debt. There will be a greater exhibition next year, for the management already has made arrangements to enlarge its scope.

Secretary Meredith says this is the first time the fair has paid expenses. The total attendance this year was between \$8,000 and \$9,000. The largest daily crowd was Wednesday, Salem day, when 25,000 were present.

Awards in the children's industrial department at the state fair show a large preponderance of girls among the list of prize winners. This competition, including products of the garden, needle and poultry house, brought out pupils in the state public schools from almost every section to compete.

Barroom "Come Back."

Roseburg.—The room utilized as a barroom in the Hotel McCallan when Roseburg was "wet" was raided by Sheriff Quine and two barrels of beer, one barrel of miscellaneous wares and about fifteen barrels of empty bottles were seized.

"Wet" Town Wants Election.

Roseburg.—Thirty-two voters of Sutherlin, one of Douglas county's three wet towns, have filed a petition with the county court asking for a local option election there on November 4.

Hunting and Fishing Good.

Pendleton.—Hunting and fishing in eastern Oregon are reported to be better at the present time than for a number of years. This is said to be true of all kinds of game.

BRANCHES OF PARTY AIM TOWARD UNITY

Washington.—Senator Cummins outlined in part the reform plans of the so-called "conciliation committee" of Republicans and Progressives which hopes to bring about the holding of a national Republican convention early in 1914.

The change in the representation of southern states in the national convention is a secondary matter in the programme of the committee. With the added support of many Republican leaders who did not participate last spring in the "get-together" conference in Chicago, they will insist that the control of the Republican national committee over seating of delegates in a national convention be abolished.

"Where states have primary laws that govern the election of delegates it will be an easy matter to provide by party rule that the certificates issued by local election officials shall be final evidence entitling the delegates to seats in the convention. Where such laws do not exist, however, I believe that Republican authorities in each state should pass on all contests and settle the eligibility of delegations before they go to the national convention."

German-Americans Oppose Prohibition

St. Louis.—The National German-American Alliance at its convention here adopted a resolution condemning the attempt to secure the enactment of a national prohibition law.

Lane's Hop Crop Hummer.

Eugene.—Lane county's hop crop, now nearly all harvested, is estimated at 7000 bales, or approximately 1,395,000 pounds. This is the largest yield yet recorded in the county. Three carloads were loaded for shipment to London.

La Grande Chooses Soon.

La Grande.—The charter election provided for an election of commissioners within 30 days. October 20 has been set as the time for the election of three commissioners, the sole elective body under new government.

Brief News of the Week

A department of business efficiency has been added to the public school system of Los Angeles.

Greene is preparing for war with Turkey, reserves having been called to the colors. The immediate evacuation of Indagatch has been ordered.

The union station at St. Paul, used by every road entering the city, was destroyed by fire, causing damage of \$100,000 to \$250,000.

The state executive committee of the Anti-Saloon league of southern California is opposed to the proposed initiative campaign for prohibition in California in 1914.

Speakers at the session of the National Wholesale Grocers' association in Chicago urged the enactment of uniform pure food laws as one solution for the present high cost of living problems.

The University of Kansas has put a ban on the tango dance and other late forms of dancing, following the organization of a tango club by the sororities and fraternities.

During the season which has just ended, 140,000 American settlers are said to have come to western Canada. The announcement is issued by Bruce Walker, commissioner of immigration. Increase over last year is shown.

People in the News

Secretary of the Interior Lane, greatly improved in health, has left California for Washington, D. C. He is accompanied by his wife.

John D. Rockefeller owns more personal property than any other person in New York. His assessment for 1912 was \$5,900,000.

Representative Gardner, republican candidate for governor of Massachusetts, declares that he is opposed to woman suffrage.

During the illness of his father, the Crown Prince of Sweden will assume the duties of King Gustaf, who is suffering from effects of an operation for appendicitis.

Ex-President Taft has accepted the invitation of the board of trustees of Princeton university to attend the dedication of the Grover Cleveland memorial October 22.

John C. Bennett, arrested in Chicago, admits he was part of a plot to blacken the reputation of Clarence S. Park, formerly general manager of the International Harvester company.

FIRE AND BLIZZARD DEVASTATES NOME

Fire Fighting Apparatus Destroyed and Water Works Out of Commission.

Nome, Alaska.—Fire has completed the destruction of blizzard-wrecked Nome.

Following a night and day of terror, 24 hours of the worst Arctic storm that ever visited Alaska's most famous mining camp, flames started in the ruins of wrecked buildings and swept the city.

It was impossible to cope with the flames. All of the fire-fighting apparatus was destroyed by the storm and the waterworks also is out of commission. The firehouses and their contents were swept away by the gale. Hundreds of homeless persons struggled against wind and wave in an effort to collect enough food from the debris to sustain life for themselves and families for a day or two.

It is estimated that the loss will reach \$1,500,000. So great was the destruction of provisions that it is feared that a famine will follow.

CHIP NEAR CAUSES TRAGEDY

Trouble Due to Bit of Wood Holding Sea Cock Open.

Seattle, Wash.—The steamship Spokane, which sent out frantic distress signals while she was off the east coast of Vancouver island, arrived here undamaged and with all her passengers well.

She did not run aground as reported, but narrowly escaped turning turtle from an inrush of water into the hold from her main discharge because a chip of wood caught and held open the sea cock. The steamship was stopped to plug the tubes in the main condenser. She suddenly took a violent list to port, when a distress signal was sent out.

Sulzer's Secretary Takes Blame.

Albany, N. Y.—Governor Sulzer recently attempted to negotiate a bargain with Charles F. Murphy, leader of Tammany Hall, to have his impeachment trial "called off," so Allan A. Ryan, son of the New York financier and traction magnate, testified at the trial.

Sarecky, a youth of 27, shouldered the blame for the omission of unreported contributions from the governor's campaign statement, testifying it was prepared without the knowledge of Sulzer as to details.

CHECK PUT ON COURT

Governor Lister Joins Bench in Lecture to Jurist.

Seattle, Wash.—"I won't resign. They couldn't pull me off the bench with a hook," declared Superior Judge John E. Humphries following a star chamber conference with Governor Lister and members of the superior court.

"The trouble has been smoothed over," said Governor Lister. "There will be no extra session of the legislature to disrobe Judge Humphries." It was alleged that the governor and several others at the meeting severely lectured Judge Humphries and that the latter promised to "be good" and discontinue his monologues from the bench.

The conference was the climax of a series of protests sent to Governor Lister against the high-handed manner in which Judge Humphries has dealt with the cases of Socialists brought before him for contempt. These protests were signed by superior judges, the editors of three leading newspapers in Seattle and by scores of business and professional men of this city and throughout the state.
