BAY CITY NEWS ITEMS

From Bay City Examiner:—
Mrs. Purvis has been very ill this week, suffering from chronic heart trouble. It was feared for a while she would not recover but at last reports she is improving.

Geo. Vaughn, fire warden, returned to Bay City with his family, after spending the summer on the upper Tillamook, where he was stationed in connection with his duties.

Mr. E. D. Williams expert glazier for the W. P. Fuller Co. of Portland, spent Friday of last week visiting with his old friend Homer Provost in this city. Mr. Williams is in charge of the work of placing the large plate glass windows for the Masonic Block at Tillamook.

R. J. Hendricks, Editor and owner of the Pacific Homestead and Daily Oregon Statesman at Salem, together with Mr. Scott Bozorth were in town Saturday looking after business interests and shaking hands with old acquaintances.

Lee McClintock, a nephew of Dr. W. C. Hawk spent last week in Bay City looking up a good location for a home. He was favorably impressed with the country and will be back in the spring to invest.

Mrs. Homer Provost suffered an accidental scalding while attending to household duties Wednesday morning. Both arms were severely burned and she will not have the use of them for some time.

Two patients, L. R. Shoemaker and Harry Malander, were brought to the hospital from the Wheeler mill Monday. Mr. Shoemaker is suffering from rheumatism and Mr. Malander with congestion of the lungs.

Mrs. N. H. Steadman, who was brought to the hospital last week from Rockaway, recovered sufficiently to return to her home in Cosmopolis, Washington. She was accompanied by Mr. Steadman.

Floyd F. Trowbridge former lessee of the Examiner arrived home from San Francisco, Friday on thirty days furlough from the Navy, which he will spend visiting his parents near Hobsonville and friends in this vicinity. Mr. Trowbridge left Bay City in June, when he enlisted with the navy and was assigned for duty at the Goat Island Station near San Francisco. Mr. Trowbridge is employed in the printing department and is much impressed with the service.

Manager Pike of the Tillamook Bay Fish Co. was given positive assurance by Dr. Moore the government agent when he was here Tuesday, the Albatross would make a complete survey of the halibut banks from Newport all the way up to Tillamook Bay. This practically clinches the addition of a new fishing concern here next spring. Plans are now nearly all formulated for a \$20,000 company. The survey will start in April and will determine the extent of the banks and the length of fishing season that may be depended upon.

CLOVERDALE NEWS

From Courier:—
L. M. Kraner is arranging the upper portion of his block into residence flats.

Alex Imlah made a trip to the valley this week with about 1000 pounds of salmon.

As a result of being painfully scalded on the limb this week Olive Shearwood is confined to her home.

Mr. Walters and family, who have been the guests of Mr. and Mrs. Frank Worthington the past six weeks, left Sunday last for their home in Nehalem.

Wedding invitations were received here Wednesday announcing the wedding of James Imlah, of this place, to Miss Bertha Cochran, of Amity, at the bride's home, October 24.

J. H. Redwine is so thoroughly convinced that the cheese made by the Cloverdale factory is superior to any made in state, that Tuesday he sent a "Young American" by parcels post to a friend at Hotchkiss, Colorado.

TRIP AROUND THE WORLD

EXCURSION TICKET
Price 50c.

Good for First Class Passage when officially stamped and presented with checks attached. No stopovers. Must carry all baggage on your back. No baggage checked.

First train leaves Presbyterian Station Friday, Oct. 24, 1913, at 6:30 P. M. Train leaves every 30 minutes.

Tillamook to Alaska via Steamer Elmore.

Special brand of seasickness guaranteed. Fast before taking your life in your hands as those who have tried it will tell you that sometimes the ocean is not a millpond.

Alaska to Switzerland.

The happy travellers will be personally conducted overland to New York, from whence they will sail on a private yacht. No flirtations will be allowed. All lovers will have to take a seat by themselves.

Switzerland to the Philippines.

Here the party will learn the ways of the jolly Swiss and will telegraph ahead for the great flying machine recently chartered by Tillamook citizens to give its maiden flight here and which is now taking parties from the summit of Mt. Blanc. This machine will transport them all to Manila.

Philippines to Denmark.

The same machine will carry you to the home of the Dane. An interesting item on this trip will be a short stopover on the planet Mars where you can take observations on their new canal.

Denmark to Ireland.

As extremes are much appreciated in this age of the world, it has been decided to exchange the flying machine for a submarine boat which will carry you under the channel, thereby saving you from seasickness. You will be greeted in old Ireland with plenty of song and laughter.

As the personal conductor will have business of importance which will detain him for some time in the Emerald Isle. You will all be left at liberty to return home in any manner you may see fit.

LAWFUL SHOOTING HOURS.

State Game Warden Finley, who is also federal commissioner to see to the enforcement of federal law relative to migratory birds has had prepared the following table, indicating the hours between which it is lawful to shoot:

"DROP IN AND LOOK AROUND"

SOUTH AFRICA BUYS OREGON APPLES

Portland, Ore., 21. (Special)—So attractive have been the reports of the superior quality of Oregon apples that a party of pilgrims came all the way from Johannesburg, South Africa, to Portland in order to see for themselves whether or not Oregon fruit was so much better than that from other parts of the world. They came, they saw, and they left orders to the extent of 25 carloads of the finest apples Oregon could produce.

This purchase is merely the entering wedge. In the past the bulk of apples for the South African trade have been purchased in Nova Scotia and other eastern sections, but acquaintance with the wonderful coloring, quality and long-keeping characteristics of the Oregon apples will undoubtedly result in diverting practically all future orders to the Pacific Northwest, a movement which will be greatly stimulated when the Panama Canal is in operation.

On October 15 a meeting was held at Medford for the purpose of perfecting plans for the installation of an All-Oregon exhibit at Ashland for the entertainment, information and education of the host of tourists which will visit that section of the state during 1915. It is announced that in making up this exhibit every part of the state will be given an equal chance. Eastern Oregon will have as good a show as Western Oregon and the Deschutes Valley will be as welcome to make a display as the Umpqua Valley or the Willamette. The central idea is to secure settlers for Oregon lands.

The Executive Committee of the Oregon Dairymen's Association has fixed upon Wednesday and Thursday, October 29-30, as the dates for the annual meeting to be held at Tillamook. A strong program has been prepared for the occasion and dairymen from all over the state are urged to make a special effort to be present. Those who expect to attend the convention are instructed to secure a receipt from the railroad company for their fare in order to secure a reduced rate for the return trip.

Polk County Prunes are prized for their quality in many parts of the world. Last week one carload of the dried fruit was shipped to England, another to Sweden and a third to France. This week a carload will be shipped from the same point for St. Petersburg, Russia. Each car contains 1,500 boxes weighing 25 pounds each. The packing plant at Dallas is employing 60 women and 25 men and running day and night shifts in order to keep up with orders.

Shipments of livestock from eastern points to the Pacific International Livestock exposition at North Portland, December 8-13, are to be handled at one-half the usual freight rates. This concession has been made by 29 railroads represented in the transcontinental freight bureau and will become effective November 1. The exhibitor making shipments under this tariff is expected to pay the full one-way rate on his stock, and if it is not sold during the exposition, it may be returned at owners risk free of charge within 30 days after the close of the show.

The registration books closed at the clerk's office on Oct. 20. Those who have not heretofore registered will find it necessary to swear in their vote if they wish to vote at the election in November. We were informed at the clerk's office that the old registration holds good.

Fair Association

May Disband.

Attorney General Advises That Association Dissolve And Turn Fair Over To County Board.

On the advice of the Attorney General of the State of Oregon. The fair board of the Tillamook County Fair Association, met on Monday and passed the following resolution: "As the board has demonstrated to the people of Tillamook county that a successful fair can be run in this county, and as the county court is allowed by law to appropriate money to run a fair, the board recommends that the Tillamook County Fair Association is organized independent of the County Fair Board, dissolve and leave the matter of a county fair in the hands of the County Fair Board."

A meeting of the stockholders of the County Fair Association will be held at the court house on Saturday afternoon at one o'clock, Nov. 1st, for the purpose of considering this matter.

At the meeting of the association fair board Mr. Dunstan, Pres., reported an expense of \$290 for getting and handling the County exhibit at the State Fair. He also reported an income of \$90 for premiums received, our county winning sixth place.

LISLE ROSS DEAD.

Lisle Ross, of this city, who was working for the Sunset Timber Co. near Timber, was killed last Friday evening, Oct. 17th, by a tree falling on him, a limb of the tree penetrated near the hip severing an artery, causing a hemorrhage from which he died. The tree struck him about six o'clock in and he died at 8:30.

The body was brought to Tillamook on Sunday and on Monday morning at 10:30 the funeral services were held at the M. E. Church, Rev. Weber, pastor, officiating. Interment took place at the I. O. O. F. cemetery.

Lisle Melville Ross was born in The Dalles, Jan. 20, 1890. He was one of four children born to Margaret and John Even Ross. A sister, Jessie Evelyn Ross, now in Vancouver, B. C., a brother, Bruce Wallace Ross of the U. S. Navy, and a sister, Morna Clark Parkhurst, and his mother survive him.

CAPT. DEANE DEAD

From Astoria Budget:—
Captain Charles H. Deane, master and part owner of the gasoline schooner, Gerald C., died at his home in Warrenton shortly before 12 o'clock Oct. 13, after several weeks' illness with typhoid fever. The deceased was a native of Tillamook county, 47 years of age and had resided in this county for several years. He left a widow and four children, as well as four sisters and one brother. Captain Deane had been identified with the Elmore fleet for about ten years and was one of the best known mariners plying in the Oregon coast trade. He was a member of the local lodges of Elks, I. O. O. F. and Woodmen of the World. The funeral will be held from the family residence in Warrenton at 1:30 Sunday afternoon and the interment will be in the family plot at Ocean View cemetery.

On Your Own Account

have you any money in the bank? A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
