Tillamook High School Notes

Forest Grove Defeats Tillamook; Correspondent Raps Dancing; Other Spicy High School News.

(By Wee Dollittle, Jr.)

The football game between Forest Grove and Tillamook High Schools proved a defeat for the home boys by a score of 12 to 7. The game was fast, clean and well played by both teams. There is, however, one thing that we cannot overlook, and that is the action of the Umpire in penalizing Tillamook for something both teams were doing and for which neither of them had before been penalized, when another line plunge would have carried them the one yard that lay between them and a touchdown. Let this pass as it may, we still have nothing to worry over. Forest Grove has played four games this season while our team played its first game Saturday. The visitors were heavier and more practiced, yet clearly by superior ability and endurance Tillamook High held down to a score that no team may need feel ashamed of.

Forest Grove made two touchdowns, one each of first two quarters, but failed to kick goal. The third quarter put the visiting team on the defensive and the last, in which King made a touchdown, found them killing time in every possible way, taking any excuse to gain a little wind and in short on the verge of defeat; but time was called.

The Forest Grove fellows were able to use the forward pass to splendid advantage, their interference was very good and other phases of the game due to much practice were apparent in their work.

The Tillamook boys played steady and with a vim that rather surprised all who have not seen them play before. The tackling was pretty evenly distributed among them and every one of them deserves the highest commendation. Captain Stanley made good his title and his reputation both with many clever tackles and the even brainy way in which he managed the game. The one touchdown and many long gains were due to King; everyone did his own part well.

The line up was as follows:
Forest Grove: Miller, Capt. F B; Ireland R H B; Higley L H B; Taylor Q B; Doane C; Lanttrall R G; Hutchens L G; Thompson RT; Todd L T; Swanson R E; Norton L E.
Tillamook: Ebbson King; Stanley, Capt; Anderson; H. Harris; De Lillies; Boquist; R Harris; Crimmons; Case; Newman.

Summary: Substitutes for Tillamook: J. Ebinger for Ebbson, Ebbson for Crimmons. Substitutes for Forest Grove: Walker for Todd. Touchdowns: Higley, Miller, King. Field goal: King. Dr. Kerron, Referee; Donaldson; Umpire; Marshall, Head Linesman.

Following the game a banquet was given in the Commercial Club rooms, after which several short talks were given and a feeling of general good will aroused.

Tillamook goes to Forest Grove for a game next Saturday and the thing may appear sadly different to the outsiders after the returns of this coming affair. Let us all hope so and work in that direction.

The Webster Club met on Tuesday last and the question, Resolved—"That the United States should build and maintain a large Navy" was discussed. The decision was rendered in favor of the negative, upheld by Schunelle, Coates and C. Jope. The affirmative was defended by Bain, Miss Drew and Miss Goyno. We are still waiting to learn with whom we are to debate and

HOTEL TILLAMOOK'S SUNDAY EVENING DINNER.

The dinner served at the Hotel Tillamook, last Sunday evening between the hours of 6 and 8, was quite well patronized, though not as well patronized as it should have been, considering the splendid effort that was put forth by the management to give the guests a splendid repast and first class service. Steward C. R. Worrall, who had charge of the dining room, was very solicitous for the comfort and pleasure of the guests and nothing was left undone that would tend towards making the dinner a success in every way. Jenkins Orchestra furnished music for the occasion.

The Hotel Tillamook affords as good accommodations as any hotel in Oregon, every department being strictly up to date in its arrangement. To say that the hotel is a credit to the city is putting it very mildly. In fact it is considerably ahead of our town at the present time, but we hope to grow up to it in the course of two years. It has 75 rooms, 25 having bath. It is steam heated throughout.

P. J. Worrall, manager of the hotel, is heavily interested as a stock holder and is putting considerable time and attention into the new enterprise. The Hotel Tillamook is a big thing for Tillamook and it is to be hoped that our people will show their appreciation for it by taking more than a passing interest in it. The new hotel deserves the support and sympathy of all.

We understand the Sunday evening dinners will be a regular occurrence.

working in the meantime, so that when the news comes it will not find us unprepared.

Our English teacher and Johnnie recently took a canoe expedition down upon the bay. While they were gazing intently at the scenery which is very beautiful in those parts especially the view of Bay City, the tide went down and left them upon the mud flats. Of course the canoe was too heavy to move, and then again, might be tipped over if any attempt were made to get out. Knowing this they waited for the tide to return, it did not come (as tides have a way of doing) until long after dark. As a result Johnnie is singing a new song "Stuck on Moonlight Bay", with Miss De Bar as accompanist.

There is a new question arising among the students now, a question of vital importance to the school and one that must be carefully dealt with or it will bring disaster in its train. This new danger that has come on, that is upheld by many of the students, is an attempt to make dancing a prime factor in the school's social activities.

We will not discuss dancing in any sense except that in which it effects school life, altho', if not always in its primary, invariably in its final effects, dancing is surely injurious in its moral, its mental and its physical results; this is true of mature men and women and how much greater must be the evil when an influence of this nature helps to mold and shape the characters in our school.

There is that in the motion and contact consequent to dancing, motion that brings the sensual rather than the spiritual uppermost; contact that outside of a dancing hall would be considered indecent, which should have no part in a clean effective education such (Continued on page 4)

Oregon to Exhibit At Chicago

Livestock Show at Portland Dec. 8-13; Umatilla Irrigation Project to Proceed; Experiment work Begins

Portland, Ore., Nov. 11 (Special)—C. C. Chapman, secretary of the Oregon Development League, who is to head the Oregon delegation at the United States Land Show at Chicago, November 20 to December 8, has gone east to install the exhibit. Oregon will occupy two booths in the Land Show and will also have lecture room privileges. From five to eight Oregon representatives will be in attendance at all times.

The exhibit will consist of agricultural products of every sort, contributed by commercial clubs in all parts of the state and is one of the most complete ever assembled in Oregon. All of the exhibits were shipped from Portland last Saturday in a special baggage car via the North Bank, Great Northern and Burlington roads.

On December 8-13 the Pacific International Livestock Exposition will be held at the Portland Union Stockyards and, although the opening date is still distant more than a full month, breeders from all parts of the United States and Canada are already sending in their fancy stock. Fifteen thousand dollars in cash premiums will be paid out at the close of the show, the largest sum ever offered at an exclusively livestock show on the Pacific Coast. Recent winnings of Pacific Coast cattle at the National Dairy Show at Chicago have induced breeders of the Middle West to make important entries in competition with Oregon breeders. James J. Hill who was sponsor for the original show, has been invited to be a guest of the exposition for at least one day.

In connection with the Livestock Exposition, William Tollman, of Baker, Oregon, president of the Oregon Cattle & Horse Breeders Association, announces a meeting of that organization in the assembly room of the Portland Public Library on Thursday evening, December 11, at 8 o'clock.

After long, weary months of uncertainty and delay, Secretary of the Interior Lane has finally and formally approved the first unit of the Umatilla Irrigation Project, set aside \$800,000 from the reclamation fund to defray the cost and directed the Reclamation Service to begin construction work as soon as possible. It is expected that work will be commenced not later than December 20 and that the first unit will be completed and 10,000 acres brought under irrigation within a year from that time. After a personal investigation last Summer, Secretary Lane is confident that the entire project will be a success, but thinks it good business policy to complete the first unit before undertaking further.

An effort is being put forth by the Oregon Agricultural College to assist a number of Oregon counties to qualify under the measure passed by the last Legislature providing that for every dollar appropriated by any county within a certain maximum limit, the state will provide a like sum to carry forward experiment station and demonstration farm work. J. L. Smith, a graduate of the Kansas Agricultural College and who has had several years experience in dairy farming, has been selected to head this class of work in Coos County and he will take up his duties there about November 15. Marion and Willowa counties have employed men in agricultural educational work the past year, supported by local funds.

ROAD WORK MUST BE LET BY CONTRACT

According to a law passed by the last legislature, says the McMinnville News-Reporter, the proceedings for road improvement will be considerably changed. Heretofore the county court has set apart the money to be used by the various road districts of the county and given each district a share. The new proposition will prove beneficial if contractors can be found to bid for the work.

The new law requires that the county court make specifications for improvements on roads, call for bids for doing the work, and then award the contracts. This practically takes all the work of improving the roads out of the hands of the road supervisor. This measure was house bill number 312, and is found on page 251 of the 1913 session laws.

Section 1 of the law says that at the first regular session of the county court of each and every year it shall determine the sum of money to be expended by each district within the county, and if the amount be \$1,000 or over, whether apportioned out of the general road fund or voted by any road district for permanent improvement during that year, the county court shall instruct the county surveyor or road master to prepare plans as to line, grade, drainage, and materials, and file them with an estimate of probable cost with the county clerk.

After the plans and specifications are filed the county clerk then advertises for sealed bids by publishing in newspaper. The bidder is required to deposit a certified check for 5 per cent of the bid.

The title of the measure gives the substance of the whole law, and is as follows:

"Requiring the county court of each county in the state of Oregon to apportion the amount of money to be expended in each road district within the said county for the improvement of county roads within the district; to require plans and specifications to be prepared for the improvement thereof; to advertise for sealed bids for the improvement to the lowest responsible bidder."

terday. Mrs. Reinschlaw; is an old resident of Tillamook county, formerly residing at Woods.

A joint meeting of the Cloverdale and Beaver lodges of Oddfellows and Rebekahs was held in the Cloverdale lodge rooms last Saturday evening. Over 100 members were present and listened to an address by Judge Galaway, of Salem, Deputy Grand Master. Refreshments were provided and the result was a pleasant and profitable meeting of Oddfellows and Rebekahs.

Mrs. S. H. Rock, of Oretown, arrived in Cloverdale Wednesday evening from a month's visit at Portland and other outside points. Mr. Rock went to Tillamook expecting to meet her there but missed seeing her, so remained over until today, after hearing of his wife's whereabouts. They returned to Oretown today. While here Mrs. Rock was the guest of Mrs. Webb.

CLOVERDALE NEWS

from Courier: Mrs. George Worthington was a Tillamook visitor Monday.

N. N. Kirby and wife were Tillamook visitors a few days this week. Mr. Webb made cheese for Kirby during his absence.

Isaac Ward, of Neakowin, returned home last Monday from his trip east, where he visited friends and his old home in Illinois.

W. S. Boatman met with an accident Monday, breaking one of the metatarsal bones of the right hand. Dr. George Webb treated the wound and Mr. Boatman expects to be able to look after the milking again in a short time.

Mr. and Mrs. B. Reinschlaw, of Warrenton, were in Cloverdale yesterday.

On Your Own Account

have you any money in the bank? A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
