Entire Citizens Ticket Elected.

No Opposition Whatever Was Put Forth Against Caucus Nominees Situation Unique.

The city election on Monday passed off without special event or excitement, there being no opposition whatever to the caucus nominees. The vote cast was a fairly good one considering the fact that no fight was being made. There were 141 votes cast of which F. R. Beals, the caucus nominee for mayor, received 138. Names were written in on some ballots and one was thrown out.

The circumstances surrounding the late election were rather unique in that the "drys" and the "wets" and nearly all factions that were formerly in opposition to one another, were lined up together with but one purpose in view and that purpose was to see that the ticket was elected.

The cause of the getting together of the different factions, as everyone knows, is the fight which the citizens are waging against the tyranny of the Warren Construction Co., and those who have supported that organization in the past. However we must say that at present no one among our citizens, except the editor of the Herald, seems to be supporting the Warren Construction Co. If they are they are keeping it very quiet indeed.

A. H. Gaylord was elected Treasurer and the councilmen elected were: John Kellison, 1st ward; G. A. Edmunds, 2nd ward; S. A. Broadhead, 3rd ward; M. McInerney, 4th ward; G. B. Lamb, 5th ward. J. G. Tolken was elected water commissioner from the 3rd ward.

Mayor-elect Beals goes into office with a good council and the best wishes of a host of friends who wish for him success in every way and especially in the fight against the Warren Construction Company.

COUNCIL MEETS

The city council met in regular session on Monday evening.

An ordinance in regard to the application of F. D. Small and D. C. Urie for electric light and power franchise was again laid on the table to be taken up at the next meeting.

An ordinance in regard to the application of the Tillamook Electric Light and Fuel Co., for a new light and power franchise was also laid on the table to be taken up at the next meeting.

A petition from each ward was presented to the council asking that a franchise be granted Messrs Small and Urie.

TEACHERS' EXAMINATIONS.

W. S. Buell.

TILLAMOOK HIGH SCHOOL NOTES

The High School has always played a football game on Thanksgiving Day, but this year the proposed game with the town fellows failed to materialize. It is interesting to note that almost invariably the School Boys have come off victors in the games with the town, and as Thanksgiving marks the end of the football season we should begin to turn our attention to basketball. There is good material in the school this year and two of the last years team are still with us, so the High School should be able to work out an excellent squad for basketball. Class teams should be organized as soon as possible and in this way the different candidates for the team will have a chance to show their ability and a great deal of practice will be obtained. There are enough girls in the school to make several girls' teams and it is safe to say, considering the showing the "Amazons" and "Suffragettes" made last year that a good five girls team could be secured.

The circumstances surrounding the late election were rather unique in that the "drys" and the "wets" and nearly all factions that were formerly in opposition to one another, were lined up together with but one purpose in view and that purpose was to see that the ticket was elected. The cause of the getting together of the different factions, as everyone knows, is the fight which the citizens are waging against the tyranny of the Warren Construction Co., and those who have supported that organization in the past. However we must say that at present no one among our citizens, except the editor of the Herald, seems to be supporting the Warren Construction Co. If they are they are keeping it very quiet indeed. A. H. Gaylord was elected Treasurer and the councilmen elected were: John Kellison, 1st ward; G. A. Edmunds, 2nd ward; S. A. Broadhead, 3rd ward; M. McInerney, 4th ward; G. B. Lamb, 5th ward. J. G. Tolken was elected water commissioner from the 3rd ward. Mayor-elect Beals goes into office with a good council and the best wishes of a host of friends who wish for him success in every way and especially in the fight against the Warren Construction Company.

The students were not surprised, but no doubt they were more or less disturbed when a few rules regarding conduct etc. were announced on last Wednesday morning by Prof. Buchanan. For instance, no communication without permission, this thing is so old that its effect was not felt in the fullest degree, for "familiarity breeds contempt," until the students realized that the very privilege of using their eyes was taken from them, since when the eyes of two people meet, even though they be total strangers, there is a conversation taking place as surely as if they were talking, although it is in more general terms.

Miss De Bar went to Portland Wednesday to spend Thanksgiving and as a result all English classes were excused for which from all appearances no one was particularly wrought up.

More debate material arrived last week and consequently the contestants for the debating teams are busy, or should be if they are not studying and taking notes for the remaining tryouts. The first debate will take place early in January so the teams should soon be at work for when we consider that two weeks for Christmas must be allowed, there is no surplus of time. The district question is properly stated, Resolved: "That the United States should maintain a large navy." It is not yet definitely known with whom the first debate will be but it probably lies between St. Johns and Gresham.

No more direct action has been taken in regard to the levy of a student body tax and the organization of a student body Club. This matter should not be allowed to rest here for it will be a great benefit to the school and for this reason it should be worked up and put into effect as soon as possible. With debate and basket ball coming on a Student Body Treasury well supplied with money, is in fair way to be of use. Other schools do this, we should do it, we do need it—now, therefore boost the enterprise along.

A span of mares, harness and wagon for sale or would trade on town property. See M. H. Callahan, Tillamook Feed Store.

Our Weekly Portland Letter

Oregon Exhibit Best at Chicago Last Show. "Oregon First and All Oregon" at 1915 Fair.

Portland, Ore., Dec. 2 (Special)—A telegram from Manager C. C. Chapman, in charge of the Oregon exhibit at Chicago, states that his section of the show is crowded at all times by farmers and others eager to secure first hand information regarding this state. The Oregon display is declared by competent judges to be by far the best at the show when quality, variety and effectiveness of staging are considered. Mr. Chapman and his assistants are kept busy all day and every evening in answering the vast number of inquiries showered upon them by people of every class. The demand for public talks and lectures on Oregon and the Pacific Northwest generally is almost too great to be satisfied.

"Oregon First and All Oregon" is suggested as the slogan of the Oregon Exposition commission in charge of arrangements for a display from this state at the San Francisco 1915. In addition to a building of Oregon wood, furnished with Oregon furniture, with a restaurant serving Oregon food and with sidewalks made of Oregon brick, it is now proposed that soil be taken from Oregon to completely re-surface the Oregon building site on the Exposition grounds, and to plant therein native Oregon flowers, shrubs and small trees. To secure the necessary material for such planting, it is suggested that an exhibit garden be established in Portland and school children all over the state be enlisted in the work of collection. The commission has been assured that space for such a garden would be provided, free, on the campus of Reed College. If but one specimen be received from each of the 2500 schools of the state a considerable tract of land will be required to care for them until they are shipped south for permanent planting.

Within the past few days canned and dried fruits valued at \$15,000 have been shipped from the Eugene Fruit Growers' cannery. The shipments included four carloads of apples returning an average of \$800 per car to the growers. The carloads sent to the East have been sold at more than \$2.00 per box, of which 50 cents is deducted for freight. Two carloads of prunes were also shipped, each car bringing about \$2,500 to the producers.

The Oregon Farmer, a publication of the State Immigration Commission is just off the press, and copies will be supplied free of charge to anyone interested. It is a careful resume of the agricultural situation in Oregon and contains a vast amount of valuable information for every farmer in the state.

NOTICE.

All who wish their pianos tuned and repaired, please phone to A. Lineback's piano store as his tuner, L. L. Woods, will be here for a short time. All work guaranteed. Mutual phone.

New Spanish Kitchen for sale. Enquire of Mrs. C. A. Cornforth.

FAIRVIEW GRANGE CELEBRATES THANKSGIVING DAY.

The Fairview Grange, No. 273, celebrated the 23rd anniversary of Thanksgiving in the Grange Hall, Thursday, Nov. 27th. Two long tables were bounteously spread and one hundred and fourteen persons were served. As the Grangers took their places at the tables they sang America. On being seated they were led in prayer by the Chaplain, Mr. Maynard.

As the meal progressed, a very interesting paper on How Thanksgiving Originated, was read by Mr. Walter Severance. Then beginning at the head of the table, and on down, each one in turn rose and gave his name, age, where from, how long in Tillamook, married or single, and how long in the Grange, which caused some merriment. After dinner the floor was cleared and recreative games were played. The first was a potato race by the young ladies, then by the young boys and also by the small boys. Then came the tug of war—the heavy set married women called forth the most laughing, but the men did the real tugging and excited no little interest. The guessing contest came next. All having to guess what a pumpkin shell contained, and was guessed by Walter Severance, Jr., the contents being popcorn.

After the games they talked over the plans for Christmas and decided to co-operate with the Fairview school.

M. E. PROGRESSORS HAVE PLEASANT TIME.

The members of the Progressor's Class of the Methodist Church gave a party at the home of Mr. and Mrs. Ernest Hering, east of town, Friday evening, Nov. 24th. In spite of the storm they had a good crowd, there being twenty-one present. Mr. Hering met them at the church and brought them to his home in a big covered wagon. During the evening some of the Grangers came in, thus making twenty-seven in all.

Many games were played, among them were Hunt the Ring, Consequences and Telegram, after which refreshments, consisting of home made candy, peanuts, apples and cookies were served. It was a late hour when the merry crowd went home, after having spent a very jolly evening.

Those present were Messrs V. Bane, A. Rodgers, D. Newman, E. Munson, S. Anderson, W. Severance, J. H. Dunstan, E. Herring and Rev. Weber. Misses Elsie Lamb, Stella Goyno, Mildred Hadley, Lillian, Ruth and Mildred Severance, Daisy Goodspeed, Mildred Ford, Crystal Dunstan, Georgia, Arabella, Lucy and Ruth Sowers, Myrtle Wallin and Mesdames S. Anderson, M. Dunstan and E. Herring, Mr. and Mrs. Herring unite in saying "Come again."

CASCARA BARK SHIPMENTS

A large quantity of cascara bark has been stored at the D. J. Frye warehouse waiting shipment. Sixteen tons will be sent by rail to Baltimore and twelve tons will be sent by water around the Horn to Hamburg, Germany.

Some 58,000 pounds of cascara bark has been bought of the ranchers in the vicinity of Blaine during the past few months, which has cost 80 cents per pound, including the cost of handling, etc., which means a total income to the county of \$3,480. This is not a great amount when taken in comparison with some of our other products, but it helps just the same.

On Your Own Account

Have you any money in the bank? A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
