NEWS FROM OUR NATIONAL CAPITAL

President Wilson Resents Army and Navy Burlesque on Philippine Policy.

Washington.—President Wilson formally withdrew his recent acceptance of honorary membership in the military order of the Carabao, composed of regulars and volunteer officers of the army and navy who served in the Philippine Islands in the four years succeeding the Spanish American war, and ordered an investigation of various satires and travesties on the administration's policy towards the Philippines as portrayed at a banquet of the Carabao in Washington last week.

Objection was raised, among other things, to one of the songs—"Damn, Damn, Damn the Insurrection." Offense was also given by the exhibition of three big models of battleships labeled, the "Fellowship," "Friendship," and "Piffle." A moving picture showing a three year pursuit of a Filipino rebel colonel, who was finally caught, only to be made governor of a province, also was criticised.

It was made plain by the president, through Garrison and Daniels, that while outsiders may satirize the administration as they please, those in its service, like army and navy officers, should refrain from ridiculing its policies, even though they do not support them.

Currency Bill Substitute Is Tabled.

Victory for the administration forces resulted in the first test of strength on the currency bill. The vote, 40 to 35, tabled a substitute offered by Senator Hitchcock, for section 2 of the administration bill, proposing a system of four regional banks with a possible increase to eight, the regional bank stock to be owned by the public.

The defeat of this amendment practically insured the adoption of the Owen plan, which provides for from eight to 12 regional banks, with the stock owned by the national banks that become members of the respective regional banks.

Postal Bank May Expand.

A bill to remove the limitation on the amount that may be accepted from depositors in the postal savings banks was passed by the house.

The measure would permit unlimited deposits, but \$1000 is fixed as the maximum on which interest will be paid. Under the present law the limit is \$10 in each calendar month, no account to exceed \$500, exclusive of accumulated interest.

May Impose Literacy Test

The house will soon be in the thick of its fight for immigration reform. The immigration committee probably will report a bill which would impose a literacy test, bar out foreigners ineligible to naturalization and not provided for by treaties, strengthen the inhibition against aliens who advocate the unlawful destruction of property and increase the head tax per immigrant to \$5.

The proposed literacy test will reopen debate on the feature which led President Taft to veto substantially the same bill last winter.

Non-Resident Law Asked.

Non-resident enlarged homesteads will be permitted in Oregon, Washington, California, Montana and several other western states, if congress passes a bill recently introduced by Representative Taylor, of Colorado. Under existing law, non-resident homesteads may be made in Utah and Idaho, but nowhere else.

The Taylor bill provides that the secretary of interior may designate for non-resident entry, under the enlarged homestead law, not to exceed 2,000,000 acres in each of the states named, when he finds that areas settled on do not have sufficient water supply for domestic purposes, such as would make continuous residence possible.

Entrymen who avail themselves of the non-residence homestead law, however, in making proof must show that they have cultivated one-sixteenth of the area of their entry beginning the second year, and one-eighth of the area for the third and successive years until final proof is made, and they must also reside within such distance of their land as to enable them to farm it personally.

ROB WALLACE, IDAHO, BANK

Burglars Open Safe and Get Away With \$17,000.

Wallace, Idaho.—Without leaving as much as a finger print as a clue, burglars robbed the local postoffice of a little more than \$17,000 and apparently made good their escape.

When the postmaster and clerks arrived in the morning nothing unusual was noticeable around the office. The safe being locked apparently the same as it had been left the night before. Postmaster Presley quickly noted the disappearance of the three registered packages and a hurried investigation followed, revealing the fact that they were missing and robbery had been committed. A thorough search of the office and all doors and windows did not reveal a single clue, as apparently they had not been molested.

Washington Express Tax Law Fails.

Olympia, Wash.—The state supreme court affirmed the decision of the Thurston county superior court, declaring unconstitutional the law passed in 1907 imposing a 5 per cent gross revenue tax on the state business done by express companies operating in Washington.

VILLA HOSTILE TO FOREIGN RESIDENTS

El Paso, Tex.—Americans, Germans and Spaniards, who arrived from Chihuahua, Mex., report that Francisco Villa, the rebel leader, virtually had constituted himself dictator there and that he refused to heed the requests of representatives of foreign governments.

They asserted that the rebel leader had seized \$5,000,000 worth of property belonging to foreigners; had put to death about twenty Mexican civilians, and had commanded the American, German and British consuls to obey rebel orders.

Villa seized a large department store valued at \$1,500,000 and owned by French, German, English and Spanish interests.

He also seized a brewery, a clothing factory and all the grocery and other stores owned by Spaniards, valued at \$3,500,000.

38 Men Perish in Mine Dust.

Newcastle, Colo.—Coal dust in a tunnel driven far back into a mountain blew up with a detonation like that of a thousand cannon; flame and smoke shot from the mouth of a mine; the whole mountain rocked as if by earthquake and 38 men, trapped by the blast, were dead.

Reuben D. Nevius Dies.

Tacoma.—Reuben D. Nevius, D. D., who founded more than 30 Episcopal churches in the Pacific Northwest, died in this city at the age of 86. He came to the coast 41 years ago and settled at Portland as rector of Trinity Church, later becoming general missionary for Oregon, Washington and Idaho.

State Will Claim Untouched Deposits

Olympia, Wash.—The state tax commission has announced a campaign to enforce, for the first time, the law enacted in 1905, providing for escheat to the state of all accounts in banks and other institutions receiving deposits, that have remained untouched for 10 years. That between \$50,000 and \$100,000 may be realized is the hope of the commission.

R. Y. Blalock was in the city Wednesday. On Sunday last he closed a revival service at the Cloverdale Baptist Church with 16 baptisms. The meetings were very interesting and much good was done. Elder J. H. Miller of The Dalles assisted and delivered some very interesting sermons.

INDIAN HELD AS BURGLAR

Series of Robberies Alleged to Have Been Committed in Portland.

Portland.—Richard Mills, a Carlisle Indian school graduate, one-fourth Sioux, and the owner of a 640-acre farm in Nebraska, was arrested here for the alleged robbery of five houses. These are about one-half the house burglaries in Portland since Mills came here, December 9.

Mills, the police charge, is financially well fixed, but steals for the love of the game. He has served a year in Deer Lodge, Mont., for burglary, it is alleged, and, it is also alleged, that he served some time in the Washington state penitentiary in Walla Walla for the same offense.

Walla Walla, Wash.—Fruitmen of the state who held their annual convention in Walla Walla commencing Wednesday, heard one of the most important programs ever prepared for the organization, leading fruitmen say.

Talks covered every phase of agricultural and horticultural work.

WORK PLANNED FOR IDLE OREGON MEN

Salem, Or.—Governor West called a meeting of the state emergency board for Thursday morning, at which he suggested that a deficiency of \$50,000 be created to give employment on public roads for the next two months to men now out of work. He figures that the money will provide employment for 500 men at \$2 a day and that the work will be of advantage to the state by hastening improvement of thoroughfares.

The decision to call the meeting was reached by the governor after C. C. McCulloch, state senator, Mr. West's representative at the meeting of the unemployed in Portland, had made his report. Senator McCulloch said that the meeting was orderly and he was convinced that the men actually desired work. The governor said if the proposed road work is undertaken it would have to be done in the regular way through the state highway commission.

New North Bank Road President.

Private Salmon Hatchery Operated.

The Dalles.—F. A. Seufert, Sr., of the Seufert Brothers' cannery, has installed a salmon hatchery which is being used in restocking the Columbia River. The canneryman has constructed a dam across Fifteen Mile creek, which flows into the Columbia near the big cannery. The dam makes a large pond where the hatching is done. The plant now is turning out from 100,000 to 200,000 fry each day, the variation being caused by the difference in climatic conditions.

Would Oust Mayor and Officials.

Baker.—The state of Oregon through District Attorney Godwin, has brought suit against all municipal officials of the town of Cornucopia, Baker county, including Mayor Robinson, members of the council, recorder, treasurer and marshal, seeking to have them removed from office, alleging that irregularities in charter election, makes it invalid and illegal. It holds that incumbents illegally usurped offices and asks court to oust them.
